New York State Political Parties 2019–2022

This booklet contains, in alphabetical order, the eight political parties listed on the New York State voter registration form:

- ▶ **Conservative Party**
- ▶ **Democratic Party**
- ▶ **Green Party**
- ▶ **Independence Party**
- ▶ **Libertarian Party**
- ▶ **Republican Party**
- ▶ **Serve America Movement**
- ▶ **Working Families Party**

These parties have permanent positions on the NY ballot because they attained the 50,000 vote threshold to retain a permanent ballot line.

Each of these parties may have primary elections in which those enrolled in the party may vote. The registration form permits registrants to write in a party in which they want to enroll, other than those listed. Registrants may also choose not to enroll in any party.

If you would like more information about the parties, registration, or your rights as a voter, contact your local Board of Elections or visit the League of Women Voters of the City of New York's website: lwnyc.org.

All descriptions are provided by each individual party.

Conservative Party

▶ Chairperson: Michael R. Long

▶ 486 78th Street
Brooklyn, NY 11209
(718) 921-2158

“Since 1962, the Conservative Party has been the voice of the conservative movement in New York State. Votes on the Conservative Party line have provided the margin of victory for statewide, congressional, and local races. After decades of fighting soaring taxes and liberal social experiments, the Conservative Party stands at the forefront of a revolution in government. Only by cutting taxes on families and businesses, turning public services over to the private sector, ending welfare to those who refuse to work, respecting traditional family values, and limiting the terms of politicians will Conservatives benefit the forgotten middle class.”

Democratic Party

▶ nydems.org

▶ Committee chairperson:
Sheila Comar

▶ 420 Lexington Avenue, Suite 845
New York, NY 10170
(212) 725-8825

“The Democratic Party today continues to offer New Yorkers and Americans across our nation hope and opportunity. Democrats understand the value of hard work, education, and opportunity. That’s why every single day, across New York State and in Washington, D.C., Democrats are working hard to bring more people into the economic mainstream, to improve our public schools, to protect our homeland, to make health care accessible, and to keep our air and water clean.”

Green Party

▶ gpony.org

▶ info@gpony.org

“The Green Party is committed to ecology, social justice, grassroots democracy, and nonviolence; Greens are renewing democracy in the United States through community-based organizing without the help of corporate donors. Greens provide real solutions for real problems. Whether the issue is universal healthcare, corporate globalization, alternative energy, election reform or decent, living wages for workers, Greens have the courage and independence necessary to take on the powerful corporate interests opposed to reform.”

Independence Party

▶ ipnyc.org

▶ 225 Broadway, #2010
New York, NY 10007
(212) 962-1699

▶ info@ipnyc.org

“The Independence Party promoted the position that candidates and elected officials should be free to tell the voters what their views are, without dictates from political party bosses, special interest groups, and restrictive party platforms. We stand for honest dialogue with the American People and an end to empty political posturing and rhetoric that has long been fortified by the media, in collusion with the two party system.”

Libertarian Party

▶ 1444 Duke Street
Alexandria, VA 22314
(800) ELECT-US

▶ info@lp.org

“We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

“We hold that all individuals have the right to exercise solid dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

“Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant the government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

“We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual, namely (1) the right to life — accordingly, we support the prohibition of the initiation of physical force against others; (2) the right to liberty of speech and action — accordingly we oppose all attempts by government to abridge the freedom of speech and the press, as well as government censorship in any form; and (3) the right to property — accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

“Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.”

Republican Party

▶ nygop.org
facebook.com/NewYorkGOP

▶ 315 State Street
Albany, NY 12210
(518) 462-2601

▶ frontdesk@nygop.org

“New York Republicans believe that in order for people to be truly free and prosperous, government must be limited. Our candidates and elected officials work tirelessly to defend the rights of every taxpayer against uncontrolled government spending, which is inhibiting the promise of our great state. We are the party of the small business owner, the school choice advocate, start-up entrepreneurs, trade union members, and international companies we need to keep our state strong. We know that cutting taxes, cutting spending and reducing regulations are the only ways to grow our economy and provide equal opportunity for all New Yorkers.”

Serve America Movement

▶ joinsam.org

▶ info@joinsam.org

“We are dedicated to building a new political party for a new American majority from the ground up. We will be an alternative to the two entrenched parties both of whom place partisan purity and tribal allegiance before service to the American people. We formed the Serve America Movement in 2016. We will move as quickly as possible to achieve ballot access, build grassroots support and advocate for voter and election reform in all states and territories. We plan to be ready to participate in the 2020 presidential election. This is a moonshot. There are no short cuts, no easy days. We are determined to bring together Americans across the country, in all cities, states and communities to build a new majority for the 21st century.”

Working Families Party

▶ workingfamilies.org
facebook.com/WorkingFamilies

▶ 1 MetroTech Center North, 11th Floor
Brooklyn, NY 11217
(718) 222-3796

▶ wfp@workingfamiliesparty.org

“Working Families is New York’s progressive political party. The Working Families Party is focused on tackling the political, economic and educational inequality that deprive working and middle class families of opportunity. Our vision is to build a New York that is fair for all of us, not just the wealthy and well-connected. We’re known for our legislative fights on issues that cut to the core of New Yorkers’ concerns today — raising the minimum wage and guaranteeing paid sick days, fighting the influence of big money over politics, and defending quality public schools.”
