▾ Absentee Ballot Process

Texas

To qualify for an absentee ballot, you must be:

- Absent from your county of residence on Election Day and during the early voting period
- Sick or have a disability that prevents you from voting in person without assistance
- 65 or older
- Confined to jail serving a misdemeanor sentence; or confined to jail without bail pending trial for a felony or appeal of a felony conviction

You must request an application for ballot by mail (ABBM) from an early voting clerk in the county where you are registered, or from the secretary of state's office. Once received, read the instructions carefully, complete the ABBM form and return to the early voting clerk in your county by mail, common carrier or fax. The application must be received by the early voting clerk between the 60th day and the seventh day before an election (or the last business day before the seventh day if it falls on a weekend or a holiday.)

The Early Voting Clerk must receive your marked ballot by 7pm on Election Day or by the 5th day after Election Day if your ballot is submitted from outside the US.

Overseas citizens and U.S. military personnel can find information on how to register to vote and request an absentee ballot at the Overseas Vote Foundation.

Invitation to Participate

Dear #candidate_name(),

The League of Women Voters of Collin County invites you to **enter your responses at the link below by January 18 for our Voters Guides**.

About Voters Guides: LWV never supports or opposes any candidate or political party, and voters rely on our guides for unbiased information about candidates' qualifications and positions. We invite all candidates to participate, whether or not their races are contested. We pose questions in VOTE411, and you can post your replies in your own words. Voters gain a clearer impression of who you are and how you would address the important issues, and then compare your positions with those of your fellow candidates. In addition to VOTE411, we will include your responses in our printable online Voters Guides at www.lwvcollin.org. Late responses will still be included in VOTE411. Your responses and contact information will be available to voters throughout the world 24/7 through an interactive, community specific online Voters Guide at www.VOTE411.org and may be distributed through other League sanctioned print or online Voters Guides.

About responses: Our response fields have a limit of 600 characters each including spaces (approximately 100 words). Education and Experience fields have a limit of 250 characters each. Please provide direct, relevant responses to the questions asked. Do not refer to opponents. Such a reference will result in the deletion of your entire response to the question. Instead "Response does not meet criteria" will be printed. These fields are also available: campaign website, telephone, email, Facebook, and YouTube. Please upload a photo of yourself (preferably a head shot, JPG file less than 2 MB). Generally it is helpful to compose your answers beforehand and then copy-and-paste them into the form. If you are unable to post your responses directly, then you may email your responses and photo to me, and I will copy-and-paste them for you.

We would like your answers to the following questions:
#question_list()

2270

[Save]   [Cancel]

You can use the following macros in the body of an email of type Invitation:

#question_list()
    Displays the questions for the candidate's race.

#candidate_name()
    Displays the candidate's full name.

Questions:
Q: *Education: What changes, if any, should be made to public education financing in Texas?*
A: Let's ensure our schools are run effectively and funded adequately. Starving public education out of existence as the State Legislature tried in 2011 by slashing $5.4 billion of funding does not work; it resulted in overcrowded classrooms, reduced opportunities, and loss of qualified teachers. Privatizing education is also not an option. Our children are not commodities, they should not have to compete with the profit motivations of corporations. School districts should be allowed to participate in deciding how they are funded, and end the challenges in the State Supreme Court.
