### TED DISCUSSION - PRISON JUSTICE

- **Thurs Oct 12, 6:30-8pm - Newark Senior Center, classroom 1 - Bryan Stevenson / Social Justice**

Bryan Stevenson is a public-interest lawyer who has dedicated his career to helping the poor, the incarcerated and the condemned. He's the founder and executive director of the Equal Justice Initiative, an Alabama-based group that has won major legal challenges eliminating excessive and unfair sentencing, exonerating innocent prisoners on death row, confronting abuse of the incarcerated and the mentally ill and aiding children prosecuted as adults.

### ***"EVERYTHING YOU THINK YOU KNOW ABOUT ADDICTION IS WRONG,"***

- **Wed. Oct 25, 6:30-8pm - Newark Natural Foods, small meeting room - Johann Hari / Addiction**
- **Sat. Oct 28, 11:00 am-12:30pm - Appoquinimink Library, library meeting room - Johann Hari / Addiction**

The League of Women Voters of New Castle County (LWVNCC) will host a viewing of Johann Hari's 2015 TED talk, "*Everything you think you know about addiction is wrong*," followed by an informal discussion on drug addiction and treatment.

What really causes addiction -- to everything from cocaine to smart-phones? And how can we overcome it? Johann Hari has seen our current methods fail firsthand, as he has watched loved ones struggle to manage their addictions. He started to wonder why we treat addicts the way we do -- and if there might be a better way. As he shares in this deeply personal talk, his questions took him around the world, and unearthed some surprising and hopeful ways of thinking about an age-old problem.

Discussion handouts will provide information on related resources, including local community groups that are working on these issues, and related bills that are currently before the Delaware General Assembly

**Get your TED on with LWVNCC! These events are free and open to the public.**

## PRESIDENT'S MESSAGE

I just returned from a wonderful hiking trip to the four corners area—so many beautiful and different national parks –and I expected to return the end of Sept. to fall in the East. Instead, I arrived to sweltering summer! What a crazy season we have had! Speaking of seasons, it is the season of membership renewal. Thank you to all of you have joined, rejoined, paid your dues, and/or made donations. As you may know, we are quite dependent on membership dues and donations to fund our activities, so if you have not yet joined, or rejoined, please send in your membership form and your dues. A follow-up letter

will be coming out soon, but you can save us all the postage if you go ahead and send in your membership by mail or online.

We are also looking to add fundraisers to our activities to help bolster our budget, so please let Letty or me know if you have ideas or would like to implement or work on any fundraisers.

We have been trying some new things this fall with the addition of Tuesday night Hot Topics groups to meet the needs of working people. And in October there will be numerous gatherings in the Newark, Bear, and Middletown areas to hear and discuss a variety of TED talks related to the League's mission. We hope you will come out for these sessions and stay informed and up to date.

Thank you to all members who are working on various committees to effect policies that will take our country forward toward justice and sustainability. It only takes one person to make a difference, and each of you in the League is making a difference in your own way. Keep up the good work!

*Marj Johnson*

## MEMBERSHIP UPDATE

**REMINDER:** If you have received a letter in the mail, it is that time of year to renew your membership in the LWV. Whether you are active, or not, we need your financial support. The membership fee is shared with the LWVUS \$32.00, LWVDE, \$11.00, which leaves \$8.00 to fund your local League out of the \$51.00 it collects. The LWVNCC pays for part of the rent, office insurance, Internet, copier and printer costs, as well as all its programming and one part-time staff. We depend on donations either to the LWV Education Fund (NCC account) and your donations to the LWVNCC above the dues rate.

## SEPTEMBER HOT TOPIC

We thank Michelle Lauer for giving a fascinating talk on "Trauma/adverse childhood events and the impact on substance use disorders" at our September Hot Topic Lunch and also presenting the following night at Michaels's Restaurant.

**Lauer is a psychiatric nurse who is currently pursuing a post-Master's degree as a Psychiatric Mental Health Nurse Practitioner.** She discussed the ACE Study and what Delaware is doing to address trauma when working with people of all ages.

*(Continued on page 5 Sept. Hot Topic)*

(Continued from page 4 Sept. Hot Topic)

Trauma comes in many forms and does not discriminate. According to a landmark study, known as the ACE Study, or adverse childhood events, trauma affects the brain development of children, the immune system, hormonal systems and even the way our DNA is read and transcribed. People exposed to high 'doses' of trauma have triple the lifetime risk of heart disease and lung cancer and a 20-year difference in life expectancy.
