## Annual Meeting May 27, 2020 — Join Us from Your Couch

We can't serve you a potluck dinner like last year, but the CDC-LWV needs you to attend the 2020 annual meeting so we can have a quorum to elect new officers, adopt a budget and begin planning for when we come out of the coronavirus crisis. We plan to be ready to register new voters for the presidential election in the fall.

The meeting is at 7 p.m., May 27, via Zoom from a sofa or desk convenient to you. The board knows some of you are not especially technologically proficient, but it will be easy to participate. Here's how.

First, [click here to register](#) and fill in your name, email and telephone number and click on submit. Shortly, all registrants will receive an email with a link to join the meeting. Choose the device that you wish to use — laptop or desktop, tablet or phone and do the following:

1. Before the meeting, go to your app store for the device

you plan to use and download the Zoom app. You can do this at any time. You may also download it when you join the meeting but that will add additional time and steps before you get into the meeting.

2. At the start time, click on the link in your email and follow the instructions to join.
3. You may join by telephone (audio only). To do that, dial the telephone number included in the invitation and input the meeting ID number in the invitation.
4. It is recommended that you print out the PDF of the annual meeting booklet beforehand so you can follow along with the meeting agenda. You will receive the booklet as a PDF ahead of time in a Constant Contact email and will get a hard copy in the fall.

If you have a problem downloading the app or joining the meeting, call Anne Mosakowski at 610-558-4924 for help or email her at [amosakowski@gmail.com](mailto:amosakowski@gmail.com).

## Virtual Hot Topic Meeting May 15 — Public Health Department

LWV-CDC has advocated for decades that Delaware County operate its own health department in order to address the unmet needs in maternal and child health, infectious disease, smoking cessation and addiction treatment. This issue is now ever more urgent and compelling in light of the coronavirus pandemic.

Join us at noon, May 15, to hear our longtime member, Rosemarie Halt, an MPH and pharmacist, and currently the county's Covid-19 coordinator. Rosemarie has been on the forefront of the League's work to advo-

cate for a professionally staffed county health department for many years. Rosemarie will discuss what the county is doing to address current and future public health emergencies. Participate in the Zoom conference to learn about the current status of this project.

This too will be a virtual meeting on Zoom. To register [click here](#). You will receive an email invitation and join the meeting in the same way described above. Visit [this page](#) on our website for information about the need for a health department.

# President's Message

Since the outbreak of the coronavirus in Delaware County, we have seen our local government respond to this crisis by prioritizing public health. This crisis has been a test of our local leadership and has highlighted the fact that we depend on their sound decision making, guidance and messaging to keep us safe. It also has shown that a pandemic is essentially a local issue and that County government better understands our community vs. state and national government hundreds of miles away.

With a population of more than 560,000 in the County, we live in one of the largest counties in the country without its own public health department. LWV-CDC has advocated for decades that Delaware County operate its own health department because of population density and unmet healthcare needs. This issue took on momentum, when in the fall 2019, County Council began working closely with community stakeholders and LWV-CDC to form a modern, locally based and nimble health department.

When the coronavirus hit in March, it became critical to respond to health emergency, communication and investigative needs. Chester and Delaware Counties have now entered into an intergovernmental cooperation agreement. This partnership has demonstrated remarkable leadership and impressive coordination with community groups, health care networks and hospitals.

Important new Pennsylvania election law improvements provide voter safety and greater efficiency with no excuse mail-in ballots. LWV-CDC highly supports voting by mail in ballot to provide voter convenience, easier access, and potentially shorter lines at the polls. It may also minimize the problems that may be caused by a shortage of poll workers and fewer polling place locations due to the pandemic. The primary has been rescheduled from April 28 to June 2. The deadline for your mail-in ballot application is 5 p.m. on May 26. For your vote to count, the election board must receive your ballot by 8 p.m. on June 2.

Our Annual Meeting, on Wednesday, May 27, at 7 p.m., will be held virtually via a Zoom Video Conference. We will be electing a president, 1st. vice-president, secretary, and four directors to the Board for the next two years. We will also adopt our 2020-2021 Budget and local program for the upcoming year. Upon registration, a link to the Zoom conference and a PDF of the annual meeting booklet will be sent to you. We look forward to your participation so we may have a quorum to conduct business.

I hope you are all staying safe and healthy and it won't be long until we can convene together again.

# Nominations for 2020-2022 CDC-LWV Board

The LWV-CDC Nominating Committee is pleased to present a slate to elect several new officers and board members for 2020-2022 LWV-CDC term.

Barbara Amstutz will run for 2020-2021 term for president. Anne Mosakowski will run as a "president elect" and serve as a 1st vice president during 2020-2021 term and later serve as the President in 2021-2022. Anne can consider running for a second two-year presidential term 2022-2024. The rationale for this slate is that Anne needs to fulfill prior leadership commitments with another non-profit and would like to assume the role of president for LWV-CDC in 2021. Therefore, the Nominating Committee is splitting Barbara's second term until Anne assumes the President's role. Typically, a President has a two-year term.

Denyse McCurdy will run for a full term as secretary. Denyse completed the last year of a two-year term

for secretary in order to fill a vacancy and will now run for a new two-year term.

## Vote by Mail (and Tell Your Friends)

The Pennsylvania Primary Election has been pushed back to June 2, but you may be reluctant to go to the polls or work at the polls even then.

The good news is, you and everyone else can vote by mail, no excuses needed. Go to [votespa.com](https://votespa.com) and navigate to the page on mail-in and absentee ballots.

Have your driver's license or PA ID card handy and you can complete the application right there on line. If you have neither, you can print out the form, fill it out and mail it in. You will have to add the last four digits of your Social Security number and photocopy another form of ID to include.

Be sure and answer "no" to the three questions you will be asked on the form. If you answer "yes" to any of them, you must apply for an absentee ballot instead, but the two

processes are the same in all other respects.

You can also get the forms on the [Delaware County Election Bureau](https://www.delawarecountyelectionbureau.com) site.

The deadline for applying for mail-in and absentee ballots is May 26, but DON'T WAIT. Do it now! If you apply online, you will receive an email telling you when your application has been processed. Once that happens, you can track your ballot on [votespa.com](https://votespa.com).

The deadline for submitting your ballot is 8 p.m. election night, but again, don't wait to send your ballot back. Fill it out and send it in the pre-postmarked envelope as soon as you get it.

Election Bureau employees are swamped and are working day and night to make this election go as smoothly as possible.
