Ask the Governor to Sign Two Bills - One to Protect Immigrants and the Other to Remove the Onerous Aspects of the "Zuckerbucks Bill"

We have two opportunities for you to contact Governor Spanberger to pass - by either signing the bills or not vetoing them in the next thirty days - two important pieces of legislation.

First, Del. Paul Krizek sponsored legislation important to the League which would loosen the stranglehold on the so-called "Zuckerbucks Bill." This bill has ended our ability to thank election workers and has also been interpreted to hinder nonpartisan voter registration in some areas. His bill, HB 639, would only limit goods and services provided if they were over $1000 and limit the draconian impact of the original bill. The Governor added some amendments which would have required the Dept. of Elections to interpret the bill and promulgate regulations. The General Assembly rejected these amendments and sent the bill back to the Governor.

There is the possibility that the Governor can veto the bill and keep all of the negative aspects of "Zuckerbuck's" in play.

Please write her to allow this bill to become law by using this link.

==========

Also! THANKS TO everyone who contacted their members of the General Assembly to defeat the Governor's changes to HB650/SB351. The General Assembly did return those bills back to the Governor and did not pass her changes. However, again, there is still a danger that she can veto the bills.

The Governor's amendments would have gutted stronger protections from ICE at courthouses, hospitals and polling places.

We need you to write her to allow these bills to become law.

Use this link to ask her to pass this bill.

As always, you are writing as an individual, not a member of LWV.

Thank you
