

LEAGUE OF WOMEN VOTERS® OF NEW CASTLE

Final 2024-2025 PROGRAM

The League of Women Voters has local, county, state, and national positions, which are the basis for League action. National, state, and county positions can be found through links on our website. LWVNC supports these county, state, and national League positions, member time and interest permitting, which may include monitoring, studying, and public education..

Our local program is a listing of issues that LWVNC intends to take action on this year. Included below each issue is an “Outlook For Work” identifying specific actions for that issue. These lists are intended to serve as a roadmap for the year, but should not be considered exhaustive. The LWVNC Program is aspirational and subject to the capacity of the organization; none of the action items are mandatory.

The LWVNC is committed to the principles of Diversity, Equity, and Inclusion (DEI). We commit to evaluating all activities with a DEI “lens”, meaning with regard to how that event or process is perceived by a variety of communities, voices, and perspectives. We will look for, and strive to eliminate, the presence of barriers that prevent the project/event/policy from being equitable or inclusive of everyone.
