CLIMATE CHANGE SCIENCE & POLICY

*with Dr. Carl Zipper, VT Professor Emeritus of
Environmental Science*

**APRIL 1, 2025, 5PM @ BULL & BONES
FIRST & MAIN, BLACKSBURG, VA**

How can we know that humans are the major cause of the rapidly changing climate? And what are its consequences?

What policies have been applied successfully to other environmental problems and could be adapted to address climate change?

Join us

APRIL 1 @ 5PM
