

**HOUSE PRIVILEGES AND ELECTIONS COMMITTEE
JANUARY 23, 2026**

HB 781- Constitutional amendment; fundamental right to reproductive freedom(submitting to qualified voters).

The LWV of VA supports HB781. We support the proposed Constitutional Amendment for Reproductive Freedom and believe that the ballot question language as outlined in HB781 provides a clear description of the amendment. The language describes the major aspects of the Constitutional Amendment – the range of reproductive health care covered in the bill, the protections for patients and providers as well as third trimester restrictions. This ballot question will assist voters in the November election in making an informed decision when casting their vote on the Constitutional Amendment for Reproductive Freedom.

We urge you to support passage of HB781.
