Almost six times as many voters voted by mail in recent elections compared to two years ago. A Sunshine Law request of local election authorities found that many ballots for the June 2 municipal elections were rejected. This prompted an offer to help the St. Louis County Election Board. In the week before the Aug. 4 primary, League members called hundreds of county voters whose absentee ballot requests were rejected to inform them of options to vote in person.

During this pandemic, the League has to do more than ever before to educate confused voters. We’ve added a Voter Education Center to our web site at lwvstl.org. It includes video on how to register to vote, request an absentee ballot, use VOTE411, and a PSA on reasons to vote. We also prepared more than 2,500 voter registration packets to give the Urban League, Circle of Concern and other food distribution centers.

Members Jennifer Lohman and Sharyon Tyuse were panelists for an excellent virtual town hall with the YWCA: “Your Voice, Your Vote, Your Future” that had 1,650 participants. We’re also working with Gabe Fleisher on ways to educate young people about citizenship. The Metro League sponsors his Wake Up to Politics podcast on St. Louis Public Radio, including an Aug. 5 panel on the youth vote.

So far in 2020, we’ve sent more than 20,000 emails and text messages to remind people to vote. We loaned no-contact thermometers to the A. Phillip Randolph Institute to allow them to safely continue their rides-to-the-polls program.

We cosponsored three “United We Vote” candidate forums with graduate chapters of Alpha Kappa Alpha Sorority (Gamma Omega and Omicron Theta Omega), the St. Louis Alumnae Chapter of Delta Sigma Theta Sorority and Westside Community Baptist Church. They were moderated by radio host Isis Jones with each viewed by more than 2,100 voters on Facebook Live.

Kathleen Farrell and many other League members volunteered with Election Protection.

The St. Louis Post-Dispatch published the Voter’s Guide for the primary on July 23. We distributed 5,000 extra copies even with many of our normal distribution sites closed. We hope to have the online guide, VOTE411.org, up in early October.
PRESIDENT’S MESSAGE

It seems impossible that it is already August and we have survived two elections during the pandemic!

A huge thank you to everyone who picked up a Yes on 2 yard sign in the office or worked to pass Medicaid Expansion. The 53 percent was a bit too close for comfort, but in spite of the recent negative, misleading comments by the opposition, the caring people of Missouri prevailed. Now the challenge will be keeping an eye on the legislature to make sure it is implemented in 2021.

During the week preceding the election, members of the League sorted through hundreds of still untouched in their envelopes - to find those rejected for no signature, no address or address box checked, or no notary seal if one was required. We then looked up phone numbers and called these individuals, informing them that they could come to the Board of Elections in St. Ann or any of the county’s four satellite polling locations to correct their ballot or spoil it to vote on a new one. Many thanks to the 29 League members who volunteered. At least 100 voters corrected their ballots at the drive-by site in St. Ann.

During the sheltering, spacing and masking requirements of this time, the League has still been educating the public and defending democracy. Since March 1, we’ve given 23 Speaker Bureau presentations, mostly on Zoom, on a variety of topics. We moderated seven candidate forums. Managing and maneuvering the Zoom meetings and webinar have been a challenge. Looking forward, we’ll be adding more radio spots and digital billboards to educate the public. LWVUS is actively involved in supporting state and local leagues in redistricting battles, which for us is defeating the (un)clean Amendment #3.

The League position of “Yes on 2” and “No on 3” brings up the question about whether or not there’s an Amendment 1. For your information, the legislature put Amendment #1 on the Nov. 3 ballot to set term limits for state officials. A “yes” vote supports this constitutional amendment to limit the lieutenant governor, secretary of state, state auditor and attorney general to two terms. A “no” vote opposes this constitutional amendment, thereby keeping the two-term limit on the governor and state treasurer but not other state executive offices.

This month many of our committees are meeting and several are re-examining their Diversity, Equity and Inclusion (DEI) priorities following the Racial Justice Resolution adopted at LWVUS Convention in June. We hope to have several different groups target specific areas of this issue.

We are looking forward to the events planned on August 26 when we celebrate Women’s Suffrage Day and the 100th Anniversary of the 19th Amendment. Many organizations and businesses are celebrating the 100th with special displays and events.

We know that everyone is anxious to return to pre-COVID methods for voter registrations, meetings and presentations after there’s a vaccine. We appreciate everyone’s flexibility and willingness to help. Stay safe and remember to mask up.

NEW LWVUS POSITION: TRANSFER OF FEDERAL PUBLIC LANDS

The New Mexico League of Women Voters’ Transfer of Federal Public Lands position was adopted through concurrence at the LWVUS virtual Convention held June 25 - 27. The concurrence process is designed to allow positions developed through state and local League studies to be adopted by Leagues at any level without duplicating time- and resource-heavy studies. Adoption through concurrence at the LWVUS convention allows any state or local League to advocate on this issue immediately. The position states:

The League believes that federal public lands should benefit all Americans. The lands should remain under the jurisdiction of the federal government and be managed according to the Multiple-Use Sustained-Yield policy. We support improvements in management and regulation.

Federal law allows for the sale or exchange of federal lands if it is in the public interest. Prior to any transfer, a comprehensive assessment that covers the following issues should be performed:

1. Environmental analysis, including air and water quality, biodiversity, endangered and threatened species
2. Health impact
3. Environmental justice
4. Suitability of proposed land use
5. Subsurface resources
6. Financial/economic impacts
7. Cultural resources
8. Public access
9. Management for fire and other natural disasters
10. Tribal consultation

The League is opposed to the sale of federal lands to private entities except for small tracts surrounded by nonfederal lands.

The League is opposed to the transfer of subsurface rights to the state or other entities. Any development of subsurface rights on federal land should benefit all Americans.

America’s Public lands (615.3 million acres) are managed by agencies such as the Bureau of Land Management (BLM), Fish and Wildlife Service (FWS), National Park Service (NPS) in the Department of the Interior (DOI), Forest Service (FS) in the Department of Agriculture, and the Department of Defense (DOD) (excluding the U.S. Army Corps of Engineers). Millions of Americans use these lands to spend time with their families, graze their animals, and enjoy the great outdoors. Federal oversight conserves and protects animals, plants, lands, and resources, while making them available for public use.

Last summer if this position had been available, we could have used it to strengthen our opposition to the sale of property next to the Katy Trail to a private developer in St Charles. This was federal land used for WWII weapons development that was transferred to Missouri for use by the University of Missouri and for recreation.

ENVIRONMENTAL TIP OF THE MONTH

Put on a mask and save someone’s life. Change your behavior now and reap the benefits later.
**VOTING RIGHTS ADVANCEMENT ACT**

The Voting Rights Advancement Act (HR 4) restores the full protections of the original, bipartisan Voting Rights Act of 1965. The VRA was last reauthorized by Congress in 2006, but gutted by the Supreme Court in 2013’s *Shelby v Holder* decision.

HR 4 was passed by the House of Representatives and received by the Senate in December 2019. It is pending in the Senate Judiciary Committee.

*The right to vote is one of the most significant freedoms we enjoy as a representative democracy.*

Please write, text and/or call Senator Josh Hawley, who is a member of this committee,. Ask him to work to bring our nation into greater alignment with its founding principles by bringing this Act onto the Senate floor for a vote.

—Joan Hubbard, Chairman Early Voting Committee

---

**NEED FOR MORE ELECTION FUNDING**

The HEROES Act approved by the U.S. House includes provisions to allocate $3.6 billion to expand vote-by-mail options, extend in-person early voting, ensure safe, accessible polling places, expand online and same-day registration and educate voters about their voting options for the November 2020 election.

Missouri Senator Roy Blunt invited Rick Stream, Republican Director of Elections for St. Louis County, to testify in a Senate Rules & Administration Committee hearing on July 22. Stream said, “Because of the rapidly changing circumstances and our desire to communicate those changes to our voters, we are incurring unprecedented costs.”

Encourage Senator Blunt to provide additional federal aid for state and local governments to make sure the Nov. 3 election is safe and secure.
CELEBRATE THE VOTE

Many public suffrage celebrations had to be cancelled due to COVID-19, but the League’s centennial committee has come up with several innovative ways to mark the 100th Anniversary of the 19th Amendment.

- The St. Louis Wheel agreed to our request to use purple, gold and white lights (suffrage colors) on August 26. The “Forward into Light” Campaign arranged special lighting for the Statue of Liberty and Golden Gate Bridge.

- The Missouri Botanical Garden will designate a yellow rose in the Gladney Rose Garden near the entrance as the “Suffrage Rose.”

- Members who belong to a church with a bell should ask if the bells could ring at noon in honor of women voters.

- Contact the office if you’re interested in being part of a media event on Aug. 26.

TO FINISH THE FIGHT

On Sunday, Sept. 13, at 7 pm, former LWVUS President Carolyn Jefferson-Jenkins will speak about her book, The Untold Story of Women of Color in the League of Women Voters. Watch for a link to register for this webinar. This event was originally scheduled for May 3 at the Missouri History Museum.

There may be special docent tours of the museum’s Beyond the Ballot exhibit for up to 50 members of the League’s Hundredth Anniversary Hundred Dollar Club.

The museum’s new Beyond the Ballot exhibit features a large mural of a voter registration rally at the Old Courthouse that was held on Sept. 13, 1919, to register women to vote for the first time.

See more exhibit photos on Page 6.

BEYOND THE BALLOT EXHIBIT OPEN AT MISSOURI HISTORY MUSEUM

Exhibit Manager Katie Moon focused on exploring women’s unique roles in St. Louis history. The second half of the exhibit traces the long history of the fight for woman’s suffrage and the events leading up to the final passage of the 19th Amendment in August 1920.

The League’s autographed copy of History of Suffrage is part of the exhibit.

BOOK CHAT ON ELECTION INSIDEERS

Join us Sunday, August 30, 7:00 – 8:00 pm [via Zoom]!

As a League member, you know a lot about elections and voting. But there’s even more to learn, because fair and secure elections depend, to a great extent, on the people working behind the scenes—people the public doesn’t see and may not even know exist. League volunteer Gloria Bilchik’s new book, Election Insiders: Behind the Scenes with the People Who Make Your Vote Count, is an entertaining, deep dive into the backstage world of voting.

If you’ve had a chance to read it, or even if you haven’t, you’re invited to a conversation about what Gloria observed in a year behind the scenes at St. Louis County election headquarters, and about your own experiences as a voter or an election worker. It will be a lively discussion!

Contact the office if you’re interested in checking out a copy. If you’d like to purchase the book, it’s available in paperback and e-book formats at Amazon, Barnes & Noble, Google Play, and by curbside pickup at Novel Neighbor.

FREE NOTARY SERVICES

September 22 is National Voter Registration Day. The League is working with area libraries to provide info packets and curbside voter registration on Saturday, Sept. 26.

The deadline to register for the Nov. 3 election is Oct. 7. That’s also the date the League is recommending voters request an absentee or mail-in ballot.

For more information, go to lwvstl.org.

The League will again offer free notary services in the office before the Nov. 3 election. Joan Kelly Horn is one of our volunteer notaries (pictured with a St. Louis city voter).
VIRTUAL CANDIDATE FORUMS FOR THE AUGUST PRIMARY

“Where there’s a will there’s a way” and it’s always the League’s will to provide voters with a way to learn about candidates seeking election by hearing them speak and answer questions from the public. So, in spite of the obstacle of COVID-19, the League moderated three forums for candidates who were running for office in the August 4th Primary Election. Candidates in races for the Democratic nomination for St. Louis County Executive, seats in District 2 and District 4 on the St. Louis County Council, and Missouri State Senator in the 5th District all went before the public on Zoom.

Questions were submitted by the audience in advance of the forums and each candidate was given the opportunity to answer the questions and provide opening and closing statements. Thanks to Kathleen Farrell, Nancy Miller and Louise Wilkerson for moderating the forums and to Yvette Kell for hosting the League’s Webinar site.

—Barbara Harris

EXECUTIVE DIRECTOR REFLECTIONS

The League office is open for business. I’ve been answering questions from confused voters, notarizing absentee and mail-in ballots, and distributing Yes on 2 yard signs. The election committee has tackled a number of voting issues. Helpful videos and recordings of our virtual candidate forums are posted on lwvstl.org. The centennial committee has been active planning activities to mark Women’s Equality Day on August 26. The League’s awesome voter registration team continue to register new citizens and prepare packets for food and mask distribution sites.

While COVID-19 hasn’t slowed us down much, it has presented some challenges. Bookkeeper Chantal Hoffsten continues to work from home as she recovers from the virus.

Meetings just aren’t the same on Zoom. It’s a challenge to reach voters as well as stay in touch with members. Send an email to league@lwvstl.org if you have any suggestions.

We’re disappointed that the Sept. 13 event at the Missouri History Museum is going virtual. The League’s Voter Girl project with the Girl Scouts is on hold until larger groups are able to meet in person.

Now that the primary is over, we can focus on defeating Amendment 3 (Dirty Missouri) in November. I’m hoping for a slowdown in August, but we’ll be full speed ahead in September.

—Jean Dugan, Executive Director

Nancy Miller moderated this virtual candidate forum for State Senate District 5 on July 30.
THANK YOU LWVSTL SOCIAL MEDIA AMBASSADORS!

Thank you to everyone who is sharing the Facebook posts and Tweets and Instagram posts from our League. Social media is playing a role, and will continue to play a role, in the discussions around issues, and many of those issues will be decided in the November election. Continue the good work! “Like” or “Follow” the League at Facebook.com/lwvstl and invite and share with friends. The League wants everyone to know that their vote matters. Elections matter and have consequences. We want everyone to know that their elected officials need to hear from them.

— Angie Dunlap

NEW MEMBER MEET-N-GREET

All new members are invited to a Zoom meeting to learn about the League of Women Voters and meet League leaders. It will be Wednesday, August 12th from 6:30-8pm.

— Angie Dunlap

NPV COMMITTEE

The national Popular Vote Interstate Compact is an ongoing state and national action goal.

The NPV committee spent a good part of May and June developing a strategic plan.

We used email as our communication vehicle. Later in the month, the committee will come together via Zoom to determine how we will use it in the coming months.

— Sydell Shayer, NVP Chair

CHECK OUT LWV FACE MASKS

In the photo below, Catherine Stenger and Cyndy Lenz model their new League face masks. They are for sale for $10 in the League office or at lwvmissouri.org. The state League also has other League and suffrage merchandise on sale.

VOTER REGISTRATION STARTS UP AGAIN

After a few months of just providing voter registration packets to the courts, League volunteers are again registering new citizens to vote. This Naturalization Ceremony was July 10.

BUY A HAT, PUT UP A SUFFRAGE YARD SIGN

August 26 is the 100th Anniversary of the certification of the 19th Amendment. After 60 years of organizing, meeting, protesting, lobbying, and marching, women in every state were officially granted the legal right to vote. Of course, it took almost four decades for women of color to be able to fully exercise that right.

Kirkwood-Webster Groves AAUW came up with a great project: *Plant a Yard Sign for Women* to thank the suffragists. It’s a subtle reminder that women have not always had a voice in local, state, and national government. Members of the Hundred the Anniversary Hundred Dollar Club can call the office to have a sign delivered at no cost. Other League members can purchase one in the office with or without a stand for $5.

The League office also has purple 19th Amendment hats with “I Vote” in the back for $20.
