

VOTER INFORMATION GUIDE 2025

GENERAL ELECTION DAY IS NOVEMBER 4, 2025

Polls are open from 6:30 a.m. to 7:30 p.m.

Last Day to Register to Vote: October 6

Early In-Person Voting begins on October 7 and concludes on November 2. Find the schedule at VoteOhio.gov. Early voting is only available at the Butler County Board of Elections.

Vote-by-mail (absentee ballot) request forms must be received by the Board of Elections (BOE) by 8:30pm the Tuesday preceding the election (October 28). Request forms can be submitted by mail, in person, or via the BOE's 24-hour secured drop box.

Vote-by-mail (absentee) ballots returned by U.S. Mail must be postmarked by the Monday before Election Day and received by the 4th day after the election. They may also be returned in person to the Board of Elections by the close of polls on Election Day. Do not return them to polling places.

This guide is published by the League of Women Voters of Oxford, a nonpartisan organization. It provides a nonpartisan forum for candidates to share their perspectives with voters, and provides information about ballot issues and voting access.

Ohio Changed Its Voting Code in 2023

How do you vote using an absentee ballot?

- You will not automatically receive an absentee (mail-in) ballot request form in the mail. This was done in some previous elections.
- You must now request and complete a mail-in ballot application using Form 11-A available to print from VoteOhio.gov or from the Butler County Board of Elections by calling (513) 887-3700 or visit <https://elections.bcoho.gov/voters/index.php> and click on "Voters."
- You cannot request an absentee ballot using any form other than Form 11-A.
- Your absentee ballot request must be received by the Board of Elections no later than 8:30 pm on the Tuesday immediately preceding Election Day (October 28).
- Vote-by-mail (absentee) ballots returned by U.S. Mail must be postmarked by the Monday before Election Day and delivered to the Board of Elections by the 4th day after the election or delivered in person to the Board of Elections by the close of polls on Election Day.
- Do not return absentee ballots to polling places.
The U.S. Postal Service (USPS) estimates that mail delivery may take 2 to 5 days. Please plan accordingly to ensure your ballot is received on time.

What is the ID Requirement for Early In Person and Election Day Voting?

You'll need one of the following forms of unexpired photo IDs:

- Ohio driver's license;
- State of Ohio ID card;
- Interim ID form issued by the Ohio BMV;
- A US passport;
- A US passport card;
- US military ID card;
- Ohio National Guard ID card; or
- US Department of Veterans Affairs ID card.

All photo IDs must have the following:

- An expiration date that has not passed;
- A photograph of the voter;
- The voter's name, which must substantially conform to the voter's name as it appears in the Poll List or in the Poll Book.

You cannot vote in person with:

- A driver's license issued by another state, a copy of a photo ID, a digital ID, utility bill, bank statement, government check, paycheck, or other government document as a form of ID.

What is the ID Requirement for Voting by Mail?

You'll need to demonstrate your identity in one of the following ways:

- Last 4 digits of your Social Security Number.
- Ohio driver's license number or Ohio ID card number.
- A COPY of one of the following: your Ohio driver's license, Ohio state ID card or interim ID form issued by the Ohio BMV; a US passport or passport card; a US military ID card, Ohio National Guard ID card, or US Department of Veterans Affairs card.

How Can You Obtain the Required ID?:

If you are a permanent or temporary resident of Ohio 17 years or older and do not have an Ohio Driver's License, you qualify for a free BMV-issued State ID Card if you are not licensed as an operator of a motor vehicle in this or any other state and do not hold an identification card from another state.

Visit Ohio BMV for more information:
bmvo.hio.gov/driver-license.aspx

How Can You Vote if You Have a Disability or Need Assistance?

Vote curbside: You can vote curbside, if you are a voter with a disability and you are physically unable to enter your early voting location or polling location. With

curbside voting, two poll workers from opposite major political parties bring out a ballot, and you have the option to sit in your vehicle to vote or vote at the door of the early voting location or polling location. If early voting, arrangements must be made to vote curbside at the early voting location prior to arrival. If voting on election day, you may send another person into the polling location to inform poll workers of your desire to vote curbside.

Request an accessible absentee ballot:

Ohio voters with disabilities can request an accessible absentee ballot, which is an absentee ballot in an accessible format that can be marked with assistive technology. This is a secure, safe, and accessible option to vote privately and independently.

Vote early in person or by mail: All voters in Ohio have options to request and receive in the mail an absentee ballot to be marked at their leisure. Ohio voters can vote early in person at their county-designated early voting location. Learn more: <https://www.ohiosos.gov/elections/voters/voters-with-disabilities/early-voting/>

If you are hospitalized, unable to sign, or have other unforeseen circumstances, contact the Butler County Board of Elections: 513-887-3700.

Answers to up to five questions are printed for each candidate who responded. Answers to additional questions can be found online at vote411.org.

MEMBER OF COUNCIL, CITY OF OXFORD

Term: 4 years

Members: 7 Vote for: 4

Responsibilities: City Council represents the citizens of Oxford in the Council-Manager style government. The seven-member council sets city policies, establishes city goals, and oversees and approves the annual budget. City Council appoints the City Manager, Finance Director, Law Director and members of boards, commissions, and committees.

Questions:

1. Why do you want to be a City of Oxford Councilor and what skills or experience do you bring?
2. What do you think are the highest priorities for City Council and city staff to address?
3. Housing affordability has been an issue in Oxford. What solutions do you think should be explored to address this problem?

Glenn Ellerbe Jr

Campaign Website:
None Provided

Social Media: None Provided

Education: Miami University - BS Finance/IS

Qualifications for Office: Councilor - Oxford City Council '15-'23; Vice Chair - Oxford Chamber of Commerce; Former/Current Student Community Relations, Community Improvement, Housing Advisory Commission Member

Question 1: Oxford is home after 25+ years, including 8 years on council and numerous boards. I'm running to make us the best small town and best college town in America.

My experience gives me an understanding of Oxford's strengths and untapped potential. I bring proven leadership, visionary planning focused on environmental and financial sustainability, and genuine accessibility—I meet with residents to discuss issues without partisan filters because everyone deserves respect.

I deliver results through transparent governance that shows residents the full picture of how and why decisions are made. This isn't about political ideology—it's about building the best possible future for our community.

I want to build Oxford's next chapter together.

Question 2: Oxford's priorities must address what every resident needs: sustainable safety, balanced housing for all, and smart infrastructure investments. As home of modern beekeeping in America, we should leverage our unique heritage while building a 12-month economy that thrives beyond the academic calendar. This means supporting local businesses, diversifying revenue, and maximizing partnerships with not just Miami, but all partners around Oxford, Butler County, and Ohio. Environmental stewardship and responsible growth ensure Oxford's future. These aren't partisan issues—they're Oxford issues requiring collaboration between council, staff, residents, and Oxford's partners. Success means solutions that work for everyone who calls Oxford home.

Question 3: Oxford needs more housing altogether, and affordability requires practical solutions for everyone. We should explore desirable housing at all price

points while incentivizing lower-income options through land trusts, development partnerships, inclusionary units, and zoning. Community land trusts offer self-sustaining approaches while easing the taxpayer burden. We should also expand partnerships with Oxford stakeholders and provide incentives for partners helping the trust. Leveraging county and state funding can also accelerate progress. Smart zoning updates encourage mixed-income development and preserve neighborhood character. Housing for everyone is a key part of the infrastructure that will keep Oxford the best small town in America.

Amber Franklin

Campaign Website:
None provided

Social Media: www.facebook.com/amberfranklin.237787

Education: Ph.D. Speech and Hearing Sciences (University

of Washington); M.S. Communicative Disorders (University of Rhode Island); B.S. Psychology, McMaster University

Qualifications for Office: Elected to Oxford City Council Councilor, City of Oxford; Intergroup Dialogue Facilitator; People Person

Question 1: I'm running for reelection because I believe in building a more inclusive, vibrant, and connected Oxford. As a founding member of the Police Community Relations & Review Commission, I worked with community stakeholders to advocate for a police social service liaison—a role that has positively impacted both officers and residents. I've served 4 years on City Council, chair the Public Arts Commission, and serve on the Housing Advisory Commission and Oxford Seniors Board. I value diverse perspectives and lead with clarity and compassion. As federal funding landscapes shift, communities like ours will face new challenges and opportunities. I believe my leadership, experience, and collaborative approach are essential to navigating what's ahead.

Question 2: City Council should prioritize economic development to support fire and EMS services beyond the 10-year levy agreement with Miami University. Key efforts include redeveloping the OXD airport property, expanding workforce housing and childcare, and revitalizing downtown through increased business occupancy, public events, and public

art. Completing the Amtrak station is also important. In addition to workforce housing, Council should continue addressing housing availability and affordability across all income levels, and explore partnerships with local agencies and faith communities to support services like a winter cold shelter. Doing so will contribute to a more vibrant community and support public safety long term.

Question 3: To address housing affordability, we need a range of solutions. We face both a lack of affordability and low availability—across the income spectrum, and we must address both while also focusing on prevention of homelessness. The recent hiring of a housing stability coordinator at TOPSS and the exploration of eviction diversion programs are examples of preventive measures. Encouraging property owners to accept housing vouchers and partnering with community agencies to build low-cost housing helps affordability. Updates to the zoning code will allow for more diverse housing stock at all income levels. People want to live in Oxford—and ensuring they can is essential not only for equity, but for strong, sustainable economic development.

Education: B.A. in Psychology from Miami University and M.A. in Political Psychology

from Stony Brook University

Qualifications for Office: I have lived in Oxford for 19 years and have experienced the town from several perspectives - as a student, a professor, an employee Uptown, and as a permanent resident. I have already served one term and am familiar with the process of working with City staff to accomplish goals and advance initiatives.

Question 1: Having served on Oxford City Council, I have been able to learn the ins and outs of setting and accomplishing goals on City Council. I have leveraged that learning to assist in the operations for several city-wide events as well as creating city-wide events like the OATS n' Honey 5k/10k. As a Council, we have seen progress in all key goal areas with plans to further that progress in the years ahead. In addition to the experience gained from serving one term on Council, I bring an approach to leadership that is centered around people

- finding opportunities to listen to both constituents and city staff. Additionally, working in nonprofits for the majority of my career, I am able to think realistically about how to deliver on ambitious goals.

Question 2: Economic development needs to be a key focal point for City Council in the coming years. Without investing in smart growth for the city, the progress we have made on goals like affordable housing and our ability to offer support to nonprofit organizations may not continue to be sustainable. The City of Oxford is incredibly lucky to have staff members who are talented in procuring grant funding for key projects. While I am confident in the skills of staff, the city would be remiss to not build its economy to be more robust year-round, attracting more full time residents. With a larger full-time population, the city will be more able to offer sustainable and continuing support for important projects and organizations.

Question 3: Oxford has been able to partner with organizations, such as Habitat for Humanity, to provide several housing developments that are designed to support home buyers in lower income brackets. In addition to continuing to partner with organizations whose aim is to provide affordable housing opportunities, Oxford should keep investigating sites in town that are a good fit for affordable housing communities and to include mixed income communities in all development plans. Additionally, more work needs to be done to support recent graduates and young professionals looking to live in Oxford. Rent and housing for those starting out continues to be out of reach. Including this demographic will expand the accessibility of living in Oxford.

Roxanne Ornelas

Campaign Website:
None Provided

Social Media: www.facebook.com/profile.php?id=61578344704218

Education: PhD in Geography, Master of

Public Administration, BS Criminal Justice Administration

Qualifications for Office: Extensive public service and governmental work experience

Question 1: I have lived in Oxford for almost 18 years. I considered running for City Council in the past because of local issues that impact me personally. In early spring,

three separate individuals asked me to run based on my experience. I decided the time to run is now. I have dedicated my life to public service, including my education with an emphasis in public administration and governance. I chose a career teaching the principles of governance from a geographic perspective. Projects I have worked on include a United Nations Declaration that was passed by the General Assembly, a Comprehensive Plan for the City of Lemon Grove, CA, and I served on The Pikes Peak Area Council of Governments, CO. All are invaluable experiences to have as a Councilor.

Question 2: One of the issues I think is of the highest priority for the city to address is a plan to focus on a major update to our water treatment facilities. Improvements will include a water softening system and the addition of a membrane water filtering structure designed to remove polyfluoroalkyl substances (PFAS) from our water. PFAS chemicals, also known as forever chemicals, accumulate in the body over time, potentially leading to multiple negative health effects. Recent studies report that most people in the United States have been exposed to PFAS. The planned updates are crucial for the health of our community today and in the future. Improving the journey of water through our watershed is the highest priority for us all. Water is life!

Question 3: Housing affordability in Oxford is the most critical issue facing the city and it directly impacts economic development. I have met with city staff, local citizens, Housing Advisory Commission members, the Oxford Area Solutions for Housing, and others, to dig deep into the issue. Housing affordability is far more complex than many realize. Council may want to refocus on the Housing Needs Assessment (HNA) described in the Comprehensive Plan to refresh future housing affordability problem-solving sessions. Findings from the HNA pinpointed a critical gap in housing in the mid to low range for those earning at or below middle incomes, including higher end rental housing and new homes. As a friend recently told me, the middle has no place to go.

James Vinch

Campaign Website:
None Provided

Social Media: www.facebook.com/profile.php?id=61580155127794

Education: The George Washington University

Law School, LL.M., The Ohio State Mortiz College of Law, J.D., Miami University, B.A.

Qualifications for Office: 25 years of experience as an environmental attorney at U.S. EPA in Washington D.C. doing legal and policy work to protect public health and the environment, Member, Oxford Environmental Commission, Board Member, Three Valley Conservation Trust, Oxford, Ohio

Question 1: I have spent more than 25 years in public service as an attorney at U.S. EPA. I am particularly adept and interested in public policy (i.e., making choices about how government resources would affect the public). After being terminated by the Trump administration in April, I wish to continue serving the public in another capacity. I moved to Oxford because of its sense of community and I would like to use my experience in public policy to make Oxford an even better place to live.

Question 2: The first is the need to provide affordable housing--both an immediate need for cold-weather short-term housing and longer-term or permanent housing. I think affordable housing for working people is necessary to support local businesses and to provide more diversity in the community. Second, I would like to see Oxford continue on its path to becoming a more pedestrian-friendly city by making it more walkable and bikeable. Oxford is not fully implementing its Complete Streets policy, and I want to ensure it's being followed. Third, I am concerned about the erosion of due process rights in the U.S.. I want to ensure that every citizen of Oxford receives full due process in its interactions with city, state or federal government.

Question 3: We need to think creatively about what lower-income housing should look like. Do we want it concentrated in one or a few areas or provide access throughout the city? One way to do this may be to encourage landlords to accept federal subsidies instead of creating isolated "section 8" housing which is stigmatizing and does not integrate citizens into the community. I think the city of Oxford has historically over accommodated landlords who serve the student population. When I attended Miami, the mile square was most single family homes and now is almost entirely student housing. I would like to look carefully about how existing single family housing can be protected from becoming student rentals. Investment from the city is critical.

TOWNSHIP TRUSTEE, OXFORD TOWNSHIP

Term: 4 years

Members: 3 Vote for: 2

Responsibilities: General administration of the township including maintaining township roads and cemeteries. Other responsibilities may include mowing and snow removal, police and fire protection, and maintaining recreation facilities.

Questions:

1. Why do you want to be a Township Trustee and what skills or experience do you bring?
2. What is your top priority and how would you work toward it while maintaining a balanced budget?
3. What are some of your ideas for working together with surrounding areas to meet common goals?

Thomas Cooke

Campaign Website: None Provided

Social Media: www.facebook.com/TomCooke4Ohio

Education: Masters Degree - Strategic Intelligence

Qualifications for Office: Multiple Years establishing/serving on various Homeowner Associations, military leader, State Senate Candidate 2024

Question 1: The Trustee must be attuned to the needs of the Township where I reside. I wish to serve the community to maintain the eclectic mix of urban (city), suburban, and rural ambiance. I have served on multiple Homeowner Associations-- the Township issues are in many ways similar (maintain

roads, utilities, respond to resident issues, coordinate with adjacent organizations, manage/oversee security/police force, oversee budget, respond to ordinance requests/developer zoning issues and inquiries.

Question 2: Maintain the Township infrastructure (culverts, grass, road maintenance) to include a coordinated police presence with other local law enforcement agencies. Limit growth to ensure existing infrastructure is not overloaded and respond to zoning variances as they arise in coordination with County Planning guidelines.

Question 3: Maintain a continual dialogue with the Oxford City Council--attend all meetings and report back to the Township Board. Routinely interact with the other 12 Townships within Butler County to ensure goals are coordinated and in alignment with County Planning. Attend all utility meetings as all members of the Township (Oxford City as well as surrounding rural/agricultural areas) share the same air and water. Protect the local aquifer and surrounding streams and forested areas.

Gary Salmon

Social Media: None Provided

Education: Talawanda High School University of Kentucky BS Agriculture Economics

Qualifications for Office: Current Trustee

Question 1: Township Trustee 25+years. Officer of the Ohio Township Association (OTA) Excellent knowledge of the workings of township government. Over the years attended many educational seminars, workshops and winter conferences provided by OTA. Completed OTA Leadership 1.0 and 2.0. Less that 30 township people have completed 2.0.

Question 2: Continue to Provide excellent Public Works Department, Police Department, Fire & EMS Service. Looking for new/other way to share services with other Twps. Townships are required to have balanced budget.

Question 3: Continue to communicate with adjacent Townships on common issue/goals. I have an excellent working relationship with the Oxford City Manager & the Oxford Leadership Group.

TOWNSHIP FISCAL OFFICER, OXFORD TOWNSHIP

Term: 4 years

Vote for: 1

Responsibilities: The Fiscal Officer is responsible for receiving revenue and paying the township bills and payrolls. He or she records the trustees minutes and is the liaison between the county fiscal officer, the state of Ohio, the auditors office and the board of elections.

Questions:

1. What skills or experience would you bring to this position?
2. In what ways should the fiscal officer assist the Township Trustees in prioritizing and dealing with the township funding needs?
3. What are the biggest fiscal challenges you think the Township will face in the next 5 years and what ideas do you have for addressing these?

Cody Harper

Campaign Website:
www.facebook.com/cody.harper.for.hanover.township.trustee

Social Media: www.facebook.com/groups/714945879714253

Education: Graduated

College

Qualifications for Office: I'm a real estate professional with experience on the National Association of Realtors Land Use Committee, addressing property rights and responsible growth. I serve on the

Republican Central Committee and am a member of the Chamber of Commerce. As a husband and father, I'm committed to keeping Hanover Township safe, affordable, and family-friendly.

Question 1: I believe I have a responsibility as a father to leave the world better than I found it. My children will inherit the legacy we create in Hanover, and I want that to be a safe, affordable, and thriving community. My background in real estate, land use, and local leadership gives me the skills to manage growth responsibly and preserve what makes our township special, while always putting families first.

Question 2: My top priority is keeping Hanover a safe, family-friendly, and affordable community. That means planning growth responsibly, protecting property rights, and ensuring township services meet residents' needs. I will focus on common-sense budgeting—prioritizing essential services, avoiding waste, and seeking cost-effective solutions—so we can strengthen our community while maintaining a balanced budget.

Question 3: I believe Hanover can achieve more by working with neighboring townships and the county on shared goals like road maintenance, public safety, and responsible development. Serving on the Republican Central Committee, I already collaborate with local leaders and understand regional needs. I'd coordinate on projects, share best practices, and save resources to strengthen our community and protect taxpayers.

Douglas Johnson

Campaign Website:

Social Media: None Provided

Education: Taft High School, Attended Miami University and Southwestern Texas

State University

Qualifications for Office: 24 Years as a Hanover Township Trustee

Question 1: For the past 24 years, I've proudly served as a Hanover Township Trustee, consistently delivering balanced budgets and helping lead transformative community improvements. Under my tenure, Hanover has seen the development of a new fire department, a veterans memorial, a scenic walking path with a gazebo, upgraded public restrooms, and round-the-clock fire and EMS protection. My experience as a

former Captain with the Butler County Sheriff's Office has equipped me with the administrative expertise to manage operations, implement effective policies, and serve our residents with integrity and dedication.

Question 2: Public safety remains our highest priority in Hanover Township. We're proud to have two dedicated contract deputies who regularly patrol our neighborhoods and maintain strong relationships with residents. Our Fire and EMS Department operates 24/7 with three on-duty personnel, all within the constraints of the fire levy appropriation—ensuring both fiscal responsibility and reliable emergency response. Additionally, our road and cemetery teams continue to deliver essential services while staying within a carefully monitored and balanced budget.

Question 3: All townships within Butler County are members of the Butler County Township Association, where they regularly collaborate and share valuable insights on road maintenance programs, grant opportunities, fire and law enforcement services, and legal updates relevant to township governance. Hanover Township borders several other townships and cities, and we remain committed to fostering partnerships and embracing innovative ideas that benefit our community.

Cameron (Cammie) Mitrione

Campaign Website:
cammiemitrione.squarespace.com

Social Media:
www.facebook/electcammiemitrione

Education: Bachelor of Arts, Miami University,

Oxford, OH

Qualifications for Office: Lifelong resident of Hanover Township, Butler County, OH and a career of over 30 years in public service.

Question 1: My professional career has been dedicated to Public Health, including over 30 years of service at local public health departments. I served for 12 years as the Health Commissioner at the City of Springdale Health Department. Recently retired from the City of Hamilton, the time is right for me to serve my home community. During my career, I have worked extensively in health, safety, and property code enforcement as a Health Inspector. I continue to hold a professional credential as a Registered Environmental Health

Specialist (REHS) in the State of Ohio. My background gives me a deep understanding of how local government functions and the importance of strong community collaborations and connections.

Question 2: I will work with Hanover Township Fiscal Officer, Administrator and fellow Trustees to determine what funds are available in order to prioritize damaged, nuisance, and abandoned properties for abatement. This could include identifying grants and/or outside funding opportunities.

Question 3: I will work to enhance the relationship between Hanover Township and the Butler County Building and Zoning Department which provides investigations and enforcement regarding property maintenance and safety issues to promote more timely resolution of resident's concerns. I will work with the township Administration and fellow Trustees to explore safe and affordable solutions to address excessive motor vehicle speeds in identified residential areas. I support our Hanover Fire Department's additional 3.5 mil fire Levy. As Hanover Township is surrounded by seven townships, getting to know and understanding the best practices of the townships bordering Hanover Township will allow for ongoing partnerships and new ideas.

Diana Ramsey

Campaign Website:
None Provided

Social Media: www.facebook.com/ElectDianaRamseyforHanoverTownshipTrustee

Education: Talawanda High School, The Ohio State University

Qualifications for Office: 33 year Hanover Township resident. 10 year Hanover Park committee. 10 year Southwest Regional Water Board Trustee. Award winning sales professional for Fortune 500 business. Retired small business owner of Kelly's Bakery.

Question 1: As a candidate for Hanover Township Trustee, I bring a combination of professional expertise, community commitment, and an understanding of the challenges and opportunities facing our township. As I transition from my professional career as an award winning Industrial Sales Representative and retiring after the sale of my very successful small business, Kelly's Bakery, I feel strongly

I have the skills, ability and time needed to lead the township forward. The outstanding success in my 2 careers reflects the quality of my skills and the execution used to be successful. I have worked with a very diverse group of people and associates, developing quality listening and communication skills.

Question 2: With community growth, I would like to preserve the characteristics of the township, maintaining a rural environment, while having the City of Hamilton at our fingertips. We will work to improve our Fire and Ems Departments through job training and recruitment. Better training would provide better service to the community, which would provide higher reimbursement through insurance billing. We would continue to work with Butler County Engineers for our large road improvement. We can evaluate sharing snow removal with neighboring townships on perimeter roads. To provide improved communication in our township, we would benefit from a social media page to provide current events, road closures and community events in a timelier manner.

Question 3: Ohio gov. struggle with the out cry from their communities over high property taxes, now is the time more than ever for shared resources. We can apply for regional, state, or federal grants that support multi-township initiatives like infrastructure development. Together we can make applications stronger and improve chances of securing funding. Work with the Butler Co. zoning departments in a positive, proactive manner to ensure zoning codes are clear, accessible, and easy to understand.

VOTE 411

TOWNSHIP TRUSTEE, MILFORD TOWNSHIP

*Term: 4 years
Members: 3 Vote for: 2*

Responsibilities: General administration of the township including maintaining township roads and cemeteries. Other responsibilities may include mowing and snow removal, police and fire protection, and maintaining recreation facilities.

Questions:

1. Why do you want to be a Township Trustee and what skills or experience do you bring?
2. What is your top priority and how would you work toward it while maintaining a balanced budget?
3. What are some of your ideas for working together with surrounding areas to meet common goals?

Nathan E. Gillespie

Campaign Website: None Provided
Social Media: None Provided
Education: Graduated from Talawanda and Hobart Institute of Welding Technology

Qualifications for Office: Served on the Butler County Soil & Water District since 2010

Question 1: I have been in public service since 1992. My senior year of high school I decided to take fire training classes which led me to serving on the Milford Township Fire Dept. for 24 years. I have worked for the Milford Township Maintenance Dept.

and have extensive knowledge of the daily operations on how the township operates.

I am currently a Board Supervisor for the Butler County Soil & Water Conservation District and just completed my 15th year. During that time I have held the positions of Board Chair, Treasure, and Secretary. This position has given me a tremendous amount of knowledge on balancing budgets, funding and applying for grants. As well as, dealing with the public on sensitive situations and employee management.

Question 2: My top priority is the overall well being of Milford Township and its residents.

The Township is currently faced with a low number of volunteers on the Fire Department that are available to respond. This issue needs to be addressed and a solution needs to be found.

Also, Life Squad services provided by adjoining townships, villages and city's is an issue I feel strongly about and hope to be able to address if I become elected. I feel I can help find solutions all while working within the townships yearly operating budget.

Question 3: If I were to become elected, I feel like I could be very diplomatic with other surrounding area trustees in finding solutions to common problems. Meeting with other township trustees and brainstorming together, would be a good place to start.

Question 1: Since becoming a Trustee in September 2022, my priority has been to preserve the rural character of our township. As a lifelong resident, I have a desire to give back to the community that has given me so much. For the past 27 years, I have been employed with the City of Oxford's Streets and Maintenance Department, where I currently serve as the Grounds Maintenance Supervisor. I oversee the care of the city's two cemeteries, right-of-way maintenance, and the O.A.T.S. recreational trail.

My experience in public works has provided me with educational opportunities that

I bring to my role as Trustee. I believe that open communication is essential in serving our residents, and I am committed to listening and working to preserve our community.

Question 2: My top priority as Trustee is to ensure that residents receive the highest level of service possible. I am especially focused on maintaining and improving key areas of township operations, including road maintenance, snow and ice control, cemetery care and management, Fire and EMS services, and park maintenance and improvements.

Another important priority for me is expanding access to resources for individuals and families who need them most. I also recognize the financial challenges that come with providing quality services, which is why I would like to pursue additional opportunities such as grant writing to help offset budget constraints and bring more value to our community.

Question 3: We collaborate with surrounding townships and Butler County to provide efficient and cost-effective services for our residents. Our Fire Department offers mutual aid to strengthen regional emergency response, and we work closely with the County Engineer's Office to share equipment, manpower, and purchase materials through county contracts, that save money for all townships.

I regularly attend Butler County Township Association meetings to stay informed on updates from State and County officials. Building strong partnerships with neighboring townships and County agencies is essential to delivering the best services to our community.

Kyle McGhehey

Qualifications for Office: None Provided

Question 1: Being a Trustee is something that I have great passion for. I want to be a voice for our community and help lead our citizens. As a 30 year resident of Milford Township, I want to continue working towards keeping a great quality of life for our residents, my family and future generations. I bring many years of experience as a public servant as a U.S.

Navy Veteran and a current public high school teacher, all which have taught me great skills in planning, communication and determination.

Question 2: Our public parks are the heartbeat of our community. My first priority would be making our Milford township public spaces the best that we can offer. I know many families enjoy using the playgrounds and I want our parks to be a clean and safe space for all to enjoy. The second priority is to continue working along with the county and state officials to have safe and well constructed roads and intersections. These goals need to be met with a conservative approach and a balanced budget that can be accomplished in stages by each fiscal year.

Question 3: Our surrounding areas are important for our emergency response teams. I thank all of our surrounding communities who assist Milford Township EMS in emergency situations. Our relationship with them is critical in keeping our residents safe and I will continue to push for funding for all EMS services in the areas because we are affected by budget shortfalls in other communities, whether we live there or not.

TOWNSHIP TRUSTEE,
REILY TOWNSHIP

Term: 4 years
Members: 1 Vote for: 2

Responsibilities: General
administration of the township
including maintaining township
roads and cemeteries. Other
responsibilities may include mowing
and snow removal, police and
fire protection, and maintaining
recreation facilities.

Questions:

1. Why do you want to be a Township Trustee and what skills or experience do you bring?

2. What is your top priority and how would you work toward it while maintaining a balanced budget?

3. What are some of your ideas for working together with surrounding areas to meet common goals?

Dennis Conrad

Campaign Website: None Provided

Social Media: None Provided

Education: Talawanda High School Graduate

Qualifications for Office: 44 years as Reily Township Trustee Retired from the City of Oxford/Streets & Maintenance Division 50 year member of the Reily Township Fire Dept Currently serving as Volunteer Chief

Question 1: I care about our community and want to make sure it continues to be a safe, well managed, and welcoming place to live. I enjoy serving the people, listening to their concerns, and working toward solutions that benefit everyone. I have dedicated the past 44 years to serving as Township Trustee because I deeply believe in

community, accountability, and making sure our residents have a safe, well-managed, and welcoming place to live.

Question 2: Maintaining and improving township infrastructure, ensuring public safety, supporting community services, and also prioritize transparency and open communication with residents so that everyone feels informed and involved in township decisions. I approach budgeting with a focus on fiscal responsibility. I explore opportunities for grants, partnerships, and other funding sources to reduce the financial burden on taxpayers. By planning strategically, setting clear goals, and regularly monitoring the township's finances, I can work toward improving services and infrastructure while maintaining a balanced and sustainable budget.

Question 3: I believe in building strong partnerships with neighboring townships, & the county, to share resources, expertise, and best practices. We can coordinate on road maintenance projects, joint emergency services, public safety initiatives, and community development plans to maximize impact while minimizing costs. By maintaining open communication, holding regular regional meetings, identifying opportunities for joint funding or grants, we can work together to solve challenges, enhance services.

Question 1: To be able to give back to the community that has given so much to my family throughout the 40 years we have lived here. In my 40 year construction career I have gained an extraordinary amount of knowledge. I began my career in the trenches and worked my way up to supervising roadwork, bridges, wastewater treatment plants, underground utilities, commercial buildings and many other projects. From physically working the jobs to scheduling subcontractors, managing schedules and staying at or below budget, the experience I have will be a great asset for the future of Reily Township.

Question 2: My top priority is continuing

the great services our township offers its residents, especially our Fire Department and EMT Services.

Question 3: No answer provided by date of publication.

BOARD OF EDUCATION MEMBER, TALAWANDA CITY SCHOOL DISTRICT

*Term: 4 years
Members: 5 Vote for: 2*

Responsibilities: The Talawanda City Board of Education strives to provide a safe, nurturing learning environment for all students in order to enhance student achievement. Our mission is to establish, review, and implement policies that support the district and its Strategic Plan. Building public trust with all of the district's stakeholders is critical. The board fulfills this responsibility by setting policy, selecting executive officers to implement policies, and by evaluating the results. The board must accomplish this while being responsible with the wise management of resources available. In addition, the board functions openly, seeking the involvement and contributions of the public, staff, and students in its decision-making processes.

Questions:

1. Why do you want to be a school board member and what skills or experience would you bring to the position?
2. What are your priorities for the Talawanda School District?
3. What ideas do you have for addressing the budget challenge that the Talawanda School District faces?
4. What are your views on school curriculum and the role of the School Board, parents, and the state legislature in determining curriculum?

Corey Frye

Campaign Website:
None Provided

Social Media: www.facebook.com/corey.frye.for.talawanda.school.board

Education: Graduate of Local 392

Apprenticeship for MES, Certified Liebert Technician, Graduate of Butler Tech

Qualifications for Office: 25 years in HVAC Industry including Service, Management, Sales, and Contracts. Countless certificates and licenses related to the industry. Proven solution provider to many businesses, government facilities, hospitals, and military installations.

Question 1: I'm running for Talawanda School Board to ensure our students thrive in a civil, politic free, student-focused environment. As a 20-year resident, with my wife Lisa, an Educational Assistant at TSD, and our two children who attend TSD, I'm invested in our community's future. With 25 years in the HVAC industry, I have extensive experience in problem-solving, management, and negotiation skills, all while servicing major businesses, government, hospitals, and military sites. My Butler Tech background and blue-collar work ethic fuel my commitment to transparency, collaboration, and I will advocate for politics-free classrooms. I will look for inefficiencies, and advocate for fair funding, uniting our community for educational excellence.

Question 2: My priorities for the Talawanda School District focus on putting students' wellbeing and education first. I'll restore civility and a respectful dialogue to the school board, keeping discussions centered on student success, not politics. By removing political agendas from classrooms, we create a focused learning environment. Fiscal responsibility and transparency are key—I'll push for accountable budgeting to maximize educational resources. I aim to ensure accountability district-wide, with decisions benefiting students and staff. By promoting solutions that unite our community, we'll build a stronger Talawanda, where every student thrives in an education-first atmosphere.

Question 3: To tackle Talawanda School District's budget challenges, I propose a student-focused plan rooted in fiscal responsibility. First, a budget review targeting inefficiencies, looking for administrative overhead and excessive

spending, redirecting funds to classrooms and student programs. Second, pursue grants and state funding to reduce reliance on property taxes, easing burdens on families. Third, ensure transparency with clear budget reports and community forums, empowering taxpayers' ideas. Finally, protect services like busing and extracurriculars, avoiding cuts that harm students. A student first approach, ensuring quality education without overburdening our community. No board-approved compensation outside staff's existing contracts.

Question 4: I support a school curriculum focused on math, science, a balance of history honoring our shared heritage, and bringing back shop classes and electives, emphasizing academic excellence and character aligned with community values. Transparent curriculum allows parental review to ensure local norms. The board should strive to reflect the community, prioritizing a back-to-basics approach, fiscal responsibility, and accountability, resisting activist agendas. Parents, as primary educators, have the right to oversee content and decisions. The state legislature should protect parental rights, promote local control, and support school choice to empower families, ensuring education meets community expectations.

Thomas Heisler

Campaign Website:
www.tomheisler.com

Education: Rochester Institute of Technology-BS Accounting 1980, Licensed CPA in Ohio 1995 (current status Retired)

Qualifications for Office: Parent, grandparent, taxpayer, 40+ years as an accountant and business manager, former Fairfield School Board member

Question 1: Many Boards of Directors of public entities are comprised of leaders in diverse industries to provide alternative perspectives in decision-making. Likewise, my extensive professional experience will enhance the Talawanda School Board during a time of unpredictable revenues and increasing costs as we seek to further strengthen the learning environment for our children and ensure the best use of our taxpayers' funds. When elected, I will bring a combined work experience of over 40+ years as an accountant (now a retired CPA) and business manager, while also drawing upon my school board experience, having

previously served on the Fairfield School Board.

Question 2: Collaborate with the leadership team, teachers and parents to ensure Talawanda is the top-rated school district in the region. Achieving this status will encourage employers, colleges and trade schools to prioritize Talawanda graduates when recruiting.

Solicit feedback of recent Talawanda graduates' strengths and weaknesses from employers and post-secondary institutions, as well as seek guidance about anticipated future skill or technology requirements. Curricula can be adjusted accordingly to further improve our future graduates' preparation for life's challenges.

Implement reviews of expenditures to ensure efficient use of our financial resources while still meeting District goals.

Question 3: Implement zero-based budgeting where expenditures are evaluated each year to ensure spending is cost-effective and aligned with the District's current goals.

Assign ownership of controlling costs to administrators, principals and department leaders in their areas of responsibility.

Implement a comprehensive preventative maintenance program to help control long-term facility costs and utilize the program's projections in the five-year forecast.

Investigate areas where we can further utilize the Butler County Educational Service Center and State resources to our advantage.

Form purchasing collaboratives with other districts to obtain volume pricing on common products and services.

Question 4: In my opinion, it is appropriate for the State to set a baseline curriculum to define common minimum standards across the state. I believe the School Board, along with the rest of the Talawanda school community, should embrace a curriculum for our children designed to significantly exceed those minimum standards. Whether the curriculum is developed in-house or purchased, parents should have the expectation it will align with the community's Christian moral values, including the removal of topics intended to sexualize our children. The Board is ultimately responsible for evaluating staff curriculum recommendations, keeping community standards and cost constraints in mind.

PatMeadeFor
SchoolBoard/

Education: Bs in
Secondary Social

Studies Education Masters in Reading
Education

Qualifications for Office: 40 years of
classroom teaching experience, 8 years on
Talawanda Board, 6 years on Butler Tech's
Board, 3 years on the Ohio Southwest
Regional Board

Question 1: I would like to be reelected
to the School Board to ensure the steady
leadership needed to continue moving
this district forward. Talawanda has made
tremendous progress in student success and
performance in the last few years and we
need to continue to set policies and provide
the staff with the freedom and resources
they need to continue this growth. I have
40 years of classroom teaching experience
that brings a much-needed perspective to
the board. I have eight years' experience
on the board as well as 6 years on Butler
Tech's Board. I also serve on the Southwest
Regional School Board

Question 2: We must build on the successes
we have had with improving student
performance and meeting the needs of all
of our students. Our 98.7% graduation
rate is an indication of how well our staff
is doing. We must continue to support the
staff in their work with the children of our
Talawanda community. We need to continue
do this while maintaining fiscal viability.

Question 3: We are in strong financial shape.
Our staff works hard to be good financial
stewards of the taxpayer's money. We have
been warning the public of moves being
made at the state level that would undermine
our financial stability. We have taken steps,
such as moving money into the permanent
improvement fund and the terminations
benefit fund, to protect the district in the
future. We need to watch every dollar we
spend while we strive to provide a quality
education to all of our students. We cannot
cut vital programs just so we can have more
money in our bank accounts. At this point
there is significant reserves to deal with
emergencies. We need to continue with our
balanced approach.

Question 4: The state sets standards
identifying what students should know

and be able to do. The state delegates that
authority to the State Board of Education
and the Dept. of Education and Workforce
Development. The district sets policies,
curriculum, and procedures to ensure
students meet those standards. Our local
educators develop the curriculum within
these guidelines with board approval. Local
community input is always welcome. Parents
have a right to question and even opt-out of
particular lessons. The child will still need
to master the standards and might receive
alternative assignments. This process does
place added demands on our teachers as we
try balance parental rights and the needs of
our students.

wyattfortalawanda

Education:
Elizabethtown

Independent High School; BA University of
Louisville; MBA. University of Kentucky

Qualifications for Office: I am a first-
generation college graduate and father.
Before joining Talawanda's board, I served
ten years balancing budgets and turning
around a struggling district. What drives me
is serving all students – college-bound and
workforce-ready. Only measure that matters
is real-world success. Talawanda needs
board members who put students first, not
personal politics. My leadership delivers
results.

Question 1: Born on a tobacco farm in rural
Kentucky, I'm a first-generation college
graduate from a working-class military
family. Education is the great equalizer and
every child deserves a champion.

Before joining Talawanda's board, I brought
a decade of school board experience.
Balancing tight budgets-making tough
decisions. As a university advancement
professional, I've secured millions in
scholarships. My business experience taught
me to maximize resources.

What drives me is serving every student
– those headed to college and entering
high-demand trades, technology, and service
careers. Too many districts obsess over test
scores. Real outcomes after graduation
matter.

I'll continue to fight to ensure every student
graduates ready for success.

Question 2: My top priority is ensuring every
graduate is prepared for success - whether
bound for college, trades, military, or the
workforce. Expand career pathways beyond
traditional academics.

Second, fiscal responsibility while
maintaining educational quality. Having
balanced budgets for a decade, I know tough
decisions are needed to stretch every dollar
for students.

Third, restore professional governance to
the board. Boards work best when focused
on student outcomes rather than personal
agendas.

Fourth, focus on real outcomes over test
scores. Success means graduates who are
skilled, confident, and prepared to make
meaningful contributions to communities.

Finally, ensure families feel heard and
valued, especially those who feel overlooked.

Question 3: Talawanda faces a perfect storm:
Ohio diverted \$2.5 billion from public
schools to private vouchers, and we rely
more heavily on local taxpayers than almost
any Ohio district.

My decade of balancing school budgets
taught me how to make tough but fair
decisions. We must evaluate everything
and ask what is working best for the most
students?

We need multiple approaches: shared
services with neighboring districts, pursuing
grants and partnerships, prioritizing
spending impacting student outcomes,
and engaging the community in honest
conversations.

Finally, advocate for fair state funding.

With disciplined management, strategy,
and community partnership, we will need
to focus even more on maintaining quality
while having fewer resources.

Question 4: Curriculum must prepare every
student for real success - college, trades,
military, or careers. Too many districts
shortchange non-college-bound students,
treating skilled trades as lesser paths.

The state of Ohio sets standards, but local
boards must adapt the curriculum to meet
community needs and the job market.
My board service showed that a balanced
curriculum transforms outcomes when we
stop viewing paths as a hierarchy.

Parents deserve transparency and
meaningful input.

Best decisions happen through collaboration
between teachers, parents, administrators,
and the board, working toward shared

goals. Boards ensure curriculum serves all
students. Curriculum should be measured by
one standard: are we preparing students for
success?

BUTLER COUNTY RESIDENTS

Find your polling place here:
<https://electionlink.bcoho.gov/Portals/ElectionLink/ViewPollingLocation.aspx>

ISSUES

Issue 1: Proposed Tax Levy (Renewal and Increase) Butler County

Issue 1: Proposed Tax Levy (Renewal and Increase) - Butler County

A renewal of 1.3 mills and an increase of 0.7 mill for each \$1 of taxable value to constitute a tax for the benefit of Butler County for the purpose of providing and maintaining senior citizens services, that the county auditor estimates will collect \$20,209,690 annually, at a rate not exceeding 2 mills for each \$1 of taxable value, which amounts to \$50 for each \$100,000 of the county auditor's appraised value, for a period of 5 years, commencing in 2025, first due in calendar year 2026.

Explanation: If a majority votes for the levy then an additional 0.7 mills for each \$1 of taxable value will be placed on Butler County properties and the current 1.3 mills will be renewed. The combined amount will be 2 mills for each \$1 of taxable value, which equals \$50 for each \$100,000 of the county

auditor's appraised value. The levy will apply for 5 years starting in 2025, with tax collection beginning in 2026.

Additional Relevant Information: Butler County Elderly Services provides a range of services for elderly residents of Butler County to help elderly residents remain independent in their homes for as long as possible. The Elderly Services Program levy was renewed in 2010, 2015 and 2020. The current levy generates \$10,000,000 annually. BCES requests an increase as a result of the aging population and rising costs. For the past five years, levy funds have been supplemented by pandemic funds but these funds have ended.

Issue 5: Proposed Tax Levy (Additional) Hanover Township Fire District

Issue 5: Proposed Tax Levy (Additional) - Hanover Township Fire District

An additional tax for the benefit of Hanover Township Fire District for the purpose of providing and maintaining fire apparatus, mechanical resuscitators, underwater rescue and

recovery equipment, or other fire equipment and appliances, buildings and sites therefor, or sources of water supply and materials therefor, for the establishment and maintenance of lines of fire-alarm communications, for the payment of firefighting companies or permanent, part-time, or volunteer firefighting, emergency medical service, administrative, or communications personnel to operate the same, including the payment of any employer contributions required for such personnel under section 145.48 or 742.34 of the Revised Code, for the purchase of ambulance equipment, for the provision of ambulance, paramedic, or other emergency medical services operated by a fire department or firefighting company, or for the payment of other related costs, that the county auditor estimates will collect \$1,136,292 annually, at a rate not exceeding 3.5 mills for each \$1 of taxable value, which amounts to \$123 for each \$100,000 of the county auditor's appraised value, for a period of 5 years, commencing in 2025, first due in calendar year 2026.

Explanation: If a majority vote for the levy then an additional 3.5 mills for each \$1 taxable value will be placed on Hanover Township properties. This equals \$123 for each \$100,000 of the

county auditor's appraised value. The levy will apply for 5 years starting in 2025, with tax collection beginning in 2026.

Issue 6: Proposed Tax Levy (Additional) Milford Township

Issue 6: Proposed Tax Levy (Additional) - Milford Township

An additional tax for the benefit of Milford Township for the purpose of providing ambulance service, emergency medical service, or both, that the county auditor estimates will collect \$255,338 annually, at a rate not exceeding 1.85 mills for each \$1 of taxable value, which amounts to \$65 for each \$100,000 of the county auditor's appraised value, for a period of 5 years, commencing in 2025, first due in calendar year 2026.

Explanation: If a majority vote for the levy then an additional 1.85 Mills for each \$1 taxable value will be placed on Milford Township properties. This equals \$65 for each \$100,000 of the county auditor's appraised property value. The levy will apply for 5 years starting in 2025, with tax collection beginning in 2026.
