

THE GREEN TRANSITION

TAKING CLIMATE ACTION CREATES JOBS

Money invested in clean energy comes back into the hands of consumers through more, higher-paying jobs. Everybody wins!

NET FIVE

For every \$1 million invested in renewable energy instead of fossil fuel, a net 5 jobs are created

GREEN JOBS ARE...

1. More Resilient
2. Higher Paying
3. More Accessible

26 MILLION

Climate action will create a net 26 million jobs by 2030 in energy efficiency, transportation, and the circular economy.
