

e-BULLETIN

September is Voter Registration Month and now is the time to act. You will hear more from LWVBC than usual over the next few weeks because there is much to be done with your help! We have numerous opportunities for you to participate. If you are interested in volunteering or simply want more information about anything listed below, please contact Patty Haley at pattyhaley@sbcglobal.net. We will provide PPE equipment including plastic face guards, masks, gloves, hand sanitizer, and disinfectant. We will allow people to keep the pen they use rather than return it. If you need a refresher course or need to be trained to assist in voter registration, there is a zoom link either Patty or Debra can share.

[Voter Registration Tabling \(with Census Information\)](#)

Volunteer to help table at the Chico Farmers Market on **Saturdays, Sept. 19 and 26**. Provide Voter Assistance Center and Official Ballot Drop Box locations, plus how to complete a census questionnaire online or by phone.

[National Voter Registration Day Drive Through Sept. 22](#)

Volunteer to help staff our drive through voter registration event at the Chico Library 10-4. Share Census information too. Tell Patty if you are willing to staff other library branches and with more staffing confirmed we will add more drive through locations!

[Distribute Easy Voter Guides](#) We need a Distribution Coordinator and Volunteers to deliver CA Easy Voter Guides that will arrive at the end of September. We have ordered 800 EVGs in English and 200 in Spanish which need to be distributed throughout the county at store, businesses, and agencies.

[Armchair Activism](#) Call, email, Instagram, or private message your network of friends, neighbors, colleagues to register or check their voter registration. [Follow and share our social media messages](#). Flyers on how to register online, track a ballot, and return a ballot have been sent out to local school districts, hospitals and the Paradise Chamber of Commerce. If you are involved with or have contact information for any other local organizations with a newsletter or that could post a flyer, share their contact information with Patty or send the attached voter education flyer to them.
