

CLACKAMAS C O U N T Y

Recruitment extended for Community Road Fund Advisory Committee; apply by Oct. 20

Clackamas County residents, property owners and business people are invited to apply to fill one of seven positions on the county's Community Road Fund Advisory Committee (CRFAC).

The 15-member committee, supported by the Department of Transportation and Development, serves in an advisory capacity to the department and to the Board of County Commissioners.

The CRFAC recommends which congestion relief projects in unincorporated Clackamas County should be funded through the Community Road Fund -- the revenue from the countywide vehicle registration fee.

The county is looking for applicants from throughout unincorporated Clackamas County, but especially from rural areas (to ensure geographic diversity on the committee), to apply to fill:

- 5, three-year positions with terms ending June 30, 2026,
- 1, two-year position with a term ending June 30, 2025 and
- 1, one-year position with a term ending June 30, 2024.

The positions are open to anyone 18 years of age or older who is resident of the county, a property owner within the county, or a designated representative of a business, corporation, or trust within the county.

To apply, go to <https://www.clackamas.us/community/abc> and click on Apply for the Community Road Fund Advisory Committee, or contact Public & Government Affairs at 503-655-8751 or communityinvolvement@clackamas.us to get a paper application. The deadline for applications is Oct. 20, 2023.

The CRFAC meets two to three times a year to:

- Review the criteria used to identify priority transportation construction projects
- Update project lists as road construction projects are completed and as there are changes in project schedules
- Report the status of the Community Road Fund and projects to the Board of County Commissioners
