

## **Voter Services Committee Report – May, 2024**

*Dawn Smith and Christine Lemerand, Co-chairs*

After a very busy April election cycle, Voter Services used the month of April to re-group and recharge. At our April meeting we initiated a plan for the upcoming fall elections cycle, including potential candidate forums and a voter education event with St. Norbert College. We're also looking at ways to incorporate the National Popular Vote Committee into our meetings.

Our next Voter Services meeting will be **Thursday, May 2nd at 6:00 in the Central Library Board Room**. We'll be talking about fall, so bring your ideas for potential fall election forums. New members are always welcome, so please consider joining us – we can always use more help. Our meetings occur regularly on the first Thursday of the month, so update your calendar.

A HUGE thank you to all our members who worked the polls this April. We always need poll workers, and many of our members support their community by serving in that capacity. With the presidential election coming up this fall, the need for poll workers is clear. If you're available to work the election(s) in August and/or November, reach out to your municipal clerk.

Are you interested in being involved on election day, but you aren't ready to commit to a full day as a poll worker? Consider serving as an election observer. Check out the [State League Observer Program](#).
