The Annual Meeting is the only business meeting for the general membership during the year. Your participation is important as we set the direction of the League during the next twelve months. All members of the League of Women Voters of North and Central San Mateo County in good standing are delegates. Guests are welcome and encouraged to attend, although they may not vote.

At this meeting the membership will approve a budget, county and local programs, county issues for emphasis, and elect new board members to carry out these mandates.

Please bring your Annual Meeting kit that was mailed to all members in early May. For more information, go to <https://my.lwv.org/california/north-central-san-mateo-county/annual-meeting>.

Speaker of the day Rose Jacobs Gibson will talk on civic engagement and leadership development based on her experiences in local government and as CEO of Hagar Services Coalition. Ms. Jacobs Gibson co-founded Hagar Services Coalition in 1994 with Vivian Gibbons. The coalition evolved with the times and today the focus is on creating a nurturing environment where new leaders can find their voice and create positive changes and solutions for their communities.

## President's Message

At the Annual Meeting on June 8, **Marta Bookbinder** will be elected as the new president of the League of Women Voters of North & Central San Mateo. She will bring enthusiasm, energy, and a wealth of knowledge from her work in a variety of positions related to civic engagement. Our membership continues to grow and we are always looking for new ways to get involved in our community to make democracy work. The 2019-2020 board will need support and ideas from all members as we have some significant events coming up.

One of the most important dates to look forward to is February 14, 2020, the 100<sup>th</sup> anniversary of the League of Women Voters. We need to find a way to celebrate this amazing accomplishment. What other grassroots organization has been around this long and still makes a significant impact on our nation at the local, state, and national level?

Then there is California's early primary on March 3. **Margie Gater** and **Kathy Wheeler**, a dynamic duo, will be Voter Service co-directors. You will be hearing from them about training for candidate forums and Pros & Cons. **Joyce Delyani** has already begun voter registration training. The more people we have, the more people we can reach. **Kathee Tyson** will be coordinating our Voter's Edge website, which I suspect is probably the League's most valuable tool.

I will remain on the board with a focus on Census 2020 and external relations. I think that it is key that we continue reaching out to other groups if we want to broaden our membership to become a more diverse and vibrant organization. We need to go where the people are and not expect them to come to us. The Voter's Act Coalition was a good start in working with other groups and working with the Complete Count Committee for Census 2020 is another opportunity. Already a few of us participated in the Complete Count Committee's special workgroups and plan to continue over the summer as we define our role in the census. I hope to expand on what I learned from these experiences.

Thanks to **Susie Raye**, we are working with the Girl Scouts on the Voter Girl project, which we hope will continue in future years. With this project, we are engaging with a younger generation and their parents who we hope will be inspired to continue civic engagement throughout their lifetimes.

With voter registration drives, we are attempting to target different communities. It would be ideal if we could enlist the support of community members in helping us staff the voter registration tables because they know their community. You can help us by connecting us with different groups.

I am very proud of our partnership with the Burlingame Public Library on their Book-to-Action project. Librarian **Elaine Tai** selected Congressman John Lewis' graphic novel *March* on his experiences with the civil rights movement and organized events related to this topic and a workshop on getting involved and taking action. As a discussion leader, Elaine provided participants with the opportunity to talk about civil rights and race from a personal and intellectual viewpoint. I would like to commend Elaine on her excellent leadership, commitment, and zeal in bringing this project to fruition. She made it happen.

See you at Annual Meeting!

*Let your actions inspire others to dream more, learn more, do more, and become more!* — Unknown

*Ann Kuchins, President*

## Lifetime Membership Achievement

We are proud to celebrate three members who have earned the League of Women Voters' Lifetime Achievement Award: **Judy Bloom**, **Carolyn Crow**, and **Jan Elliott**. These women join a very special group – those with 50 years or more of membership in the League of Women Voters. Please join us in congratulating and thanking them for their dedication and support.

## Voter Registration Report

On Saturday May 11, the League held a training session for voter registration volunteers. **Joyce Delyani** led the training, covering the basics of registering and preregistering voters in San Mateo County. She also prepared volunteers for the typical questions they might receive when tabling at registration events. (Do voters need to reregister if they've moved? Yes, and they also need to reregister if they've changed their name. Can "no party preference" voters vote in the presidential primary? Not unless they reregister in the party of their choice, or the party of their choice consents to "opening" their primaries.)

Members **Susie Raye**, **Sandra Shapiro**, **Frances Luster**, **Arlene Kace**, and **Patricia Fuetsch** participated in this lively (and fun!) discussion of all things registration-related. Members who want to attend a future voter registration training, or who have suggestions for events or locations that might be suitable for a voter registration table, should contact Joyce Delyani at [lwvncsmc@sbcglobal.net](mailto:lwvncsmc@sbcglobal.net). With a dedicated and knowledgeable core of VR volunteers, our League will be ready for a big push to register voters ahead of the March 3, 2020 California primary.

### Action Report

A federal district court in Ohio ruled in favor of the League of Women Voters of Ohio, invalidating the 2011 redistricting maps. Another federal district court ruled in favor of LWV Michigan by invalidating the congressional and state legislative plans in Michigan. Both cases were attempts to disenfranchise voters, but so far the League is winning in court 5:1. In June, the Supreme Court will deliver a verdict on another gerrymandering case, *League of Women Voters of North Carolina v. Rucho*.

This month the LWV Tennessee filed litigation in federal district court to challenge the new 3rd party registration law that imposes substantial penalties on groups like the LWV that foster political participation through voter registration drives. The League is joined by several co-plaintiffs including American Muslim Advisory Council, Mid-South Peace and Justice Center, Rock the Vote, and Spread the Vote.

All is not gloom. Lawmakers in Colorado passed legislation expanding automatic voter registration in the state. The new bill would expand ways to automatically register Colorado residents to vote and would implement an opt-out process for those who do not wish to be included.

And the League is adding new materials to a census action kit. Expect to hear more on the census after the state convention. Getting every resident counted is very important to the League and to every citizen.

*Diana Stephens, Action Director*

### Membership Renewal Reminder

Gentle reminder, if your League of Women Voters' annual membership expires on July 1, and you haven't renewed your membership, please do. In this time of heightened partisanship, gridlock between policy makers, and increased frustration among the public, there has never been a more urgent need for the reasoned, factual, and civil voice that the League of Women Voters brings to our community. As a member, you are a crucial part of our nonpartisan, hands-on work to safeguard democracy and create lasting change. The League is very grateful for your membership. We have much to be proud of, but there is still much work to do. It is not possible without your commitment to membership in the League and your support.

Thank you,  
Marie Baldisseri, Membership Director

*Thank You*

*A heartfelt thank you to our generous donors in response to our fundraising letter. We could not do what we do without your support!*

## Observer Corps Report

The Observer Corps has been busy advancing its 2019 goal, to examine and report on local bond measures – what was promised to voters v. how the bond money was spent.

**Mission:** Promote accountability, transparency, and genuine access to government that values and works to strengthen the public's trust and confidence, as well as their participation in government

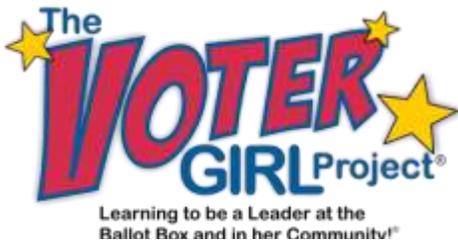

Upon approval of the League board, the Observer Corps will publish its Action Plan, including the identity and timeline of the first Bond Oversight Committee review.

## Email Notifications

Thank you to the members who responded promptly to dues renewal notices. The survey asked how you prefer to have your *Voter* delivered, by hard copy or by email. If you chose email but have previously unsubscribed to our Constant Contact emails, we must continue to send a hard copy unless you give permission to receive emails from the League.

If you have unsubscribed, you do not receive our periodic updates and reminders. Our League sends only one or two per month so you won't be annoyed by too much email. You may also receive emails from the LWVUS and the LWVC and can unsubscribe separately from these if you choose.

If you want to continue receiving the Voter or other messages from our League but have previously unsubscribed, please let me know. Send an [email to the League office](#), leave a message on the League phone, 650-342-5853, or use my contact information in the Member Handbook. You will receive an email from Constant Contact asking you to confirm that you want to re-subscribe.
