Process notes:

- A Closed session on pending and anticipated litigation and a Flood/Wastewater Dist meeting preceded this meeting
- Community forum 1: Concern about Cities handling of clearing homeless encampments, car sideshows - toughen up consequences, inadequate funding for local concerns (potholes, dumping, etc), and 'vote yes on P'.
-
- This was a brief meeting passing operational measure on a Consent Calendar, 'there being no opposition all items were approved', and then returning to closed session to further discuss litigation matters
