THE HUDSON VOTER

Hello LWV Hudson!

The American public has spoken. The obstacles may be different but our Mission remains the same:

Empower Voters and Defend Democracy!

A heartfelt **THANK-YOU** to all LWWH members who braved the elements and prickly citizens to gather signatures for the Issue 1 Amendment! Kudos to everyone's efforts to inform and educate voters about the intentionally misleading language on the ballot. You Are Warriors.

Speaking of warriors: The Climate Sustainability Committee continues to combat the Climate Crisis. I hope to see you all at the Transportation Workshop on Thursday. We still need help, so you can volunteer [here](#).

Rock On!

Mark Your Calendars:

November 14th at 7pm, The Climate Sustainability Committee will host a workshop focusing on transportation held at the Hudson High School Media Center.

December 2nd at 7pm, December Board Meeting at 5230 Knollshire Drive. All members are welcome.

December 11th at 6:30pm (Wednesday), LWWH Holiday Dinner at D'Angelos. This is a deviation from our regular Thursday evening meeting; please mark your calendars. Menu and RSVP information to come.

Climate Change Workshop

**Thursday, November 14
7 - 9pm
Hudson High School Media Center**

This roundtable is the third in a series called "Living Sustainably".

Join your neighbors to discuss questions such as:

- What should sustainable transportation systems look like to meet our community's needs 5 years from now?
- Most design goals in cities are traffic speed and safety - where does reducing emissions fit in?
- What are the obstacles to efficient and sustainable transportation??
- What roles should individuals and families, the city, the county, and organizations like All-Aboard Ohio play?

In addition, you will hear information on:

- benefits and costs of electric vehicles vs. hybrids vs. gasoline-powered vehicles
- ways to increase efficiency of current modes of transportation
- ideas for reducing the environmental impact of air travel

You can volunteer [here](#). A second roundtable will take place in early 2025.

Advocacy Corner

The General Assembly's lame duck session begins November 13. This is when bills can move quickly through the senate and house and require immediate action from citizens. Call you legislator and the bill's sponsor to make your opinion heard.

LWVO is following bills related to democracy, taxation, education, the death penalty, and guns.

Two of those bills are:

SB83 and HB 8: restricts the teaching of "controversial" subjects at colleges and universities and much more. HB8 takes away any expectation of privacy by students consulting school personnel, including school nurses and counselors. Go to the Legislative tracker URL or QR code to get more information:
