Call To 2024 LWVCA Annual Meeting 2024

Mark your calendar for the LWV of the Cooperstown Area’s 2024 Annual Meeting and Potluck on Wednesday, May 1, at 6 p.m. at the Clark Sports Center. Join your fellow League members as we recap our year and celebrate all we have accomplished since April 2023.

At the meeting, members will also elect new board members and officers, vote on bylaws changes, pass a budget, and review our programs for the upcoming year.

The meeting is a potluck, so please bring your place setting and a dish to pass. Members with last names beginning A-J should bring a salad or side; J-T bring a main dish; and U-Z, bring a dessert. We will have various beverages to share, but you are welcome to bring your favorite beverage.

Business Meeting

Inside this issue you will find a copy of our Annual Report for 2023-2024 which contains all the materials you will need to prepare for the meeting: Nominating Committee Report, Financial Report, and Bylaws Changes, as well as reports from various committees. The Annual Report as well as the meeting agenda and other materials will also be available on our website in the members only section.

Bring your laptop or other device to the meeting so you can access the report and the agenda during the meeting if you wish.

You will note that there are two financial reports. Last year members agreed to change our fiscal year to match the LWVNY and LWVUS. This change means two budgets: one for the three months from April 1, 2024 to June 31, 2024, and another to cover July 1, 2024 to June 31, 2025.

The bylaws change is an addition to the current bylaws. On occasion, the LWVCA board conducts votes by email or phone. This bylaws change codifies the practice and includes a provision that the board evaluate the procedure each year. The detailed budgets will be available on our website.

Finally, the nominating committee is recommending Christina Bourgeois as co-president. Christina has been serving as head of Natural Resources. This marks the fifth year of the LWVCA’s plan of having two co-presidents who serve overlapping terms. The board will also be saying farewell to Maureen Murray who is leaving as co-president and leaving the board. Maureen was one of the leaders who became the glue that held our League together during some of the most trying times of our League’s history.

The LWV Oneonta and the Institute of Public Service at Hartwick College are inviting county residents to “Challenges Facing Otsego County Take Action Locally” on Tuesday, April 9, at 6 p.m. The event will feature Dr. Alexander Thomas, professor of Sociology at SUNY Oneonta and the Executive Director of the SUNY PLACES Institute. Dr. Thomas will discuss regional demographic and economic changes, such as de-industrialization and rural out-migration—population loss in rural areas—and how to address these challenges. Edward Frazier, newly elected chair of the Otsego County Board of Representatives will take part in the discussion following Dr. Thomas’s presentation.

The Hartwick Institute of Public Service, a nonprofit, nonpartisan organization institute, seeks to educate the next generation of public servants and inspire legal professionals and government officials to meaningfully engage in our democracy through three supporting areas: Local and State Government, Civic Engagement, and Legal Education.

PLACES is short for “Program for Local Area Community and Environmental Science” and is an official research center of SUNY Oneonta charged with coordinating and conducting research as a service to the Greater Oneonta region. Since its inception, the institute has sought to build internal and external linkages between faculty and organizations relevant to our efforts.

“The Oneonta League is very pleased to be a partner in this event,” says LWV Oneonta Team Leader Stephanie Bauer. “These are issues that will affect this area for generations to come, and have indeed already affected the lives of many who would like to continue to live and work in this area. Coming together as a community to dig deeper into the “whys” of what is happening to our community is the first step to a real solution.”

The event will take place at Shineman Chapel House on the Hartwick College campus. A reception will follow.
**From Your Co-Presidents**

**Spring is Here! Time for Annual Meeting**

Even though there is currently a half foot of snow on the ground, we want to wish you all a happy spring! There are several events we want to make sure you’re aware of. First, our Annual meeting—we really encourage you to attend. Long-time members know what fun it is to gather as a group and see old friends. And if you have not attended before, it’s a great opportunity to connect with other members and get fired up for the 2024 election season. Read the story on page 1.

While you’re on page 1, read about the meeting on April 9 at Hartwick College’s Institute of Public Service. The event is a collaboration of LWV Oneonta and the College’s Institute of Public Service. It should be a thought-provoking discussion.

We hope you all voted in the April 2nd presidential primaries. Two more election dates to keep in mind. Area school districts have their Board of Education and budget votes on May 21, and New York State primary is on June 25.

Speaking of election season, the Otsego County Board of Elections is always looking for election inspectors (formerly known as “poll workers”). There will be a series of trainings offered May 13-16. Contact the BOE at 607-547-4247 or boe@otsegocounty.com for more information.

Finally, as many of your know, Dr. Deborah Turner, President of the LWVUS, passed away in January. We will miss her leadership.

MAUREEN MURRAY & KRISTIN PULLYBLANK, CO-PRESIDENTS

**A Postscript.**

I want to say thank you to my co-president, Maureen. A member for more than 40 years, she has served off and on for 30 plus years as a member the Board of the League of Women Voters of the Cooperstown Area. Maureen, you have been a fabulous mentor for those of us who are newer to the Board and to the League. I have so enjoyed working with you over the past year and I will miss your thoughtfulness, keen sense of humor and tremendous perseverance. While you may be leaving our Board, I know your involvement in both the League and in the larger Cooperstown community continues. Keep doing great things!

**Deborah Turner, M.D., J.D. (1950-2024)**

The League of Women Voters lost an outstanding leader in January. Deborah Turner, MD, JD, the 20th president of the LWVUS and chair of the Board of Trustees of the League of Women Voters Education Fund died on January 28, 2024. She had been elected board president at the 55th National Convention of the League of Women Voters in June 2022.

Dr. Turner knew what it meant to be “in League.” She joined her local Des Moines, Iowa, League in 2010 when that League was under threat of disbanding—a situation not unlike our own League at about that time. While undertaking that effort, she also joined the LWV Iowa Board, eventually becoming co-president of the LWV Iowa. She was elected president of the LWVUS in 2022.

Dr. Turner received her BS from Iowa State University and her MD from the University of Iowa where she completed her Residency in OB-Gyn. Turner was inducted into the Iowa Women’s Hall of Fame in 2013 and received the Gertrude Rush Award from the National Bar Association in 2015. Her most treasured award is a certificate from the Schwartz Center for Compassionate Care.

LWVCA’s Maureen Murray and Patty MacLeish attended the 2022 convention and were both impressed by Dr. Turner’s leadership. “I was very proud to have Dr. Turner serving as the leader of an organization I care so very much about,” said Patty. “She was a remarkable woman and dedicated to the League. Maureen and I were able to see her leadership skills in action even though we were attending convention virtually. She made her presence felt.”

**Students Inside Albany 2024**

The LWVCA is pleased to announce the selection of two delegates to the annual Students Inside Albany (SIA) conference in Albany: Pauline (Polly) Kennedy, a junior at Cooperstown Central School and Ava Calhoun, a senior at Cherry Valley Springfield. The League of Women Voters of New York State Education Foundation, Inc. sponsors one delegate from each League in the state to the program; the LWVCA has sponsored a second student for the past several years.

In Albany delegates from across the state will have an up-close look at their state government. The program is designed to increase high school students’ awareness of their responsibility in representative government and provide information about the tools necessary for meeting that responsibility. This year’s conference will take place May 19-22.

While at the conference, students will participate in a series of interactive lectures on topics such as the state budget process, the role of lobbyists in the legislative process, citizen rights to access government information, the role of media in politics, and the move to reform state government. While in Albany, the students will tour the state’s Capitol. The highlight continued next page
for most students is the opportunity to shadow their Senator and their Assemblymember for an afternoon and attend a session on the Chamber floors.

Polly said, “I am excited to learn how legislation works and how the common person can be heard. I believe this will be a great experience with not only being able to see the capital and meeting new people, but learning and exciting facts.”

Ava is also looking forward to meeting other students at SIA. She wrote in her application “I will be able [at SIA] to continue to cultivate and create connections with peers and learn more about how much by voice really does matter....”

Applications for SIA are sent to schools in the area each year in early January. Thanks to Maria Kaltenbach who coordinates the SIA Program for the LWVCA.

Is New York State Close to Carbon Neutral?

At our Program Planning meeting in February, there was much support for the call from Leagues to put more emphasis on the threat of climate change. A nationwide group of Leagues asked members to come together at convention to support greater emphasis on this important issue. This group notes that climate change threatens our democracy. It is fueling extreme weather, heat, wildfires, flooding, and drought causing food shortages, creating refugees, threatening the biosphere, and impacting our economy, health and national security.

On Thursday, April 18, the the LWVs of Albany, Rensselaer Saratoga, and Schenectady Counties and the LWVNY will present a program “Carbon Neutral NY: Where Are We NOW?” featuring guest speaker Blair Horner. The program will be via Zoom, so local Leagues throughout the state may attend.

Horner is the Executive Director of the New York Public Interest Research Group. He will give an overview of what New York currently is doing to fight the effects of climate change as it relates to the Climate Leadership & Community Protection Act (CLCPA) scoping plan and what needs to be the focus for the immediate future including an emphasis on Social Justice.

Register online (https://us02web.zoom.us/meeting/register/tZEdOUhuqDgE9F2NpGPJ12pAvYkgf4nnAzE#/registration) or visit the LWV Saratoga County (website, https://www.lwvsaratoga.org/events).

Redistricting Finale Affects Otsego County

With new (yes, once again) changes in redistricting in New York, residents of northern Otsego County will have a change in their congressional district. Beginning with the next Congress, when the northern half of Otsego County will be moved to District 19. (For more details on the process, check out the latest issue of the LWVNYS Voter https://conta.cc/4ayTtg).

You could say that the long, post-2020 census redistricting saga in New York state ended with a whimper not a bang on February 28 when the state legislature passed a new congressional map that did not significantly shift the lines drawn by a special master used in 2022. This came after a lengthy and expensive litigation brought by the national Democratic party last year on procedural grounds to force the Independent Redistricting Commission (IRC) to redraw the lines in the hopes that ultimately the legislature could make major changes to shift the competitive balance in New York back more strongly toward Democrats. The legislature did reject a compromise proposal passed by the IRC (unlike in 2022 when the IRC deadlocked on a second proposal), but in the end it made less significant changes to the competitive balance between Democrats and Republicans than widely expected (other than in Syracuse). Republicans, who had been threatening for months to sue, recognized that the new map advantaged Democrats but accepted that it could have been much worse.

The LWVNY issued this statement regarding the latest changes: “The New York State Legislature has once again undermined the intent and promise of the constitutional amendment establishing the Independent Redistricting Commission by voting down a new plan for congressional districts approved 9-1 by the bipartisan IRC and drawing its own new district lines. The League of Women Voters of New York State will continue to fight to further improve the redistricting process for the benefit of all New York voters before the next census.”

Program Planning Report

The LWVCA’s 2024 Program Planning meeting in February was a combination ZOOM and quasi in-person affair. Members who wished to do so were invited to join Kristin Pully at the Clark Sports Center for a guided ZOOM meeting. Maureen Murray headed the program as the 15 members in attendance reviewed LWVUS positions and local League positions. Each year local Leagues gather in February to decide the areas of focus for the upcoming year. National program is considered in even numbered years and state program in odd years to coincide with their respective conventions.

This year the LWVUS Board recommended that Program 2024-2026 continue the Campaign for Making Democracy Work®, voting rights, improving elections, money in politics, redistricting and abolishing electoral college.

Our League agreed with continuing these areas of emphasis, but also considered the request of the LWVUS Climate Interest Group, which urged Leagues to recommend climate as a program item. There were also requests for support from the LWV Washington for a proposal for a “Local News Position” and the LWV Vermont for an update regarding privatization of healthcare. Our League approved recommending all three of these items. If a sufficient number of Leagues also agree that then these issues may be brought before the delegates at convention.

LOCAL PROGRAM FOR LWVCA

Members also voted on which local issues for emphasis the group would like to recommend to our local board. The issues are: improving the election process and protect vot-
Want to learn a new skill or share a skill?

- Did you read our Guest Editorial in the Freeman's Journal about the Observer Corps? Please join us in this endeavor that promotes good government. Volunteers are needed to cover village, town and county government. Contact Deb Dalton (ddalton@stny.rr.com) to learn more.
- As election season approaches, we will be needing more volunteers to help get out the vote events, voter registration drives, candidates’ debates, and VOTE411 our electronic voters guide. Some of the jobs are one-time efforts (like greeting people at a candidates’ debate) and others are a longer commitment (like working with VOTE411). Think about how much time you can give, and contact Hudi Podolsky (hudi.podolsky@gmail.com) for more information.
