

Empowering Voters. Defending Democracy.

We envision a democracy where every person has the desire, the right, the knowledge, and the confidence to participate.

President's Message – Tiffany Geyer Lydon

A very warm welcome to our new LWVDE members!

I would like to sincerely welcome our new members in all three local leagues! We are so happy to have you-- especially now when there is lots of work to be done! For those who may not yet know: all local league members in Delaware are also automatically members of our State League. I encourage you to peruse this newsletter and find state-level events and advocacy portfolios that are of interest and get involved! We are always in need of volunteers for tasks both big and small.

Will I see you at LWVDE STATE CONVENTION in Dover on May 10th?

I would like to take this opportunity to cordially invite ALL League members to attend our Biennial Convention! Every two years we gather for local league delegates to elect state officers and directors for the upcoming biennium, adopt/modify programs, and adopt a budget. But don't worry, it's not all boring business. We'll also be unveiling the LWVDE Strategic Plan, discussing the new ChapterSpot membership portal, and hearing updates on our advocacy work. We'll end with three fabulous and energetic speakers that will highlight our Convention theme: **New Voices, New Generation—Shaping the Future of the League!** Times are changing and the League must strive to adapt!

BUT the very best part of the Convention is the opportunity to spend time with other League members from all over the state. Whether you're meeting some of the folks you've seen on Zooms, catching up with people you haven't seen since the last Convention, or meeting everyone for the very first time, Convention is an opportunity to spend in-person time with others who likely share similar interests and values. If you've never been to Convention, know that you will find your people here. As an all-volunteer organization, the League's true power lies in the energy and action of members. Convention reminds us that there is much important work to be done, and the question for each of us is: How do we join in the fight?

****More Convention details and registration information can be found on the next page. We're facilitating carpooling, so if you need a ride from any part of DE, please don't hesitate to reach out to me at lwvdepresident@gmail.com.**

Saturday, May 10, 2025

LEGISLATIVE PRIORITIES FROM THE ADVOCACY CORPS

APRIL 2025

For your information and action! Submitted by Linda Barnett

The legislative proposals described below are a selection of those we feel are **MUSTS** to be passed during the current session of our state legislature. For more information about any of these bills, contact the person identified below; email addresses are provided.

We urge you to let your senator and representative know your views about these measures.

Criminal Justice: **HB 35** proposes an amendment to Delaware's Constitution to permanently prohibit the death penalty. This is the first "leg" of the required votes in two successive General Assemblies, and a 2/3 vote is required in both houses. Once the death penalty is constitutionally prohibited, we are no longer "just one notorious murder" away from re-legislating the death penalty back into existence. [Contact Chris Asay \(ChrisAsay@aol.com\)](mailto:ChrisAsay@aol.com)

Elections/Voting: **SB 2**, a bill to safeguard Delaware's early voting by changing the Delaware Constitution; overwhelmingly passed in the Senate and looks like it will pass in the House. **SB3**, a bill to allow for no-excuse absentee voting, passed in the Senate and now faces the House. It needs a 2/3 majority to pass and may have problems reaching that level in the House, so it's important to let your Representative know why s/he should vote YES. Contact: Jill Itzkowitz (jillitzkowitz@gmail.com)

Government/Finance/Taxation: **SB 14** creates an independent redistricting commission to set Delaware's General Assembly districts in 2030. This commission will use objective criteria to establish district boundaries, putting communities of interest and people first, rather than allowing politicians to pick what is best for them. Contact Jack Young (young@sandlerreiff.com)

Health Care: Three healthcare-related bills have been introduced this year to secure individual rights currently under threat at the federal level: **SS1 for SB 5**, which proposes an amendment to the DE Constitution guaranteeing the right to reproductive freedom; **SB100**, which proposes an amendment to the state's Constitution guaranteeing that the right to marry is a fundamental right and that marriages will be recognized, and marriage licenses issued, regardless of gender; and **SB83**, which amends the Bill of Rights of long-term care residents to ensure that they are not subject to discrimination based on membership in a protected class. Contact Judy Butler (judyandhays@gmail.com)

Housing: **SB87** requires local governments to permit the construction of Accessory Dwelling Units (ADUs) within their jurisdiction without prohibitive barriers. Such dwellings will provide much-needed affordable workforce housing. (ADUs can be apartments built over garages or in basements, separate living quarters in a home, or a separate cottage built in a backyard.) Contact Vicki Sessoms (v.sessoms@comcast.net)

Social Justice: **HB 58** will prohibit police from stopping, questioning, arresting, searching, or detaining an individual based on actual or suspected citizenship or immigration status. We need to ensure that our law enforcement personnel focus on protecting the safety of all citizens and not spending their time *profiling*. Contact Linda Barnett (advocacylwvde@gmail.com)

LWVDE PROPOSED RECOMMENDED PROGRAM 2025-2027

(Note the full detailed positions are listed in the Program on the website: www.lwvdelaware.org)

The State Board recommend readopting the current Program with the changes listed below at the Convention May 10, 2025

Recommended Changes to PROPOSED PROGRAM

#1 Criminal Justice Reform

Description of Study from 2023-2025 (from current PROGRAM):

Justice System - Continuing Study: A re-evaluation of Delaware's criminal justice system and the impact of the current policies and practices on society. *[Action will continue to be taken under LWVDE current position.] (Adopted at convention June 2017) (Readopted 6/2021, 5/2023. The study is worded intentionally broad so that the study committee can start where it sees the most effective effort and timeliness.)*

Recommendations:

CJR Portfolio recommends re-adopting this Continuing Study at the 2025 LWVDE Convention, with the intention of studying a number of additional policy positions to be considered for adoption at the 2027 LWVDE Convention, or, if the work is completed in time, at the 2026 annual Council.

While the Criminal Justice section in THE PROGRAM, adopted in 2021 after concurrence with the LWV California position, has many position statements, there are still specific areas that have current relevance where no position has yet been taken.

Examples of positions that may be considered for adoption are: Policing; Pre-trial Procedures; Sentencing; Incarceration; General.

2 Health Care

Current language in the PROGRAM is in black. Recommended changes are shown in **red**; reasons for changes are shown in *blue italics*.

Health Care - Continuing Study: A study of the financing and delivery of health care in Delaware. *(Adopted revision at convention June 2019) (Readopted 6/2021, 6/2023.*

LWVDE also acts under the LWVUS health care position: "Promote a health care system for the United States that provides **affordable** access to a basic level of quality care for all US residents, **including behavioral health that is integrated with and achieves parity with the physical health care system.**" *[Reason to add language: these additions are directly from the wording of the latest LWVUS position, and addressing issues pertaining to behavioral health is greatly needed.]*

End of Life Options -Support for state laws that grant the option for a terminally ill person to request medical assistance from a relevant, licensed physician to end one's life and that such legislation should include safeguards against abuse for the dying and/or medical personnel. *(Position adopted at April 2019 state board meeting after concurrence with LWV Utah position)*

Syringe Service Programs - Support for programs to provide clean syringes to those suffering from addiction to injectable drugs, as part of a comprehensive public health effort to reduce the spread of infectious diseases such as HIV/AIDS and Hepatitis. Such programs should also offer education and referrals to appropriate services. *(Updated 6/2023)*

[Move this to Health Care] Gun Control - Protect the health and safety of citizens through limiting the accessibility and regulating the ownership of handguns and semiautomatic weapons. Support the regulation of firearms for consumer safety. (LWVUS position applies) **[Reason to move to Health Care: Gun-related deaths and injuries are a public health crisis; therefore, this policy area should rightfully be included in the Health Care Portfolio.]**

Reproductive Choice - Protect the constitutional right of privacy of the individual to make reproductive choices. (LWVUS position applies). **[Reason to add here: Numerous bills relating to access to abortion, IVF, and other reproductive choices, as well as access to gender-affirming care, have been proposed in recent years in Delaware. This indicates the level of concern for these issues in our state. While this is in the LWVUS statement of positions, including it here gives it the attention it clearly warrants.]**

LWVSCDE Celebrates the 2nd Annual Defending Democracy Film Night Fundraiser Honors International Women’s Month

Above Left: Event Co-chairs Lisa Welle Malone & Donna Davis.

Oh, what a night! On Monday, March 24th the *League of Women Voters of Sussex County, Delaware*, and friends enjoyed a sellout evening of festivities, raffles, films, and delicious food. The 2nd Annual Defending Democracy Film Festival in honor of Women’s History Month is an important fundraiser for the league and this year did not disappoint! Attendees enjoyed amazing food generously donated by DiFebo’s while mingling and choosing their favorite raffle items to bid on. A new popular addition this year was a 50/50 raffle, and the winner almost took home \$287, but this generous winner decided to donate the winnings back to the League. Thank you!

The first film shown was *Hometown Heroes*, highlighting the work of many citizens of Richmond, California, during WWII. The film is narrated by the inspiring Betty Reid Soskin, who shared her lived experience of that time as an African American woman supporting the war efforts during the 1940s. The second film, *Women’s March*, was a documentary of the 2017 Women’s March which highlighted the work that women continue to do to make their voices heard. Our work as women continues. Both films provided inspiration from the women who have come before us, and empowered

attendees to continue the work moving forward.

Many thanks to our generous donors, supporters, and volunteers who made this event a smashing success, and to all who supported the event by attending. We hope you will join us at this fun and important fundraising event next year!
