

How Do Our Candidate Forums Work?

We select races based on the number of candidates and the level of local interest. Once a race is selected, we attempt to find a date that is possible for the maximum number of candidates and a suitable location that is available on that date.

Invitations are sent to all candidates for that race.

At the candidate forum:

1. Each candidate makes an opening statement.
2. Questions are collected from the audience. The moderator addresses the questions to all candidates, rotating the order of the candidates.
3. Each candidate makes a closing statement.

Two of our moderators

A time-keeper holds warning and stop signs.
