

Make Your Voice Heard on the Future of the LWVGH

Planning the League's future is an important goal we have this year. While our strategic planning project is well underway, we still need more of your feedback to help us define our path forward. With that in mind, we thank those of you who have responded to the membership survey thus far. We urge members who have not yet provided responses, to do so now by clicking the link below.

Your comments on how you feel about the League and where it may go are critical components of the planning process. The survey will take about ten minutes to complete, and responses are anonymous.

November 16th is the closing date for you to make your voice heard. We look forward to hearing from you. Thanks in advance for participating.
