

JOHN WILLIAMS

My name is John Williams and I am running for the position of a library trustee.

My wife and I have lived in Marblehead since 1984.

A former president of the Rotary Club of Marblehead Harbor, I currently serve as their secretary. I am eager to join the Board of Trustees at the Abbot Public Library at this exciting time when the renovation of the library is on the June 22 ballot.

By profession I am an aeronautical engineer and currently working as a part-time consultant for GE, Lynn. In the course of my career, I have been involved in many successful projects from conception to completion. I believe my professional skillset and experience with working with many different individuals and groups will be useful as the library enters this new phase of its life.

As an avid reader and as one who has enjoyed much of the programming provided by the library in pre Covid-19 days, I know what a jewel the library is. Public libraries are one of the cornerstones of democracy making available a myriad of resources at no charge and providing a safe place for individuals of all ages to read, study and meet.

I sincerely hope you will consider casting your ballot for me for the position of an Abbot Public Library Trustee.

Thank you.

John Williams
