**COUNTY COMMISSIONER – DISTRICT 11 (Continued)**

<p><b>CANDIDATES for COUNTY COMMISSION</b></p> <p><b>ONE 2-year term</b> <i>Vote for no more than ONE</i></p>	<p><b>Question 1 (150 Words or less):</b> <b>Provide biographical information and explain why you are running for County Commissioner and relevant qualities and skills you would bring to the position.</b></p>	<p><b>Question 2 (150 Words or less):</b> <b>What are the top 3 Priority Issues that the County Commission should address and what actions would you, as a commissioner, take regarding each of them?</b></p>
<p><b>Republican</b> <b>THOMAS E. KUHN</b> 1595 Pebble Point Dr. Troy, MI 48085</p>	<p>I have been an elected official in Oakland County for 26 years, serving 12 years at the local level and 12 years on the Oakland Community College board, 2 years as chair, as well as currently serving as your County Commissioner. I have a BA, MA and PhD in Political Science and have been an attorney for 35 years. In addition to my service as an elected official, I have been active in youth sports as a coach and board member, and as a homeowners association board member. In all those years of service, I have never seen the lack of oversight, no-bid contracts and fiscal irregularities brought upon us by the current Oakland Co. Democratic leadership. We need change. As your commissioner, I will continue to work closely with our city leaders to provide improved roads and infrastructure, and provide support for our businesses, neighborhoods and families. I am totally committed to assuring that your tax dollars are spent wisely and that contracts are properly bid. Website: <a href="http://votetomkuhn.com">votetomkuhn.com</a></p>	<p>Restore Fiscal Responsibility: For decades, Brooks Patterson, Sheriff Mike Bouchard and the Republican County leadership maintained strong fiscal responsibility that provided our critical county services at the best value for taxpayers. The County’s AAA bond rating allowed for dramatically improved infrastructure. We need to return to the wise and rational policy that served the County’s taxpayers so well for so many years. Restore Accountability: Currently, the County Commission does not allow adequate oversight and review prior to important votes. The Commission needs to re-establish its previous operating committees which can provide meaningful oversight of county expenditures and programs. Restore Commitment to Oakland County Residents: The Commission is now spending massive amounts that don’t benefit our residents, including subsidizing political groups. The County needs to be re-committed to providing essential services and infrastructure for Oakland County residents.</p>
