| <p><i>Democrat</i> MARCIA GERSHENSON 5964 Wing Lk. Rd. Bloomfield Hills, MI 48301</p> | <p>I am the incumbent County Commissioner for District 13 and the current Vice-Chair of the Commission. I am a native Michigander and a graduate of the University of Michigan. I am running for re-election because during these unprecedented times, experienced leadership matters and is critical to our recovery. I reach out regularly to local communities to offer County resources. My knowledge and expertise has been invaluable to assist residents and businesses with answers to questions and problems.</p> | <p>My priorities are to strengthen the Oakland County Health department by partnering with local health facilities to offer more services for families. This includes opening more locations that will better integrate our Health Department into our communities and become a valued resource and neighborhood health center.</p> <p>Also, I have been actively involved in the distribution of grants and loans to our local businesses and residents impacted by the corona virus. I will continue to focus on providing the necessary support and financial resources to our community to bring back jobs and businesses to help rebuild our economy.</p> <p>Seniors have always been a top priority for me. I will continue to advocate and distribute funding to local agencies that offer senior resources. Oakland County has a large senior population and I am committed to try and address their needs and help them live independently and safely.</p> |

COUNTY COMMISSIONER – DISTRICT 13 (Continued)

| <p>Republican MAX ROHTBART 5613 Pembroke Crossing West Bloomfield, MI 48322</p> | <p>I am a lifelong resident of Oakland County, graduated Andover High School, and have a B.A. in History from Oakland University. I currently attend University of Detroit Mercy School of Law where I am entering my final year of studies, I also serve on the student board of governors and honor council. In addition I work as a sports official registered with the Michigan High School Athletic Association (MHSAA) in the sports of Football and Baseball. The reason I am running for county commission is because I am concerned about the direction of the county, the state, and our country. Americans are divided and leaders on all sides are making the situation worse. People are increasingly distrustful of institutions which are meant to protect them, which sometimes fail to do so. We as elected officials and public servants need to spend more time in the community looking at common problems, so we can solve those problems before they become even worse.</p> | <ol style="list-style-type: none"> 1. Infrastructure improvement, while roads have long been discussed other important pieces of infrastructure have been neglected for decades. Water quality is a major issue in Oakland County, replacement of lead pipes has been moving forward slowly, however the county dumping raw sewage in our great lakes is unacceptable and needs to end, the county needs to start with a transition plan to divide drainage and sewage systems. 2. No gerrymandering, the next county commission is responsible for drawing the districts for the 2022-2030 elections. I pledge to not vote for any gerrymandered map. 3. Maintain Oakland County’s AAA bond rating, the county has maintained a AAA bond rating for the past 22 years under strong leadership. This bond rating allows the county to provide better services for less taxpayer expense. To maintain this rating the county commission must hold the executive to a high level of scrutiny to maintain strong budgeting practices which have served Oakland for decades. |
