I was elected and have served as West Bloomfield Township Supervisor since November 20, 2016.</p> | <p>The first issue is ensuring the safety of the residents of West Bloomfield Township, by maintaining a highly trained, qualified staff of public safety officers, 911 dispatchers, fire fighters, and emergency medical responders, to provide the highest level of public safety possible. Another issue of paramount importance is that the staff at the town hall building provide superlative service to the residents, contractors, and visitors, and the passing and adopting of a reasonable budget that maintains a strong general fund balance. The final area of focus is maintaining the integrity of the wetlands and woodlands throughout the township, and making sure our ordinances are followed, so that property values remain at an optimal level.</p> |

| <p><i>Democrat</i> TERI ADELBERG WEINGARDEN 3962 Fieldview Ave. West Bloomfield, MI 48324</p> | <p>As the elected West Bloomfield Treasurer, since November 2008, I have the demonstrated skills and core competencies necessary to be your Treasurer for four more years. I strive to continually educate myself in all areas of the Treasurer’s office and Pension board. As the Pension Board Chair, I closely monitor our retirement system plan assets and ensure the safety of funds for both our current employees and retirees. I hope to provide exceptional customer service to the residents of West Bloomfield for four more years.</p> | <p>West Bloomfield Township's Top Priorities:</p> <ol style="list-style-type: none"> 1. FINANCIAL STABILITY: As Treasurer, I ensure that I always protect the township financial assets by following PA20 investment guidelines and finding unique ways to save money. I proposed bonding our OPEB obligation, and the Clerk and I researched refinancing these bonds in 2019, thus saving an additional \$1.5 million. We have saved the township millions of dollars and properly funded our OPEB obligations. Early in my term, I was able to increase our credit rating from AA to AA+ and the township has maintained this credit rating, even during economic downturns. 2. SERVE ALL RESIDENTS: It is vital that we serve and protect all residents regardless of political party, race, religion, disability or sexual orientation. I am dedicated to providing excellent customer service to all my residents. 3. PROTECT THE ENVIRONMENT: I work with the township board to protect our lakes, wetlands, and woodlands. I am the appointed West Bloomfield Representative on the Upper Long Lake Board, ensuring lake health is maintained. I volunteer at community recycling events and ensure we probably fund and promote the safe disposal of hazardous waste. |

| <p><i>Republican</i> WILLIAM J. BURRIS 6590 Commerce Rd. West Bloomfield, MI 48324</p> | <p>I have been a resident of West Bloomfield for 37 years. Now retired, I am both a CPA and CFE (certified fraud examiner). My career began in public accounting with Ernst and Young, but eventually I transitioned to the private sector where I was CFO for companies in service industries (law, architecture, civil engineering), manufacturing, and health. While I was a Partner, Board Member, and Treasurer for several of these companies, my approach was always hands-on, and I would like to apply my knowledge of accounting and management to the issues facing the township. University degrees in Architecture from the University of Michigan and MBA in Accounting from Wayne State University.</p> | <p>Fiscal responsibility, transparency, and putting the taxpayer first.</p> <p>Fiscal responsibility: if I were to be elected Treasurer, I would save the taxpayers money since I can carry out the duties of the position, eliminating the need to hire other people to do my job.</p> <p>Transparency: it is important to be accountable to the taxpayer, and one way to do this is to make public the actual hours worked by the Supervisor, Clerk, and Treasurer, all of whom are elected officials.</p> <p>Putting the taxpayer first: the taxpayer is footing the bill for everything done in the township. As Treasurer I would make it my business to work at ways to keep property taxes the same or, better yet, lower them.</p> |

| <i>Democrat</i> DIANE ROSENFELD SWIMMER 6925 Evershed Terr. West Bloomfield, MI 48323 | I have been a proud West Bloomfield resident since 1973. It was very important to me to raise my three boys in West Bloomfield township. I have served as Trustee since 2012. I have been instrumental in moving our public safety into updated facilities and equipment. As well as improving our road ways. I have also been the liaison for the township board with the Environmental commission as well as being appointed the election commission and also chosen to be on Brenda Lawrence's Women's Advisory Committee. The recent challenges in the health care industry only affirmed my desire to make a difference and help people. | My top 3 priorities continue to be the same. My first priority is to treat all residents with respect and respond promptly to neighborhood concerns. My second priority it to continue to control Township spending, always looking for the best value in goods and services. My third priority is to protect our quality of life with strong public safety, parks and library system. |

I have played an active part on the Board of Trustees in shaping policies and procedures to help the township address our residents' needs while paying attention to budgetary constraints. For example, I have worked closely with the Township's IT department, the Parks and Recreation Commission and the Cable Commission to shape the development of the Township's new fiber network.</p> <p>I have extensive experience as an IT consultant/analyst in the public and private sector, including a term with the Michigan Economic Development Corporation. | <p><i>Republican</i> LAUREN BAYLERAN BURRIS 6590 Commerce Rd. West Bloomfield, MI 48324</p> | <p>I have been a resident of West Bloomfield Township for 37 years. My husband and I raised our two children on Green Lake, and now they are living in West Bloomfield with their own children. I have been involved with issues surrounding lake quality and have an appreciation of the delicate balance between maintaining and conserving our natural resources and the property rights of landowners. I have two business degrees and have been self-employed in both industrial advertising and commercial real estate. In both businesses I was a fiduciary, always putting the concerns of my clients above my own. I will do the same as a Trustee of the township.</p> | <p>Our township is led by a board that includes trustees, and they are accountable to the township's citizens. One of the hallmarks of townships is that property taxes are usually low, but not ours. As a Trustee, I would like to take a hard look at our budget and figure ways to lower the tax burden facing every taxpayer. I want the needs of the citizens to be heard and I want to work with the taxpayers, not against them. Above all, I want to work in a transparent fashion with everything done in an open forum so that the people of the township know that my decisions have been made in their best interest.</p> |
| <p><i>Republican</i> STEPHEN MATHENY 6008 Petros Dr. West Bloomfield, MI 48324</p> | <p>Steve Matheny has been a resident of West Bloomfield for over 26 years and has raised two boys here with his wife Maria. Steve is a problem solver who analyzes the data and works with clients to provide the best solutions. Steve's background will serve the Township of West Bloomfield with the complex issues the township navigates.</p> | <p>Working for the taxpayer, Transparency and Financial Stewardship. My current duties are to serve the General Public's Health, Safety and Welfare and the Trustee position will focus these skills for the West Bloomfield Residents. Transparency is a corner-stone of my profession which is also critical for the position I am running for. Engineering requires financial stewardship to the committees that I serve. Projects are designed and specified for a budget using best practices of engineering to ensure a project is delivered on Time and Budget.</p> |
| <p><i>Republican</i> BILL PONKOWSKI 7047 Locklin West Bloomfield, MI 48324</p> | <p>Being semi-retired, I now have the time to serve my community. I have lived in West Bloomfield for 37 years. My background as a successful business owner enables me to look at budgets, spreadsheets, and analysis work flow situations.</p> | <p>Transparency, less executive closed meetings</p> <p>Listening to citizens, right now the township feels very authoritarian, and residents are just something that need to be dealt with.</p> <p>Being Fiscally responsible, closer examination of budgets, tighter control of discretionary spending.</p> |

| <p><i>Democrat</i> SALLY WENCZEL 5017 Lake Bluff Road West Bloomfield 48323</p> | <p>I've worked in communities where I didn't fit in right away and they let me know it. I've learned that you have to listen. You have to listen deeply to the stories and the needs of the people around you for guidance in order to execute the goals that you want to achieve. When I worked as Program Director at Penrose Art House & Art Garden in Detroit, I learned from my mentors to survey the public interest. I learned to use the childrens' ideas to create lesson plans and the parents' ideas for what community classes we should create. They become my teachers in so many ways and their lessons still resonate with me today.</p> <p>As a freelance writer, I tackled straight business news for years, interviewing small business owners about their passions. I moved on to environmental stories recently and interview local ecologists to create children's articles and create artwork to educate about the watershed, native plants and animals. I am always looking to learn something new through my writing and teaching. I hope I can continue to bring my experience and perspective to the commission.</p> <p>Sally Wenczel has served on the West Bloomfield Township Parks & Recreation Commission for four years.</p> | <ol style="list-style-type: none"> 1. The health of our watershed is the health of us. It is our reflection. The more we instill this knowledge in our community, especially in our children, the more we can truly call this place a home that we can cherish and take pride in. My voice is heard in these matters. 2. Biodiversity in plant life is vital to a thriving ecosystem, just as diversity in human populations makes a community healthy and strong. Sometimes we have to dig deep to understand each other and I am always willing to do that. 3. Our public schools hold inside of them the minds and spirits that will shape this community's future. Our public learning institutions need our support now more than ever. It's time to step up, volunteer, come together and keep West Bloomfield Public Schools up to the high standards that they have always been. |

I grew up in South Haven, Michigan playing in my beautiful backyard beside a ravine, riding my bike, interacting and appreciating nature's miracles all around me. My childhood roots in nature have been heightened by my walks in WB nature areas. I am passionate about hearing from everyone to value and implement their needs and desires re WB parks and programing for recreation and social interactions.</p> | <ol style="list-style-type: none"> 1. The reopening of WB Parks and Programing under the guidance of the Restoration of Operations Procedural Manual. Implementation of timelines and use of resources should remain fluid to focus on the safety and well being of people as they enjoy the parks and the programing. The Commissioners' responsibility is to make sure that the leadership is in place to guide people through this process. Under the leadership of Director, Jennifer Tucker and her exemplary staff the community has been efficiently and responsibly served. 2. Working through issues to ensure that adequate funding is available to sustain the parks, programs and social interactions that enhance our community. I would educate the community and advocate for appropriate funding to continue to support maintenance and innovation. Listening to the concerns of people will encourage collaboration. 3. Adherence to the goals and spirit of the Strategic Plan. Transparent communication with people about the Strategic Plan, including where WB Parks and Recreation is going and why.
