## Call to Convention

The League of Women Voters of Washington will convene its <u>biennial Convention</u> on Thursday, May 4, 2023 and end on Sunday, May 7, 2023 at the <u>Pasco Holiday Inn Express and Suites</u>.

Plan now to attend—each local League may send its President and additional delegates as determined by your membership count that was finalized with LWVUS on January 31, 2023. Bring yourself, your family, and your friends to be part of the League's work and play. It'll be worth it! Delegates chosen by the members of local Leagues can have one delegate for its first through 15 voting members and one delegate for every 25 additional voting members or major fraction thereof.

The business of Convention will set the stage for the 2023-2025 biennium and will include adoption of Program of Work, election of officers and board of directors, and approval of the budget. There will be a variety of workshops addressing key issues and tips and ideas from other Leagues for League work.

This is a great place for new and long-term members to learn more about the League, meet members from across the state, and be inspired about our next 100 years. Bring friends who might want to discover the League and family who can

uncover the hidden gems of our region. All are welcome!

Join us at the Convention: Discovery4: Discover Democracy, Discover League, Discover Partners, Discover Tri-Cities.

People, not just plenaries. Relationships, not just rules. Discovery, not just decisions.

# Civics Education ~ Wendy Spinosa

Even though it's only April, the school year is flying by. In past years, generally, more teachers are interested in our visits during May and June. Most of their requirements and testing have wrapped up by then, so we'll look forward to again visiting a few AP History Classes along with Civic Education classrooms. We will focus our talks in the following areas:

Who we are and the history of the LWV.

How our government is structured, with an emphasis on local governing.

How we vote in Washington State.

Good citizenship.

This year, The National Archives, partnering with iCivics, introduced their first National Civics Week, March 6-10, 2023. Schools and organizations across the U.S. held workshops, virtual webinars, and student-led learning opportunities, highlighting the importance of Civic Education. Topics included Reaffirming the

Civic Mission of Schools, Civic Education as a Matter of National Security, and a conversation with Supreme Court Judge Ms. Sonia Sotomayor. This is a wonderful opportunity for our members to learn more about and participate in building our democracy. We'll stay informed and ready to participate in 2024!

Misinformation day occurred the last week of March. The Center for an Informed Public, at Washington State University, helped establish this day to reach out to educators, providing resources for classroom activities that help identify misinformation and disinformation across the media spectrum.

The links are below if you would like to know more about Civic Education in our schools and throughout our community.

Our committee member Janet Nail shared Civic Education videos that NPR has on their website:

It's a great refresher and reminiscent of "School House Rock," that we all grew up on. Quite fun!

As always, we welcome new people interested in civic education and ideas for future community engagement.

# Membership, Engagement and Leadership Development ~ Leona Hassing

For the monthly Zoom MELD Pod #4 meetings an agenda is sent by the chair. It consists of (1) round robin sharing, (2) LWV-board report from state president, Lunell Haught, and (3) a pre-chosen topic to discuss.

During the round robin sharing each attendee shares the activities from their unit. There are four leagues represented, Kitsap County, Lewis County, Mason County and Benton Franklin Counties. Units range in size from Kitsap with 172 members, Mason with 64 members, Lewis with 14 and Benton-Franklin with 84.

The sharing session takes up most of the time and provides opportunities to hear what the other units are doing and to ask questions of each other. When I shared that our unit had set up the Marilyn Perkins Scholarship, the others had questions. As a follow-up the Kitsap group has been in contact with our scholarship committee wanting information on how to develop a scholarship.

State President, Lunell Haught, shares information from the LWVWA board. Lunell talked about the Shoreline Study, Study on Local Journalism and News Crisis, the legislative session, and planning for Convention in Pasco, May 4-7.

The discussion topic last meeting was - Advocacy Now and Beyond - how might your local league encourage member engagement during and after the legislative session? We ran out of time so there was no discussion.

The topic for the next meeting is - Has MELD been helpful to you and your league? How could it best meet your needs in the future? I'm open to suggestions or your thoughts if you would like to send them to me at <a href="https://linear.nih.google.
