## LIMESTONE PRESBYTERIAN CHURCH

3201 Limestone Road

See Directions to the Church at [www.LimestonePresbyterian.org](http://www.LimestonePresbyterian.org)

**WEDNESDAY, SEPTEMBER 18<sup>TH</sup>**

7:00 - 8:30 PM

**Refreshments at 6:45 pm.**

Climate change, sea level rise and flooding are critical issues for all three of Delaware's counties. As part of Sea Level Rise Awareness Week, we welcome you, the public,

to learn more about what you can expect to happen with sea level rise and storm surge in your state. Hopefully, many of your questions will be answered as you learn about the recommendations that are being presented to the Dept. of Natural Resources and Environmental Control by the Sea Level Rise Advisory Committee. Join us for a lively, serious discussion.

**Welcome** – Bruce Gillette, Pastor, Limestone Presbyterian Church; video

**Moderator** – Mike Rominger, Co-Leader, New Castle County Congregations of Delaware Interfaith Power and Light

**The Science Behind Climate Change and Sea Level Rise** – Dr. Chad Tolman, scientist concerned with climate change

**The Moral Dilemma** – Bruce Gillette, Pastor, Limestone Presbyterian Church

**Recommendations of the Sea Level Rise Advisory Committee** – Brenna Goggin, Environmental Advocate, Delaware Nature Society

**Question and Answer Period**
