PRESENTATION TO
THE OFFICE OF MANAGEMENT AND BUDGET
ON THE FY 21 BUDGET REQUEST
OF THE AUDITOR OF ACCOUNTS
NOVEMBER 2019

The League of Women Voters supports the mission of the Office of the Auditor of Accounts to:

- Ensure that state funds are appropriately accounted for
- Combat fraud, waste and abuse
- Fulfill the mandate for title 29 of the Delaware Code to provide professional auditing services

The League SUPPORTS funding for the Office of Auditor of Accounts to at least the 2008 funding levels, which, in 2019 dollars, would be equal to approximately \$5,000,000.

The League also SUPPORTS the return of general and special fund positions within the Office to 51 which was the level in 2000.

The League believes that the Auditor of Accounts plays a significant role in ensuring financial accountability across state-funded functions and operations, as well as protecting citizen investments made in their government and services.
