

Sea Level Rise and flooding: How will Delaware adapt?

Monday, September 16
7 to 8:30 p.m.

Christ Episcopal Church, Dover

South State and Water Streets (523 S. State St.)

Climate change, sea level rise and flooding are critical issues for all three of Delaware's counties. As part of **Sea Level Rise Awareness Week**, we welcome you, the public, to learn more about what you can expect to happen with sea level rise and storm surge in your state. Hopefully, many of your questions will be answered as you learn about the recommendations of the state's Sea Level Rise Advisory Committee. Join us for a lively, serious discussion.

- 6:45 p.m. - Light refreshments
- 7:00 p.m. - Welcome, introduction and video: Lee Ann Walling, moderator, Executive Director of Delaware Interfaith Power and Light and vestry member of Christ Church
- 7:15 p.m. - Dr. Chad Tolman, Scientist Concerned with Climate Change: The Science Behind Climate Change and Sea Level Rise
- 7:30 p.m. - The Rev. Mark Sullivan, former rector, St. Peter's Episcopal Church, Smyrna: People of Faith and Climate Change
- 7:45 p.m. - Susan Love, Planner IV, Delaware Coastal Program, DNREC: Recommendations of the Sea Level Rise Advisory Committee
- 8:00 pm - Question and Answer Period

Sponsored by the Delaware League of Women Voters Education Fund,
Delaware Interfaith Power and Light, the League of Women Voters of Kent County,
