  - c. Change your cover photo to the one from that page (the green one with election dates & deadlines).

  - Voting is important!
  - It is easy to find election and candidate information on VOTE411.
  - All Delaware voters can vote absentee this year. Start at either [VOTE411.org](http://VOTE411.org) or [elections.delaware.gov](http://elections.delaware.gov) to learn about it and request your absentee ballot(s).
6. Post on Nextdoor.com "*Have you requested your absentee ballot(s) yet?*" (and also "*Have you completed your household census yet?*"). Both can be done entirely from our own homes during this time of social isolation.

**Starting June 9** (a week before the school board election) ...

7. If there is a school board race in your district, make a post on Nextdoor.com "*Hey, did you know we have a school board election next week? Check the candidate statements on VOTE411.org, and vote on June 16th. It's important! Our kids are our future.*"
8. If you own a business with a signboard, or know someone who does, post a simple message. E.g.: "**School board election June 16. See VOTE411.org**"
