The League of Women Voters of Texas is an organization committed to promoting a more civic-minded society through education, advocacy, and registration. Founded in 1920 by suffragists, the League has a long history of working to ensure that all citizens have the right to vote. Since then, it has been registering voters, encouraging informed and active participation in government, and influencing public policy through education and advocacy.

The League is open to all women and men who believe in the importance of democratic principles and want to work towards a more participatory democracy. Membership is not limited to residents of Texas, and the League's work extends beyond state boundaries.

The League's mission is to promote civic engagement through education and advocacy, and to work towards a more inclusive and participatory democracy. It achieves this through a variety of programs and initiatives, including voter registration drives, candidate debates, and policy advocacy on a range of issues.

The League's diverse membership includes individuals from all walks of life, who come together to work towards a common goal. Whether you're a student, a teacher, a business owner, or a community leader, the League is a place where you can make a difference.

The League is a nonpartisan organization, committed to promoting nonpartisanship in public life. It does not support or oppose any candidate or political party, and its work is focused on issues rather than partisanship.

Since its founding, the League has accomplished much, including promoting women's rights, registering millions of voters, and influencing public policy through education and advocacy. It continues to work towards a more inclusive and participatory democracy, and to promote the principles of democracy that are so essential to a functioning society.
