President’s Message

We’ve been educating and agitating for more than 90 years. More people seem to know us for the “educating” part. Although our Voters Service work is very important to us, and we do it very well, we “agitrate,” too.

It is that combination of educating and agitating that makes the League of Women Voters such a unique organization. Our Voters Service continues to be strong as we compile Voters Guides that are nonpartisan and unbiased. Our positions on issues are highly respected because of our well-researched and thoughtfully reached positions. We use those positions to “agitrate.”

No time is “agitating” more obvious than during a legislative session. We have a regular Legislative Newsletter online, which members and others use to stay informed and to know when to contact their legislators on issues important to the LWV. Because our grassroots members choose the issues we study and come to consensus on what we believe about these issues, our issue chairs have their marching orders during the legislative session as they work to keep up with all the bills and to collaborate with coalition partners. We can “agitate” because our positions are well established and understood by our membership.

During our Lobby Days this past March, we presented the Texas-based Center for Public Policy Priorities (CPPP) with our first Making Democracy Work award. The Center’s research is a must read for legislators on both sides of the aisle, and CPPP advocates for those who may not be able to advocate for themselves. The LWV is able to accomplish as much as it does because of work with other groups like the CPPP. In addition to the celebratory dinner at Lobby Days, we had briefings on issues, tips on “agitating,” and time to talk to legislators about the Issues important to the LWV.

Because some significant legislation passed during this last session which will impact the voter and because Texas ranked last in voter participation in the November 2010 election, we have used the past few months to plan a comprehensive state-wide campaign to register voters and get out the vote. We’ll mostly be in our “educating” mode—telling Texans how to register and what ID’s they’ll need in order to vote. “Agitating” never stops for the LWV.

There is nobody else quite like us—encouraging informed and active participation in government, working to increase understanding of major public policy issues and “educating and agitating” to influence public policy. We have accomplished much in our more than 90 years and don’t plan to stop! Educating and agitating is what we do, because Texas ranked last in voter participation and it does because of work with other groups like the CPPP.

President’s Message

The League of Women Voters of Texas, a nonpartisan political organization, promotes informed and active participation in government and influences public policy through education and advocacy. Although the League neither supports nor opposes political parties or candidates, it acts on issues its members have studied.

Membership in the League is open to all women and men. Voting members must be citizens 18 years of age or older. The LWV-TX includes 29 local Leagues as well as members-at-large in communities that do not have a local League. LWV-TX was founded in 1919, one year prior to the passage of the amendment to the U.S. Constitution that gave women the right to vote. With assistance from a full-time Executive Director and a part-time Assistant in the state office, volunteers contribute tens of thousands of hours (worth more than $1 million) to conduct League studies, voter service projects, and advocacy based on League positions. Financial contributions to LWV-TX enable it to help local Leagues in their services to their communities and strengthens League advocacy efforts in the public interest.

LWV-TX is classified as a 501(c)4 organization by the Internal Revenue Service; neither dues nor contributions may be deducted as charitable donations.

The League of Women Voters of Texas Education Fund is making democracy work by providing nonpartisan, factual information about voting, government, and public policy to Texans. Contributions to the Education Fund support studies, publications, dissemination of information about issues that affect Texans, and projects to encourage and increase informed voting. Contributions also underwrite services to strengthen local Leagues and ensure that League guidelines and nonpartisanship are upheld.

LWV-TEF has been classified as a publicly supported educational trust in accordance with Section 501(c) (3) of the Internal Revenue Code and is not taxable as a private foundation, as defined in Section 509 of the code. Therefore, donations to the LWV-TEF may be deducted as charitable contributions.
