**U.S. HISTORY (COMBO) SS375**
1.0 (YEAR) AM Option Available
Prerequisite: English II
Grade Level(s): 10
What is worth remembering? How do we make distinctions between "us" and "them"? How do texts contribute to the cultural and societal values of the time period in which they are written? Students examine questions such as these in American Studies, a class that approaches the study of American literature and American History both chronologically and thematically. This integration enriches the learning experience, just as it is impossible to undertake a meaningful study of American history without understanding the poetry and prose that both drive and chronicle it. One cannot truly comprehend the power behind the words of America's writers without understanding the context of the times in which they wrote. Students gain a greater appreciation of the men and women who, in unique times and through the force of their voices and determination, helped make America the country it is today. Communication skills will be enhanced in this team-taught, two-period class, which fulfills the History and English requirements for Junior year (1 credit English III and 1 credit U.S. History). Required course for all Juniors except see AP U.S. History Combo.
Credit Type: UHST

**AP* EUROPEAN HISTORY (COMBO) SS225**
1.0 (YEAR)
Prerequisite: English and Teacher Signature
Grade Level(s): 10
The student who takes this AP course should have strong reading comprehension and writing skills and will be expected to demonstrate leadership in the classroom setting. This course combines the chronological study of European history and literature in an integrated program beginning with the Middle Ages in Europe and working to the present day. Students will write college-level essays, creative works and a research paper. They also refine critical thinking, speaking, listening, reading and group interactive skills throughout the year. This course is designed to meet the objectives of English II and AP European History. In a course taught by one member of the English dept. and one member of the Social Studies dept. In addition to providing students with the opportunity to explore the connections between two academic disciplines, emphasis will be placed on preparing for the optional Advanced Placement European History exam, which allows for university/college credit in most post-secondary programs. This class will be taught in a block-out block (1 credit English II; 1 credit AP European History).
