LWV-WC JJ Advocacy New Member Information

If you are interested in joining our small but powerful LWV JJ Advocacy team, there are multiple ways to participate.

The group exists to advocate strongly for youth and to encourage legislative advocacy. Invited speakers keep attendees apprised of the multiple layers of efforts in Washtenaw County and beyond to support court-affected youth, and interventions intended to prevent at-risk youth from becoming court affected.

1. We encourage all to visit our advocacy page, and watch a couple of LWV JJ Advocacy presentations by key experts to become familiar with our educational programs. https://my.lwv.org/michigan/washtenaw-county/juvenile-justice-and-justice-all

2. The team is always looking for people with technical acumen who can perform Zoom Host functions including:
- Signing into Zoom and starting the meeting
- Managing the waiting room and preventing all AI/Bot notetakers from entering the meeting
- Using Chat function to communicate with participants in the waiting room and the main meeting
- Adjusting Chat controls as needed
- Muting participants as needed
- Assigning co-host roles to presenters and other LWV team members
- Renaming self and meeting participants as needed
- Screen sharing

3. We welcome those willing to assume responsibility for on-screen hosting JJ events once you have become more familiar with our group. Bear in mind we always promise presenters their time will be uninterrupted.

Email justice@lwvWashtenaw.org for an invitation to join our next planning meeting.
