## **WHAT IS THE LEAGUE OF WOMEN VOTERS?**

The League of Women Voters (LWV) is a nonpartisan, grassroots, nonprofit organization dedicated to empowering everyone to fully participate in our democracy.

With active Leagues in all fifty states and more than 750 Leagues across the country, we engage in advocacy, education and litigation to protect every American's freedom to vote.

Founded in 1920, the New York State League was a merger of the National Council of Women Voters and the National American Women's Suffrage Association. Referred to as a "mighty political experiment," it aimed to help newly enfranchised women exercise their right to vote.

Today, the League has expanded our vision of an inclusive democracy where all Americans, regardless of gender, sex, race, ability or party, can see themselves represented in our government.

To build this vision, we bring an anti-racist social justice lens to the issues of voter access, voter suppression, money in politics, and fair redistricting.

Additionally, we promote social and economic justice through actions in health care, immigration reform, the census, and environmental quality.

Anyone (over the age of 16) can join the Brookhaven Chapter of the LWV-NYS.
