

INFORMATION ON VOTING BY MAIL AND VOTING DATES

During this time of Covid-19, citizens will be able to vote by mail, SAFELY. All registered voters can expect an APPLICATION for a ballot by mid-July for the September 1 Primary and by mid-August for the November 3 election. If you do not receive an application, please check Vote411.org for your registration status or contact your Town Hall Clerk.

When the APPLICATION is received by your local Town Hall Clerk, voters will then receive the actual mail-in ballot. We encourage voters to mail back applications as quickly as possible to give local election officials plenty of turn-around time for sending the ballots. Voters may return their ballots by mail or deposit their ballots in secure drop boxes where provided. Check with your Town Hall Clerk for the drop box location.
