Last Meeting Review

Pat

- **Compile a list of city managers for the 10 cities in Ventura County and their websites to facilitate outreach about available grants and fire risk reduction.**

Susan

- **Finalize a date for the Desalter tour, considering August 25th or 27th, and confirm the tour time.**

Wayne

- **Email Heather Allen (county sustainability group) to ask about greenhouse gas emissions progress and request fixes for broken links on the web page.**
- **Distribute the link to the Oak Park Unified School District Board Policy on green operations (BP 3510/3511) to all meeting attendees.**

Last Meeting Review

Wayne

- **Email Heather Allen to inquire about the status of the county's greenhouse gas emissions and address broken links on the webpage.**
- **Share the link to the Climate Action Plan team's candidate questions document after the meeting.**
- **Take a closer look at Proposition 45 (CEQA reform) and report back to the group.**

All

- **Look at Proposition 45 (CEQA reform).**

Climate Bills sent to Gov Newsom

AB 2313 Berman

Gas corporations: gas distribution service line replacements: alternatives.

Gas Distribution Service Line Replacement Alternatives Program would allow residential gas customers for getting a payment in lieu of installing or replacing gas lines. The intent is to incentivise transition to electric.

Article in the VC Star Wed. 9/23

SB 868 Wiener

Portable solar generation devices

Allows solar panels at 1,200 watts or less to be plugged into an outlet without fees or permits. Utilities can make you fill out an online registration form, of the address, make, model, and size of the portable solar generation device.

Ventura County wants to add a permitting requirement on these devices. Many in the community spoke out against it in Tuesday's BOS meeting.

Climate Bills that Chaptered

AB 2458 Bennett

This bill would expand the above-described provisions (energy efficient appliances) to also include the rental, importation, distribution, or lease of, or an offer for the rental, importation, distribution, or lease of, those appliances, as provided.

Event Planning?

Ideas for events:

Desalination Plant – Camarillo Pick a date

Tour of Harrison Waste facilities

Tour of Agromin

Tour of Port Hueneme

Other ideas?

Ask Sean Show Tuesday, Sept 29 5:50pm

Helene Cornell will be sharing her four-year adventure designing and building an all-electric house almost entirely from reclaimed materials. See how this early adopter built her home and what lessons she learned.

Please bring your questions so Sean and our team of experts can help you look at affordable, efficient ways to electrify your home appliances and HVAC!
