* The cost of our \$60 annual individual dues has been identified as a potential barrier to a strong, diverse membership. At the Annual Meeting on June 3, 2017, League of Women Voters of Kent members voted to add a "Pay What You Can" option that is being used by other Leagues. Essentially, members pay what they can afford. The standard dues amount remains \$60 for an individual. League members who are able are encouraged to add to the standard amount. This approach balances itself to cover the dues that are required for funding our state and national organizations, which currently leaves the Kent League with \$3 from a \$60 membership payment. Member donations help to make this possible.
