Together we can choose to make recommendations to LWVUS and LWVBA whether to:

- Affirm existing national and regional priorities.
- Support LWV of Illinois: Place an action focus on the LWVUS 50-year old position to abolish the electoral college.
- Add "Climate Emergency" to the LWVUS "Campaign for Making Democracy Work."
- Review LWVBA positions: regional government, natural resources, hazardous materials, housing, and transportation. If there are gaps, we will identify what is missing.

On April 18th, LWVO hosts a special membership meeting to discuss local program priorities.
