How does the Governor decide whose rights to restore?

- Each Virginia Governor has a different process to decide whose rights to restore.
- Current Governor Glenn Youngkin has not released the database of information he uses to determine which returning citizens to whom he restores voting rights.
- The Virginia NAACP, represented by the Lawyers Committee for Civil Rights under the Law, is in the process of appealing the judge's decision which kept the database confidential. You may be able to follow the case on the <u>news</u> portion of the Virginia NAACP's website.
