Get voting information at vote.pa.gov Register to vote by May 5th! In Pennsylvania, a primary election is held each spring, allowing voters who are registered as Democratic or Republican to select their party's candidate for the election in the fall. Because Pennsylvania has a closed primary, voters only receive and cast a ballot for candidates from the major party in which they are registered. In the primary, independent and third-party voters do not receive any party's ballot and may vote only on ballot questions or special elections, if applicable. There are no ballot questions or special elections on Union County ballots for this primary.

Read the most up-to-date candidate responses online at Vote411.org

This *Voters Guide* lists candidates by office. All those whose names appear on the official ballot for each office are listed together by party, with the candidates for the party of the governor appearing first. Within each party group, candidates appear in the order in which they will appear on the official ballot (unless stated otherwise in this *Voters Guide*).

# **STATE-WIDE JUDICIAL RACES**

Judicial elections occur in odd-numbered years. Justices and judges must be Pennsylvania residents for at least one year and be a member of the state bar. They may serve an unlimited number of terms until they reach the mandatory retirement age of 75 if they are retained or re-elected by the voters. Vacancies that exist before an election may be filled by gubernatorial appointment until an election is held. These selections are subject to Senate confirmation.

In 2025, PA voters will **elect** one Superior Court Judge and one Commonwealth Court Judge to fill vacancies through the party primary in May and the election in November. Candidates running in the party primaries are listed in this Voters Guide.

QUESTIONS ASKED OF ALL CANDIDATES RUNNING IN SUPERIOR AND COMMONWEALTH COURT ELECTIONS:

- 1. Why do you seek to serve as an appellate court judge?
- 2. What process would you follow to be fair and impartial in reviewing and evaluating opposing positions presented in a case?
- 3. What criteria would you consider in deciding a case that could affect long-standing precedent?

NOTE: For more nonpartisan information on appellate court candidates, view the PA Bar Association's ratings and questionnaires here: www.pabar.org/site/For-Lawyers/Committees-Commissions/Judicial-Evaluation/Resources/JEC-Ratings/2025

## JUDGE OF THE SUPERIOR COURT

Description of office: The Superior Court is one of Pennsylvania's two statewide intermediate appellate courts. This court, established in 1895, reviews most of the civil and criminal cases that are appealed from the Courts of Common Pleas in the Commonwealth's 67 counties. The Superior Court consists of 15 judges. The president judge is elected to a five-year term by his/her colleagues. A large number of appeals flow to the Superior Court from the trial courts. Generally, appeals are heard by panels of three judges sitting in Philadelphia, Harrisburg, or Pittsburgh. The court often is the final arbiter of legal disputes. Although the Supreme Court may grant a petition for review of a Superior Court decision, most petitions are denied, and the ruling of the Superior Court stands.

*Term:* 10 years *Salary:* \$247,188 *Vote for ONE.* 

For the questions asked of candidates for Judge of the Superior Court, see the "STATE-WIDE JUDICAL RACES" box above.

### Democratic BRANDON NEUMAN Washington County

*Education:* University of Richmond - BA in Criminal Justice. Duquesne University Kline School of Law -Juris Doctorate *Occupation:* Judge of

the Court of Common Pleas *Qualifications:* 8th year as a Judge-Presiding over Family, Civil, Criminal and

Veteran's Court -Sheriff & Deputy Sheriff

Education and Training Board. PA House of Representatives. Served on House Judiciary Committee, Commission on Crime Delinquency, and PA Commission on Sentencing -Former Trial Lawyer

Answer to question 1: To bring my extensive and diverse experience to the Superior Court. The PA Bar Association stated, "The Candidate's opinions demonstrate knowledge of substantive and procedural legal issues and the ability to provide good factual backgrounds and well-developed legal arguments." I have a proven record of being fair and impartial. As a judge, I have the experience to properly rule on any case presented to the PA Superior Court. As a legislator, I wrote laws to protect victims of sexual assault. Pennsylvanians deserve a judge who has broad experience. As a Judge, I have presided over Veterans Court, Family, and Criminal matters, Dependency cases, and

Civil cases. My experiences allow me to be the best candidate for the PA Superior Court. Answer to question 2: Part of the reason I was Highly Recommended by the PA Bar Association was that my colleagues indicated I have a high level of integrity, treat all individuals fairly, and is patient with all persons who appear before me. I will not have any preconceived opinions prior to having heard all of the information. I have a proven record as a judge of patiently listening to each party and applying the law equally and appropriately. I understand that parties deserve and expect an impartial ruling that follows the law. Once a case is properly presented to the PA Superior Court, each party is entitled to be heard as the law allows. I am the best candidate for the PA Superior Court based on my unique experiences and proven record as a judge.

### Judge of Superior Court, cont.

Answer to question 3: The analysis remains the same for every case. I would first read all documents provided to the court. Then I would research any legal issues that are presented. Next, I would determine if any distinguishable facts about this case would set it apart from any previous ruling made by a PA Appellate Court or The PA Supreme Court. I would also research to determine if there was any change in law since previous rulings addressed a similar legal issue. If there are no distinguishable facts or change in law, then legal precedent would be given great deference. If there was a change in law or the facts of the case are distinguishable, then a full legal analysis pertaining to the legal issue must be explored. Website: judgeneuman.com

### MARIA BATTISTA Clarion County

*Education:* 2 undergraduate degrees: Elementary Education, Speech Communication & Theatre, Clarion University, B.S.;

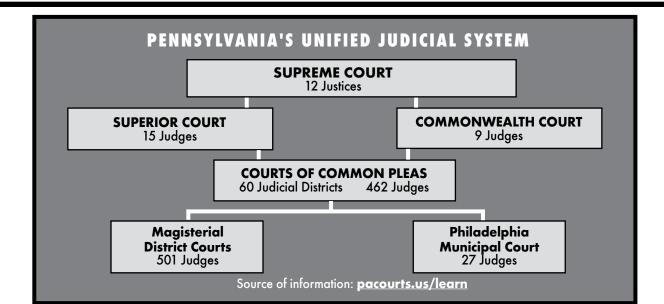

Westminster College, M.Ed.; Ohio Northern University, J.D.; University of Pittsburgh, Ed.D.

### Occupation: Executive/Attorney

**Qualifications:** 15+ years experience in Civil, Criminal and Administrative Law; Former Assistant District Attorney; Former Attorney with the Governor Corbett Administration; Served as an Administrative Hearing Officer where I presided over hundreds of hearings and issued hundreds of administrative decisions.

Answer to question 1: In 2008, after studying the courts in more detail, I put on two legal symposiums about the courts. One program discussed the role of courts as protectors of children as a result of the Luzerne cash for kids scandal. I have seen as a practicing attorney, educator and mother how important our judicial system is and what happens when there is a breakdown of that system. When I served as a hearing examiner, which has similar functions as a judge, I issued hundreds of decisions. The decisions I wrote impacted the lives of others. I believe it is a calling and higher duty to serve as a judge. I would be honored to serve as a judge of the Superior Court to ensure our laws and constitution are upheld as written and to provide justice for all.

Answer to question 2: The Superior Court is one of two intermediate appellate courts in PA. The Superior Court is responsible for appeals in criminal and most civil cases from the Courts of Common Pleas. This court is also responsible for appeals involving children and families. When a matter is appealed to the Superior Court, it is the role of the judges assigned to the case to review

the record from the lower court along with the issue or issues on appeal. Each case has opposing positions/parties. Each case should be fairly and impartially evaluated by the judges based on the specific facts, law and if applicable, the constitution. It is not the role of the court or any judge to legislate from the bench.

Answer to question 3: The evaluation of a case does not change even if it could affect long-standing precedent. The role of the judge is to do what is right in every case. The review of case law related to the issue or issues before the court must be analyzed thoroughly in each case along with any constitutional issues raised. While it is rare that landmark cases are overturned, it is possible with a particular set of facts before the court.

### Republican ANN MARIE WHEATCRAFT Chester County

*Education:* University of NH School of Law 1990-1993 JD; Pennsylvania State University 1983-1988 BS Psychology and Minor in Business

Occupation: Judge, Court of Common Pleas

Qualifications: Currently President Judge in Chester County. Initially elected 2011. 2000-2011 I served as a prosecutor handling every type of criminal case. I have presided over civil, family, criminal, and treatment courts. Answer to question 1: For 25 years I have served Chester County; first as a prosecutor and for the last 14 years on the Court of Common Pleas. I have presided over criminal, civil, and family proceedings and, since 2018, I have supervised our treatment courts, where we reduce recidivism and restore families. My daily courtroom experience as a litigator and as a trial judge make me an ideal candidate for the appellate work of Superior Court. I have been teaching criminal court practice to

newly elected PA trial judges since 2016. My many years in family court and in civil court ensure that I have the appropriate experience in all areas of practice under Superior Court's purview. I wish to employ my expertise and experience in service to all PA citizens.

Answer to question 2: I have been employing a fair and impartial process in handling cases in my courtroom since taking the bench in 2012. I will continue to treat all with respect and dignity, considering evidence presented, arguments of parties, and the applicable law in deciding cases. On Superior Court, threejudge panels collaborate on cases, determining the appropriate law and applying it to the facts at issue. As the President Judge in my county, I collaborate with county officials and all department heads to ensure our courts are efficient and fair for citizens. Having been an advocate and a litigator for 12 years prior to taking the bench, I understand the role of the parties and am respectful of each party fulfilling their role in our justice system.

Answer to question 3: In deciding cases, the same process applies as noted above. Judges must not legislate from the bench but rather apply the laws and Constitution as written, without personal or political bias. I participated in the judicial evaluation process of the Pennsylvania Bar Association and after they conducted a thorough investigation and panel interview, the Association awarded me their highest rating. "Due to her broad experience as a practicing attorney, proven record of judicial leadership, high ethical standards and dedication to the legal profession, the commission is confident that the candidate would serve with distinction as a Superior Court judge and highly recommends her candidacy." www.Pabar.org, 2025 Sup. ## JUDGE OF THE COMMONWEALTH COURT

Description of Office: The Commonwealth Court is one of Pennsylvania's two statewide intermediate appellate courts. This court, established in 1968, is unlike any other state court in the nation. Its jurisdiction generally is limited to legal matters involving state and local government and regulatory agencies. Litigation typically focuses on subjects such as banking, insurance, utility regulation, and laws affecting taxation, land use, elections, labor practices, and workers' compensation. The Commonwealth Court also acts as a court of original jurisdiction, or a trial court, when lawsuits are filed by or against the Commonwealth. The Commonwealth Court is made up of nine judges. The president judge is elected to a five-year term by his/her colleagues. Generally, appeals are heard by panels of three judges sitting in Philadelphia, Harrisburg, or Pittsburgh.

Pleas

**Qualifications:** My 35 plus years of experience in law and the judiciary have equipped me with the skills and insights necessary to address the complex social, economic, and governmental issues facing our Commonwealth.

4

Answer to question 1: It has been my great honor to serve as judge of the Court of Common Pleas for the last eight years. I decided to run for the vacant seat on the Commonwealth Court of Pennsylvania because the judges on this Court weigh in on many of the important issues of our day that will affect citizens across the Commonwealth of Pennsylvania, such as public education, the environment, voting rights, workers' rights, and the right to free and fair elections. The Commonwealth Court is often the last resort for these litigants because the Supreme Court only hears a select number of cases. I understand the responsibilities which come with serving as a judge and have an established record which demonstrates my commitment to ethics, integrity, and fairness.

Answer to question 2: My job requires me to act impartially and to treat all parties with respect. I want all parties to feel that they are on a level playing field. I do my best to put the parties at ease and allow them to have a free and fair opportunity to present their case, including language access, and that parties receive what they recognize to be due process under the law.

Answer to question 3: If I were to consider a case that might affect long-standing precedent, I would apply the guidelines articulated by the Pennsylvania Supreme Court, which recognized that a decision to overrule a past decision requires special consideration and depends on a number of factors, including: the age and lineage of the decision, the quality of reasoning, the workability of the rule it established, and its consistency with other related decisions reliance on the decision.""See Allegheny Reproductive Health Center v. PA Department of Human Services, 309 A.3d 808 (Pa. 2024). # MATT WOLFORD

Erie County

*Education:* Undergraduate degree: Penn State; Juris Doctorate degree: Temple University School of Law

Occupation: Attorney

*Qualifications:* 38 years of relevant experience in government and private sectors, including Commonwealth Court hearings and appeals; ranked "Highly Recommended" by the PA Bar Association; see website for additional details

\*

Answer to question 1: I seek to serve on the Commonwealth Court specifically due to its critical importance to the fundamental rights of "We the People." The Commonwealth Court – which acts mostly as an appellate court but can also act as a trial court for certain matters - is limited to cases involving State and local governments. As a result, Commonwealth Court judges are often gatekeepers in striking an appropriate balance between the necessity for government on the one hand versus unreasonable government interference with personal freedoms and private property rights on the other. I believe the Court needs common sense, constitutional conservative judges who are willing to push back on government overregulation and overreach and not legislate from the Bench.

Answer to question 2: For this response, I assume that the Commonwealth Court is acting in its capacity as an appellate court. In my view, appellate courts should be "hot" courts, meaning that prior to oral argument, judges should become versed in the legal arguments presented. This requires reading the opening, response, and reply briefs; and, to the extent indicated by the arguments, reviewing portions of the reproduced record. Timely preparation allows judges to take advantage of the opportunity to ask unbiased, intelligent questions at oral argument. During oral argument, judges should treat all counsel with dignity and respect; and should be mindful of the extraordinary expenditure of time, effort, and resources required to appear before the Court.

Answer to question 3: This question suggests the existence of a legal issue in a case that implicates revisiting well-settled precedent. Such cases are necessarily rare (and should be) under the principle of stare decisis; otherwise, society cannot rely on the certainty and security the law is intended to provide. Nevertheless, there are occasions when precedent is legally infirm or ongoing injustice must be remedied. Plessy v. Ferguson comes to mind as clearly bad precedent on legal and moral grounds. In deciding such cases, in addition to the two above-referenced criteria, fairness to the parties and the likely practical consequences of a change in the law should be carefully considered. The facts of the case are also obviously relevant. Website: mattwolfordforjudge.com

federal courts. Beyond having successfully litigated numerous appeals in the PA courts, including before the PA Supreme Court, in just the past 6 years, I've successfully litigated more than 10 cases before the Commonwealth Court.

Answer to question 1: The Commonwealth Court hears cases that touch many areas of daily life—education, family law, civil rights, healthcare, election integrity, and government accountability. It plays a vital role in ensuring Pennsylvanians are treated fairly and that public institutions follow the law. I've spent my career standing up for constitutional rights, applying the law as written, and offering restorative legal solutions that bring dignity to people and healing to communities. I want to use my experience and expertise in the service of others. My wife Jessica and I are expecting our first child, and I want our daughter to grow up in a Commonwealth

# UPCOMING JUDICIAL RETENTION ELECTIONS

In November, voters will decide whether to **retain** five additional justices/judges in the state-wide courts (three on the Supreme Court, the highest court in the Commonwealth; one on the Superior Court, and one on the Commonwealth Court.) According to PACourts\*:

The merit retention provision of Pennsylvania's constitution allows all but magisterial district judges to be retained with a simple "yes" or "no" vote without ballot reference to political affiliation. This provision was designed to remove judges from the pressures of the political arena once they begin their first term of office.

where justice for all isn't just a promise—but something every Pennsylvanian can count on. *Answer to question 2:* Fairness starts with listening. I would approach each case with an open mind, carefully reviewing the facts, applicable law, and arguments from all parties. I believe in applying the Constitution and laws as written—not based on personal opinion, favors, or political pressure. The courtroom must be an approachable place where everyone knows justice will be served impartially. Behind every legal matter are real people and communities, and I take that responsibility seriously.

Answer to question 3: Precedent brings stability and consistency to the law, and it should not be overturned lightly. I would examine whether the precedent is legally sound, aligns with constitutional principles, and serves justice in practical, modern terms. If a decision causes confusion, inequity, or departs from the law's original intent, the Court has a duty to correct course carefully and transparently. Any decision to uphold or revisit precedent must promote fairness, accountability, and the long-term strength of our legal system. This is how we build a foundation of trust in Pennsylvania's courts. *Website:* princeforjustice.com

Answer to question: I love to teach the law, which doesn't sound like it would be relevant until you consider that most people who have cases in front of me represent themselves and have little to no experience with the courts. They won't feel like they're getting a fair chance to be heard if they are stymied by substantive law or procedural rules, so I explain, as simply as I can, the basics to them before we begin with testimony, so they know what to expect and what issues to highlight. Over the last five years, I've found that this not only puts people at ease, but reduces the likelihood of antagonistic confrontation. To do this effectively, I need to exhibit patience, empathy, and honesty, all while ensuring order and civility amongst the parties. Website: linkedin.com/in/jeff-rowe-

# UNION COUNTY VOTING RESULTS

Unofficial Union County vote totals will be posted at **unioncountypa.org** as soon as they are available.

**NOTE**: <u>Only</u> Union County votes are reported here. For PA Appellate Courts, and for Milton and Warrior Run school directors, winners will be determined by combining Union County votes with votes in the entire State or voting district for each race.

# MAIL-IN AND ABSENTEE VOTING

- MAIL-IN BALLOT: ALL registered voters in PA now have the option of voting by mail-in ballot. You may now apply for a mail-in ballot without an excuse using an online application at vote.pa.gov, by mailing in a paper application, or by submitting a paper application in person at the County Elections Office.
- ABSENTEE BALLOT: Absentee ballots are still available to those who satisfy certain criteria (illness, disability, or absence from the municipality on Election Day).
- BALLOT APPLICATION DEADLINES: Completed civilian <u>applications</u> for <u>mail-in</u> or <u>absentee</u> ballots must be **RECEIVED** by the County Elections Office <u>by 5:00 p.m. on the Tuesday before the Primary (May 13,</u> <u>2025</u>-postmark does not matter). If an emergency arises (unexpected illness or business trip) after the Tuesday application deadline and before Election Day, you may obtain an emergency application from the County Elections Office.
- **RETURNING YOUR BALLOT**: Return your mail-in or absentee ballot by mail – you must provide postage. You can also drop off **YOUR OWN** mail-in ballot at the reception desk of the Union County Government Center. Voters with a disability can designate someone else to return their ballot using this form:

### pa.gov/content/dam/copapwp-pagov/en/vote/ resources/documents-and-forms/Authorize-Designated-Agent-for-Mail-in-or-Absentee-Ballot.pdf

• BALLOT RETURN DEADLINES: Completed civilian mail-in or absentee ballots must be **RECEIVED** by the County Elections Office by 8:00 p.m. on the Day of the Primary (Tuesday, May 20, 2025 - postmark does not matter).

- **NOTE:** Once the county receives your voted mail-in ballot, you are **NOT** allowed to go to the polling place to change your vote on Election Day. **If you do not return** your voted mail-in ballot and you want to vote in person, you have two options:
- Bring your ballot and the envelope with the voter's declaration to your polling place and turn it in so you can vote on your county's voting system.
- If you don't have your ballot, you can vote by provisional ballot at your polling place. Note your provisional ballot number so you can track it.
- TRACKING YOUR BALLOT: If you requested an application or ballot online, you can track the status of your application or ballot at

### Democratic CHRISTOPHER STOWE

Education: Belmont University **Occupation:** Grants officer for a charitable foundation

Qualifications: I have experience in

social services through my full-time work and I served on a bike and pedestrian safety advisory committee in the Nashville area

Answer to question 1: My goal in to improve public safety, particularly traffic safety. I have seen many areas with poorly marked intersections or areas with low visibility that would benefit from better illumination, reduced speed limits, or other forms of improved safety. This is particularly true on residential streets with high speed limits where there are large numbers of low speed vehicles such as bikes or buggies

Answer to question 2: Maintenance of transportation infrastructure is critical and there ways the built environment should be improved for safety, such as wider shoulders

### Republican MARK WEHR

Education: Mifflinburg High School / Penn State University

Occupation: Retired / Previously selfemployed dairy farmer and dairy equipment sales and service business owner for 22 years. Then employed by the Paul Mueller Company as a regional sales manager for 21 vears.

Qualifications: Extensive contact and working relationships with people as customers, employees and co-workers. Currently serving on the Buffalo Township Planning Board and the Union County Planning Commission.

Answer to question 1: My goal is to separate township administration from township employment. I believe there is potential for conflicts of interest to arise when a township supervisor is an employee of the township. There isn't a framework of accountability with the current system of operation. Buffalo Township needs checks and balances to operate efficiently. Township operating capital has decreased and the residents of the township have just incurred a 42% tax increase.

For financing our publications, the League of Women Voters of the Lewisburg Area

gratefully acknowledges the generous donations from members, friends, and local businesses.

Without your financial support, we could not offer free publications to the community.

Answer to question 2: Road maintenance is the primary concern of most residents. However, road maintenance must be accomplished with the best use of residents' tax dollars. Township spending must be brought under control or more tax increases are inevitable.

### Republican PAUL HAINES

Education: Mifflinburg Area High School Class of 1979 Occupation: Buffalo Township Roadmaster **Oualifications:** 12

years owner/operator of Haines Excavating, 10 years combined

service (part-time and full-time) Buffalo Township employee, Current Buffalo **Township Supervisor** 

Answer to question 1: I strive to represent the constituents of Buffalo Township and address citizen's concerns. I also have a desire to continue improving Buffalo Township roads and infrastructure as well as continue with the overall progress we have made in the Township over the past 5 years.

Answer to question 2: Buffalo Township's most important services are maintaining the quality of our roads, resealing, paving, ditching and berm work along with winter maintenance. The township has been actively seeking grant money to assist with road upgrades and storm water management. Grant money will assist with lessening the taxpayer burden on road maintenance and upgrading the quality of our township roads.

# ENGAGING YOUNG PEOPLE IN OUR DEMOCRACY

BACKGROUND: In 2016, the League of Women Voters of the Lewisburg Area (LWVLA) was the recipient of a generous grant from League members Rebecca and James Mauch for the purpose of identifying and implementing strategies for engaging young people in the civic life of our democracy.

MISSION: The mission of the LWVLA Mauch Millennial Project is to engage young people in the civic life of our democracy in the United States in general, and specifically in the LWVLA's service area of Union County, PA. To that end, the LWVLA Mauch Millennial Project began developing and implementing a series of initiatives beginning in 2016.

**MAUCH INITIATIVES:** The initiatives include activities at local high schools and middle schools, various voter education events, community civic engagement opportunities for young adults, the Bucknell-Mauch Fellowship Program (co-sponsored with the Bucknell Political Science Department), a LWVLA-sponsored voting exhibit at the Lewisburg Children's Museum, and online resources for voters.

### Democratic LINDA L. LEWIS

Occupation: Retired U.S. Air Force engineer Qualifications: US Forces Veteran; Former Mifflinburg Borough Council Member

Answer to question 1: I have a desire to help in the ways that I can. After 21 years of active duty in the military, I still enjoy working for the people. I'm very happy that the council member position does not require wearing battle gear weighing half my body weight or dredging through knee-high 'moon dust' somewhere. I enjoy working on issues of today (engineers tend to have a 'get-er done' type attitude) as well as planning for the needs and visions of tomorrow (in the most practical, economical and timely way

possible). I look forward to continuing to use my skillset to serve the people of my community.

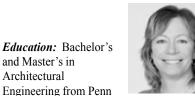

Answer to question 2: Mifflinburg is a nice town that provides water, sewer & electric to its residents. It has its own Police Dept & 2 Community Parks. It also offers intangibles like safety, opportunity & culture. As far as improvements needed-1st is the unsexythe sewer pipes. The sewer pipes below the surface are like Swiss cheese, letting water infiltrate the system—which then in turn overwhelms the sewer plant. Yuck, right. This is the most unsexy, but necessary improvement needed. Now the sexy-the Community Parks. Here is where there is much opportunity to revive a community. How to transform the spaces to where people want to go? Should one be geared towards sports & the other family? Should there be a circular walk-path inside the park? a pool? a stage?

Answer to question 1: I LOVE being mayor and I give this job 110%. BUT I would love to see more young people get involved by joining Borough Council. It's time us the old-timers to pass the torch onto the next generation, so if you're young and energetic please, Please, PLEASE consider running for office or volunteering for a borough committee. It's time for the next generation to guide our town.

Answer to question 2: I place a priority on enhancing our sense of community and I'm pleased that several of our vacant downtown buildings have recently sold to owners who are interested in bringing more business to the downtown. Helping these new owners think outside the box and determine what businesses models work will create a thriving downtown.

last 6 years. Above all, I view this role as an opportunity for meaningful public service. I am focused on the growth of our community, ensuring it remains a place where all residents feel valued, supported, and empowered.

Answer to question 2: New Berlin is a small, charming community with a unique blend of historical significance, natural beauty, recreational opportunities, and vibrant local businesses. There is a great opportunity to enhance our tourism and recreational offerings, while also supporting and promoting our local businesses. Additionally, fostering the growth of community events and gatherings would provide an avenue for strengthening ties between residents and local organizations. By leveraging the success of these events to support our local nonprofits, businesses, and organizations, we can cultivate a stronger, more resilient community that thrives together.

### Republican JULIANNE W. FINKBINER

*Education:* Bachelor of Science in Business Administration Accounting

*Occupation:* Accountant Fiscal Manager *Qualifications:* 20 years on council, finance background 30 years

Answer to question 1: I wish to continue my work to responsibly steward the tax payers money. I also believe that we must do right because it is the right thing to do. The principles of our constitution demand it. The tyranny of the minority is not a reason to change things in a free society.

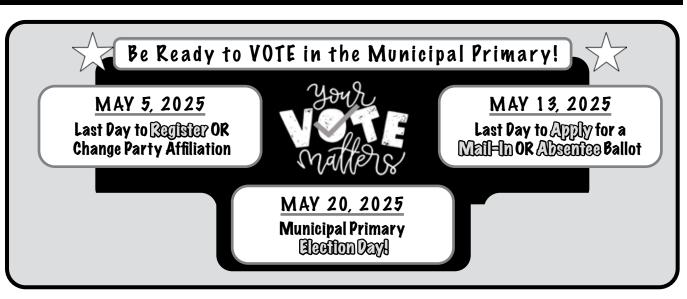

Answer to question 2: Our borough provides a police force demanded by the majority of citizens. Over time this has been the most important service the people of New Berlin have requested be kept. Our borough also has a municipal authority that has been separate from but governed by the borough. The relationship between these two bodies has been fraught with reticence on the part of the authority and demands for transparency on the part of the borough council. This needs to change. I want to work toward a compliance with borough code of the municipal authority to insure that our projects that include municipal authority infrastructure move smoothly and without loss of taxpayers money. This includes fire hydrant safety, fees for services, budget approval, audits.

*Education:* High School in New Jersey, College in Delaware and Oklahoma *Occupation:* Mathematician

**Qualifications:** I have been attending Borough Council meetings for years, and for the past two years I have served on the Council, filling a vacancy when a Council member moved out of New Berlin.

Answer to question 1: There is a

communication problem in New Berlin. The Borough Council is not effective at letting people know what it is doing and what is happening in town. The Council is also not receptive to input from the community. I will work to address both issues.

Answer to question 2: Leaf and stick pickup are great services, as is street maintenance. New Berlin used to be more tidy and beautiful and I'd like to see more efforts to bring that back. I'd also like to find a way to address complaints about uneven enforcement of ordinances.

### Republican GREGORY G. OHLFS *Education:* Associate

workforce. OSAH 30 Certified. Long term community involvement.

*Answer to question 1:* I am seeking office to serve the residents of New Berlin Borough. As a relatively New Resident to New Berlin Borough I feel I can bring a fresh and youthful perspective to the council. I intend to steward my position as a councilman with integrity, and wisdom. My hope is to work with the other members of the council to continue to make New Berlin Borough a safe, peaceful, and desirable place to call home.

*Answer to question 2:* Our Beloved fire Company is of great importance to the borough. Not only do they provide the life saving EMS/ Fire services that you would expect from a fire company they also provide fun and community through the many events they hold through the year. Most notable is their fireman's Carnival that is held each year. As the current liaison between the council and fire company I am happy to support them as they continue to aid our borough and the surrounding area. As with anywhere there is always areas that need to be improved. As a council member I intend to do my part to and work with the other council members to make New Berlin a better place.

Qualifications: My

qualifications for the mayor of New Berlin come from the various leadership roles, in which I both currently hold and I have held over the years. I am currently serving as the incumbent mayor, and as pastor for the New Berlin Emmanuel Church.

*Answer to question 1:* I strongly believe the greatest impact that one can make in their lifetime is in the community in which one lives. I am currently serving my first term, as the incumbent mayor, here in the New Berlin Borough. I am running for re-election because I would like to use this experience to further the work that we have already gained in uniting our community.

Answer to question 2: The New Berlin Borough has a wonderful history of being a quaint small town. We are also home to Sun Area Technical Institute, QE Manufacturing, and New Berlin Pastics just to name a few, as well as several small businesses. Unfortunately, the struggle is trying to maintain the allure of the quaint small town where families want to settle in and raise a family, put some roots down, and deal with the noise that comes with a busy town. This is something that we need to continue to work on. Also, I believe our infrastructure needs to be improved. Specifically, I would like to work with our own Municipal Authority to better our water treatment.

# SCHOOL DIRECTORS

SCHOOL DISTRICTS

Description of office: School Directors are members of a board that sets policy, determines the annual budget and levies taxes accordingly, evaluates the Superintendent, and monitors student achievement. The Board focuses on governance, while the Superintendent is responsible for the daily operation of the district. Boards meet at least monthly in addition to committee meetings and executive sessions.

Salary: None

Term: 4 years

### QUESTIONS ASKED OF ALL CANDIDATES FOR SCHOOL DIRECTOR:

- 1. Why do you want to serve as a school director?
- 2. School directors have collective authority rather than individual. How will you cooperate with your fellow board members to work together on behalf of the students?

# LEWISBURG SCHOOL DIRECTORS

The Lewisburg Area School District includes Lewisburg Borough, East Buffalo and Kelly Townships, and the Precinct of Union. School Directors are elected at large representing all municipalities in the district. For description of office and the questions asked of candidates, see the "School Directors" box above.

### Vote for not more than FOUR.

Candidates labeled Democratic/Republican will appear on both Democratic and Republican primary ballots. Those labeled Democratic will only appear on Democratic primary ballots. Since ballot order differs by party, all candidates in this race have been listed alphabetically by last name.

### **Democratic / Republican** JOHN GRAHAM

**Education:** Penncrest High School; B.A. Theatre and B.S. Engineering, Swarthmore College; M.S. Mechanical Engineering and Ph.D.

Bioengineering, University of California **Occupation:** Biomedical Engineer, Medical Researcher

Qualifications: Current LASD School Board member (appointed 2024); Parent of 2 LASD students; CSIU Board Member, 2024-present; Board President, RiverStage Community Theatre (2017-present); Parent volunteer, LAHS Musical; East Buffalo Judge of Elections (2016-20)

Answer to question 1: I'm thankful for my own Pennsylvania public school education and grateful to the teachers, administrators and staff that make Lewisburg a great place for my kids to learn. I would enjoy doing my part to work hard and continue to serve the district. I believe my professional background in engineering--and helping medical professionals make decisions--translates well to a school board making decisions based on financial info, test scores, and other measures. I've served on the board of our local nonprofit community theatre for over 10 years, balancing a tight budget while supporting the arts in our community, and I will similarly always take the financial aspect of the job seriously while supporting students, teachers, and staff.

Answer to question 2: My experience on the board thus far has been very pleasant, with everyone having basically the same main goal-to give students a great education and experience. To do that, we have to save the district and taxpayers money everywhere we can, and we have to ensure administrators have what they need to support the teachers and staff. Those two things must be balanced, but they're not polar opposites. Although we may never have enough money to do everything, we work collectively and with the superintendent to understand where the greatest needs are and prioritize. If there's a disagreement about some particular course of action, I find we can usually take a step back and agree on the underlying common goals before reaching a compromise.

### Democratic MICHAEL R. JAMES

**ES**  *Education:* A.B. Georgetown University; M.A. and Ph.D. Duke University *Occupation:* Professor *Qualifications:* Educator for over 25

years; Parent of two students in the Lewisburg Area School District; Taxpayer

Answer to question 1: As a parent, educator, and taxpayer, I am ideally prepared to serve as a school director. Both of my children have been students in the Lewisburg schools from kindergarten until high school. As a result, I have substantial experience with the strengths and challenges of all four schools: Kelly, Linntown, DHEMS, and LAHS. As an educator for over 25 years, I have experience not only as a classroom instructor but also as an administrator acquainted with the tasks of budgeting, hiring and reviewing staff, and developing, assessing, and revising curricula. As a taxpayer I am aware of the fiscal burdens faced by LASD residents, and I vow to be a responsible steward of their financial support.

Answer to question 2: My entire career has been spent in collaborative workplace settings, where decisions were made collectively. As a result, I am comfortable articulating my positions clearly and cogently, taking into consideration the opinions of those who disagree with me, and working to find sensible compromises that can garner wide acceptance. When in the position to do so, I am able to lead collective deliberations effectively, by providing a detailed agenda, sharing background information in advance, and facilitating robust but civil discussion.

### Democratic / Republican KRISTIN E. KRAUS

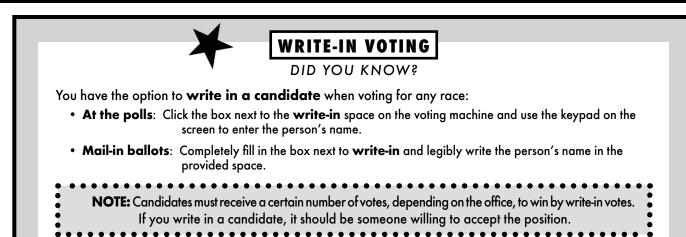

*Education:* B.A. Elementary Education, M.Ed in Special Education

**Occupation:** Teacher at Kinderfolk Preschool

*Qualifications:* Parent, Former Public School General Education, and Special Education Teacher

Answer to question 1: As a parent of three current LASD students and a former public school teacher myself I believe I bring a unique perspective to the School Board. I have personal experience with the challenges our teachers face in the classroom on a daily basis, and witness first hand how the decisions the District makes impact my children and their peers. These two perspectives coupled together provide me with a unique lens to look through and share insight from as we plan for the future of the Lewisburg Area School District.

Answer to question 2: I have now served as a School Director for three and a half years, and have learned how import it is for the Board to stand as one collective authority once a decision is made. All nine School Board Directors have a chance to share their personal opinions and insights on any matters before us during discussion periods. Once the vote takes place and a decision is made though, the Board must move forward with whatever outcome is decided on and support the administration, teachers and staff who are left to follow through with the decision. *Website:* facebook.com/Kraus4LASDSB
