HIGHLAND PARK-HIGHWOOD LEAGUE

LEADERSHIP TEAM MESSAGE

Hi, Leaguers and Friends,

Because of YOU - we reached our membership goal whereby we now qualify for a contingent of three delegates to participate in the 2022 LWV National Convention that will take place this coming June.

As is true at all levels of League, program planning is the most important process of selecting and studying governmental issues in order to reach a position to support.

In preparation for the Convention, we as a local League are being asked to evaluate the National League's program goals that will be voted upon in June by the delegates. In particular we are being asked to continue to support the program that was initiated at the convention in 2020 - "Campaign for Making Democracy Work" with a focus on "Voting Rights" and "Improving Elections."

We're confident you would agree that no goal could be more relevant. Your membership gives us this voice. Thank you.

Our February 9th Zoom Program, "Marijuana 2022" was very informative and well received.

If you missed the program it is available on our YouTube channel with the following [link](#).

(Because of the topic there may be extra steps to access.)

*Rose Feder, Leadership Team Chair
On behalf of the Leadership Team*

HIGHLAND PARK-HIGHWOOD LEAGUE

Spotlight on Lifetime Member, **MARJIE ETTLINGER**

With Great Admiration and Gratitude for Her League Contributions and a Very Generous Contribution to Our League's Education Fund

Our League's Leadership Team wants to acknowledge and thank Marjie and Dick Ettlinger for a very generous gift to our League's Education Fund. Generous gifts were also recently sent to LWV US and LWV Lake Michigan Region by the Ettlingers.

A *Lifetime Member of League of Women Voters of Highland Park-Highwood, Marjie and Dick moved to Chicago toward the end of 2016. She is now a member of the LWV Chicago. As a member of our League, Marjie was instrumental in our environment studies and programs, and an early member of the League of Women

Voters Lake Michigan Region, representing our League. The HP Train Station magazine swap was organized and tended to for years by Marjie. Marjie's passion for Lake Michigan brought her to many beach cleanup activities and, she was responsible for the creation of a rock garden in Millard Park at the end of Ravine Drive in HP. It was not unusual to see Marjie biking in HP or walking with her sister, League member Laurie Reinstein, to the HP Library. Marjie is an avid reader and holds a Masters' Degree in English Literature.

Marjorie Nath Ettlinger lived most of her life in Highland Park. She originally taught nursery school, had their three daughters (Jan, Ellen and Ginny), and returned to school for her Masters' degree. She then accepted a position as a bilingual ESL teacher at Indian Trail/Elm Place schools, which she held until retirement.

Marjie loves traveling. She has always been very athletic: skiing, tennis, swimming, biking, hiking, and more. She studied piano for years, and she is an extremely knowledgeable music and visual arts lover. Passionate about peace, social justice and environmental focus, she also has a total love for gardening. She was composting before it was popular and still is. And, she has her ongoing passion for Lake Michigan. Her daughter, Jan, refers to her as a Renaissance woman and that description totally fits.

Marjie's dedication to Highland Park, our League, and our environment are so appreciated.

HIGHLAND PARK-HIGHWOOD LEAGUE

Introducing ... Habitat Highland Park!

Sponsored by the League of Women Voters of Highland Park-Highwood and Go Green Highland Park, an exciting new program is now emerging for residents and neighbors to help earn National Wildlife Certification (NWF) of our town as a *Community Wildlife Habitat*.

The NWF has offered a program for several years to encourage residents to work together and/or individually to provide safe and healthy habitats for insects, pollinators, butterflies, and birds in a collective effort to strengthen local biodiversity at all levels and reverse the alarming decline in pollinators in the US. Did you know that while American bumblebees were once common in open prairies, grasslands and urban areas across most of the United States, they have experienced a rapid and severe decline? Over the past 20 years, the American bumblebee has disappeared or become very rare in 16 states; overall, observations of the bee have **declined by nearly 90%**!

Why is this important? Bees and other pollinators carry pollen from plant to plant, fertilizing the production of fruits, seeds, and plants to support the crops and wildlife all around us. Because of the increased use of insecticides such as neonicotinoids used commonly on crops to kill plant pests, the populations of these critical members of the food chain are on the verge of being named to the Endangered Species list by the US Fish and Wildlife Service.

But we can help to reverse this perilous decline by creating welcoming havens for local wildlife right in our own back yards, on the grounds of houses of worship and school, or even on our apartment balconies. Habitat Highland Park is working with the City of Highland Park, the Park District of Highland Park, city schools, and other organizations to build a community of habitat supporters. Watch this site for information on new demonstration pollinator gardens that will be implemented this spring and summer, access to native plant sales, information on how to convert a corner of your yard or your balcony to a pollinator-friendly environment, and much more.

You can get started on your own today if your yard or balcony already offers these 4 elements to support wildlife health: food, water (can be a little bird bath!), safety, and places to raise young. As the NWF states,

*Every habitat garden is a step toward replenishing resources for wildlife such as bees, butterflies, birds, and amphibians—both locally and along migratory corridors. By adding pollinator-friendly and monarch-friendly plants when you certify, your garden also counts toward the **Million Pollinator Garden Challenge**, an initiative to mobilize and educate millions of Americans about the need to plant sustainable pollinator garden habitats.*

Interested in creating your own habitat and attracting bees, butterflies, and other essential pollinators? Click [here](#) for access to the NWF registration process.

Interested in joining Habitat Highland Park or just learning more about the project? Please email Candice Dalrymple (cdalrymple@jhu.edu), who is eager to welcome you to the team!

Submitted by Candice Dalrymple

HIGHLAND PARK-HIGHWOOD LEAGUE

Want to get more involved? Here are ideas for participating in League where help is needed:

- ★ Recruiting Highwood Members: ([Barb Kronish](#) and [Elaine Adler](#))
- ★ Park District Study: ([Jean Sogin](#))
- ★ Library Study Update: ([email-library-study](#))
- ★ Voter Registration Chair: ([email-voter-registration](#))

We will be holding our Local Program Planning Meeting (date tbd) and hope you will attend with your suggestions for next year programs — something you would like to work on. Watch your League emails for the date for the planning meeting.

Openlands Lakeshore Preserve

For three days in early December, experts from five states convened at Openlands Lakeshore Preserve in Highland Park to conduct field work on a portion of the site in support of the investigation that stemmed from the discovery of explosives during the spring of 2021.

In support of Openlands, the Navy awarded a contract to Tetra Tech on September 24, 2021 to study the Openlands Lakeshore Preserve to address concerns to public health and safety. The Tetra Tech team will review the findings of the site investigation as well as historical documents to determine a recommended path forward.

The results of the study will allow for recommendations regarding the need for any further action, if any, and will also allow Openlands to make informed decisions regarding steps needed to re-open the Preserve. Public access and ecological management have been restricted since April 2021 due to the presence of military artifacts that were found on the property.

Openlands Lakeshore Preserve is located on the former Fort Sheridan, adjacent to Navy housing, with shoreline and bluffs overlooking Lake Michigan. The former Army post was closed in 1993 as part of the Base Realignment and Closure (BRAC) process and a portion of the former installation was transferred to Openlands and converted to a nature preserve in 2007.

Naval Station Great Lakes, the City of Highland Park, Lake County, and Openlands have been hosting a weekly subject matter expert and leadership meeting to discuss efforts underway to support the return of public access and land management to Openlands Lakeshore Preserve. The team is committed to addressing concerns to return the preserve to its intended purpose as a nature preserve for the public's enjoyment and ask all to respect the closure while work is completed.

HIGHLAND PARK-HIGHWOOD LEAGUE

MEMBERSHIP UPDATE

Membership:

I'd like to thank you all, especially the Leadership team (who were kind enough to help call "slower-acting" members) for getting your membership dues in by January 31st. Once again, this year we have made the necessary 100 members to send three delegates to the LWV convention and thus represent our League. As of January 31st, we are 105 members strong and will, if past experience is anything to go by, have many more late-comers signing up in the next few months. Six of these members are new to our organization this year.

With all that is going on in our country and the rest of the world, it is more important than ever for the League of Women Voters to have a strong representation because the League is working on important issues like Voters Rights, Gerrymandering, the Environment, Equity and many more issues that are so important to our country. LWV has a proven history for our lobbying and litigation to help with these causes.

We understand how busy you all are, but we need your help to increase our membership in respect to age as well as diversity. We want to make our League everything it can be. Covid has definitely affected everything we do but Zoom has made our programs even more accessible. Please share announcements of our programs with friends and family. Once others see how we are trying to educate the public and improve our world,, maybe they will take the opportunity to join our wonderful organization. I know the impetus that made me join was that I kept attending our Candidate Forums and decided I wanted to be part of the group that made them possible.

We need more input from our members. I think our programs are terrific but what do you think? If you have suggestions, please share them. We are only as good as the sum of our parts. Help us make our Highland Park-Highwood League even better.

Welcome Audrey Cohen as our Newest Member.

Marlene Senescu, Membership Chair

HIGHLAND PARK-HIGHWOOD LEAGUE

Sad News about the passing of Barbara O'Connell, a long-time LWV HP-HWD Member

Barbara volunteered in many areas with our League, especially Voter Outreach: on many Candidate Forums and Voter Registration events. According to our League Roster, Barbara joined LWV in 1972. Her obituary with visitation information can be found [here](#).

Elaine Adler shared: In addition to being the mother of eight, the grandmother of twenty and the great-grandmother of eleven, Barbara managed to devote numerous hours to our League.

We will miss her, especially when we plan future Candidate Forums.

As a very active member, Barbara will be remembered for her generosity, her sense of humor and her love of League and the diversity of our city.

HIGHLAND PARK-HIGHWOOD LEAGUE

COMMUNICATIONS TEAM UPDATE:

- Now that cold weather is here, or until protocols change, the Leadership Team Meetings, book club and programs will continue to meet over our League's Zoom account. Our very successful Feb 6th meeting "Marijuana 2022" recording is now on our [YouTube](#) channel.—please note: the topic may request some validation on YouTube.
- Our Website functionality for Join and Donate have been updated, with a few bugs found and hopefully corrected. If you have ideas for new topics to be included in the website, please contact me.
- Any Twitter fans out there? We need someone to help us get twitter-friendly. Contact me if you are interested.
- *Make sure you check our Facebook Page, "Like" us and invite your friends to like us as well!*
- *If you would like to help with our [website](#), [Facebook](#) or [Instagram](#) contact me:*

VOTER REGISTRATION NEWS

We have 19 Deputy Voter Registrars, authorized by Lake County Director, Voter Registration Services. Our newest member, Audrey Cohen, attended training and is now authorized.

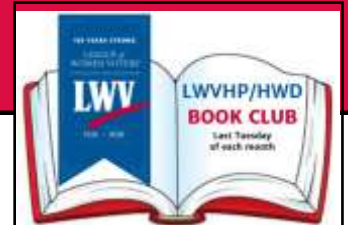

Please contact [Nancy Goldberg](#) if you are interested in being sponsored by our League. There is one upcoming training classes being offered: Wednesday, 3/16/2022 3:00 PM, Lake County Court Tower—Sheriff's Training Room; 301 Washington St. FL 1, Waukegan

The January Voter Registration Event at the Highland Park High School was postponed due to the Omicron surge. As the Illinois 2022 primary voting date is at the end of June, we hope to plan a registration event at the HS before June 1st. We are coordinating with Lesa Friedrich at HPHS about pandemic safety precautions to enable a distant but in-person registration event.

Nancy Goldberg, Acting Voter Registration Chair

LWVHP/HWD BOOK CLUB

Our Book Club continues meeting over Zoom the last Tuesday afternoon of each month.

Our readings remain diverse: from a spy like memoir, to fiction with environmental themes, to timeless short stories about racial injustice, to a hilarious robbery/hostage story. Our September book was Tammy Duckworth's Memoir, "Every Day Is a Gift" which was greatly enjoyed by the group. Since October we have reviewed "Hamnet" by Maggie O'Farrel, "You Know When the Men Are Gone" by Siobhan Fallon and "The Lemon Tree" by Sandy Tolan, which the group felt was a very informative read about Israel-Palestine. Our February selection is "The Daughters of Yalta" by Catherine Grace Katz. The group is still meeting virtually and the review meetings are open to the public.

"So many other people, places and subjects we have visited, talked about and critiqued ... it is a continuing adventure; a time for more stimulation. The book group is a time exercising what's left of our minds—and we welcome everyone who is interested to join us on the last Tuesday of every month. Zoom invitations will be emailed to the book club list. If someone is interested in joining us have them email [Nancy Goldberg](#) to be added to the book club notification list." - *Barbara Kronish*

LWV STATE AND NATIONAL ISSUES

All levels of the League continue to fight attacks on voter empowerment. LWV-US has responded to the limiting of voter registration forms and restrictions on mail-in ballots in Texas, the gerrymandering of districts in Maryland, the new law in Florida reducing the number ballot drop boxes, increasing requirements for mail-in voting and voter registration drives. You can read about some of these actions and statements at lwv.org/newsroom.

As was reported in the January LWVIL News You Can Use, advocates from the League acted in support of many laws that were successfully passed by the Illinois General Assembly this year. These included the Climate and Equitable Jobs Act, HB1871 (funded and provided for curb-side voting and secure mail-in ballot collection boxes), the Community and Emergency Services and Supports Act and the Youth Health and Safety Act (which repealed the Parental Notification of Abortion Act).

Governor Pritzker delivered his State/Budget FY23 address a few weeks ago and the LWVIL Fiscal Policy committee is asking Leaguers for our thoughts as to whether the budget meets our position: It must contain adequate revenue, fairly raised, and it must avoid cuts to vital programs and services. LWVIL additionally looks for a diversified revenue system which principally relies on a combination of broad-based taxes and user fees, is equitable, progressive, stable, responsive and simple. The state Fiscal Policy and Criminal Justice committees share information and are open to any interested Leaguers.

UPCOMING EVENTS:

Thursday, March 3, 7 PM on Zoom – Housing Access in Illinois, sponsored by Promote Equity IL (coalition of organizations including LWVIL). Free, [Registration](#) required.

LWVIL ISSUES BRIEFING

Every year, League of Women Voters of Illinois sponsors a series of workshops that look at current issues as well as legislation being considered in the Illinois General Assembly. Learn from legislators and nonpartisan experts - be informed and prepared so you can be a prepared advocate for change in your community and state. There are 12 briefings over the week of March 5 to 11, all on Zoom. The cost is \$25 with scholarships available. Register at: <https://www.lwvil.org/issuesbriefing22>

The following are scheduled:

Sat., March 5, 9 AM – **How to Make Your Voice Heard**

Sat., March 5, 10:30 AM – **How to Combat Election Mis-Information**

Sat., March 5, 12 PM – **Making Plans to Anticipate and Minimize Disruptions at Public Events**

Mon., March 7, 12 PM - **Illinois Voter Guide: The Equitable Voter Guide**

Mon., March 7, 5:30 PM – **Culturally Relevant Instruction: The Freedom to Learn and Teach about Diversity in America**

Tues., March 8, 12 PM – **How Can People with Arrest or Criminal Records Ever Become Fully Free?**

Tues., March 8, 5:30 PM – **Regulating Storage of Spent Nuclear Fuel**

Wed., March 9, 12 PM – **Ranked Choice Voting: Prospects and Barriers for Implementation in Illinois**

Wed., March 9, 5:30 PM – **Dialing 988 for Crisis Help – Challenges and Opportunities**

Thurs., March 10, 12 PM – **Immigration Issues at the Federal and State Level**

Thurs., March 10, 5:30 PM – **January 6 and the Electoral College: Why Abolishment is Critical to Preserving our Democracy**

Fri., March 11, 12 PM – **Confronting Gun Violence in Illinois : What You Need to Know**

HIGHLAND PARK-HIGHWOOD LEAGUE

“THE 100TH ANNIVERSARY CELEBRATION OF LWV LIVES ON IN SO MANY WAYS”

Mary Gramins, LWV Deerfield Area.

Thanks to Mary for creating and sharing this beautiful summary.

Votes for Women Trail Markers honoring Women Suffragists in the Chicago Area

As part of the Centennial Celebration of the 19th Amendment, a **Votes for Women Trail** was established honoring suffragists across the United States. A national Votes for Women Trail Marker honoring **Grace Wilbur Trout** was dedicated this summer in front of her home in Oak Park. Mrs. Trout was president of the Illinois Equal Suffrage Association (IESA) from 1912 to 1920, and spearheaded the campaign for woman suffrage in the state. A marker honoring **Ida B. Wells**, the famous journalist and leading African American suffragist was dedicated next to the Alpha Suffrage House where she conducted meetings. Recently, a marker honoring **Catharine Waugh McCulloch**, a suffragist, women's rights activist, and attorney was dedicated in Evanston. Negotiations with the City of Chicago continue in an effort to erect a marker in front of or near the **Congress Hotel on Michigan Avenue** where the League of Women Voters was founded by the suffragists on February 14, 1920. Altogether there are 250 women's suffrage sites across the country being recognized with a Trail Marker. <https://ncwhs.org/votes-for-women-trail/about-the-trail/>

American Women's Quarters Program

The **American Women quarters** program designates a series of [quarters](#) featuring notable women in U.S. history, commemorating the centennial of the Nineteenth Amendment. The US Mint will issue five designs each year from 2022 to 2025 for up to 20 total designs. A woman will be honored on the reverse side of each coin, based on her "contributions to the United States in a wide spectrum of accomplishments and fields, including but not limited to suffrage, civil rights, abolition, government, humanities, science, space, and arts.

Laura Gardin Fraser's portrait of George Washington, which she submitted in 1931, was selected as the new design on the obverse side of these quarters.

HIGHLAND PARK-HIGHWOOD LEAGUE

American Women's Quarters Program (cont.)

The first honorees in 2022 will be author/poet [Maya Angelou](#) and astronaut [Sally Ride](#). Angelou is the first Black woman and Ride is the first [LGBT](#) person to appear on circulating US currency. The three other 2022 honorees are [Wilma Mankiller](#), the first woman to be the Chief of the Cherokee Nation; Suffragist and school superintendent, [Adelina Otero-Warren](#), the first Hispanic American to appear on US currency; and [the film star, Anna May Wong](#), the first Asian American. <https://www.npr.org/2021/10/07/1044023494/maya-angelou-sally-ride-anna-may-wong-historical-women-quarters-us-mint>.

Women's L Project

This is phenomenal! A Chicagoan named Janet Volk, a docent for the Chicago Architecture Center, spent her time during the pandemic working on this **Women's L Project**, which swaps the traditional station names for those of women. Here's the web site to learn more and find out which women are now the names posted on the stops: <https://www.womenslproject.com/>
Mary spent some time exploring a few of the L lines like the Brown, Purple and Red Lines. The women chosen and the locations for the stops coincide with the sites of their accomplishments.

Mattel honors a Chicago suffragist with a Signature Inspiring Women Ida B. Wells Collector Doll

This "series pays tribute to incredible heroines of their time; courageous women who took risks, changed rules and paved the way for generations of girls to dream bigger than ever before. Despite being born into slavery in 1862, Ida B. Wells became a pioneering journalist and outspoken activist for civil rights and women's suffrage. She co-owned and edited a Memphis newspaper where she courageously wrote about inequality affecting African-Americans. In addition, Wells (later known as Wells-Barnett) co-founded the National Association of Colored Women's Clubs and the National Association for the Advancement of Colored People (NAACP). Sculpted to her likeness and wearing a traditional blue dress with lace details, this collectible Barbie doll honors Ida B. Wells' courageous activism and remarkable accomplishments." Source Mattel <https://www.npr.org/2022/01/11/1071885031/ida-b-wells-barbie-doll>

Submitted with permission from our Deerfield Area League friends.

GREEN NOTES

Clothes Drying and Micro-Plastic Fibers ...

Some surprising new and old facts about your clothes dryer may encourage you to turn it off.....sometimes.

A new study has confirmed that dryers are a main source of microfiber pollution as they release thousands of micro-plastic fibers into the air after every use. That is to the tune of 120 million micro-plastic fibers annually from one dryer. These micro-plastic fibers contribute to our weekly ingestion of plastics which is now reported as enough to make a plastic credit card every week.

Clothes dryers are probably the most energy intense appliances most homes own. Air drying clothes has the potential to reduce the average household's carbon footprint by 2,400 pounds per year. <https://ethicalunicorn.com>. Using dryers more conservatively will also add to the longevity of your clothes while saving money in energy use.

Besides these savings, drying clothes in the sun provides a natural antibacterial protection, and some natural bleaching for those whites. Drying clothes indoors is a boon to your humidity during winter months. According to OVO, a UK green energy supplier, if every household in the UK with a tumble dryer, dried their clothes outside during the summer, they would collectively save more than \$242 million (converted from pounds) per year.

No doubts, less use of the clothes dryer is a good thing, so consider reducing your load.
